

Bronchitis

"I have kept Ayer's Cherry Pectoral in my house for a great many years. It is the best medicine in the world for coughs and colds."
J. C. Williams, Attica, N. Y.

All serious lung troubles begin with a tickling in the throat. You can stop this at first in a single night with Ayer's Cherry Pectoral. Use it also for bronchitis, consumption, hard colds, and for coughs of all kinds.

Three sizes: 25c., 50c., \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

SORGHUM TIME

I'm mighty glad when sorghum time is gittin' round again 'Cause Uncle Silas allus sends a big jug of it neen, An' maw she puts th' jug away behime th' cellar stairs 'Cause 'at's th' cooles' spot they is in our house anywhere, An' nen she gits a pitcher full for all us folks to use, An' when we're eatin' 'breakfas', paw he makes us curlycuea.

My paw can take th' pitcher up an' let th' sorghum run Out of it in a teeny stream—an' I tell you it's fun When he jest makes it whirl around mos' ever'whichway An' writes my name wite on my plate—he makes th' bigges' J An' nen he whops th' sorghum round fer O, an' H, an' N— An' nen I'm purty tickled 'cause it's sorghum time again.

Maw ain't th' same as paw—she ses molasses ain't as good As pencils is to w'ite things 'ith, 'at sorghum's made fer food. But paw he lafs an' sez he 'lows as how it wouldn't do For wimmen folks to w'ite 'ithout no handle fer to chew. Nen maw she says she pities men 'at never sees no jokes 'ithout it's somepin' 'at's made up about th' wimmen folks.

O' course they're only funnin'. Nen my maw sometimes she takes Th' pitcher in her hand an' makes me elephants an' snakes As turkles, too—an' nen I wait until they run and spread An' nen I tell 'em all goodby an' dip in 'ith my bread. I like it bes' when paw whops-out that J, O, H an' N, But I'm as glad as anything it's sorghum time again.

SECRETARY WILSON THE BILL NYE OF THE CABINET

Secretary of Agriculture James Wilson has a fund of dry humor and is generally regarded as one of the most lovable men in the cabinet of President Roosevelt. Secretary of the Treasury Shaw has been called the David Harum of the cabinet, and if the application is a fitting one, Secretary Wilson might be called the Bill Nye of the executive circle.

Shortly after he assumed charge of his important department Mr. Wilson made some changes in his office. Senators and Congressmen came to protest, but all to no avail, because the Secretary felt that what he was doing was in the interest of the public service.

vice. Finally one of the employees whose transfer had been ordered called upon the Secretary. He said:

"Mr. Shaw, I am afraid that if you dispense with any more of our men it will impair the efficiency of this department. I considered it my duty to say this to you and to get your views."

For answer the Secretary looked up at the ceiling and said:

"There was once a farmer in Iowa who had three fat cats. His barn was overrun with mice. One day he gave the three fat cats away and got one new cat—not so fat. He was never troubled with mice after that."

Dentists Use Much Gold. If there is a scarcity of gold during the twenty-first and twenty-second centuries, dentists, according to a German statistician, will probably be more to blame than any one else.

He asserts that they use every year in filling teeth and other work, about eight hundred kilogrammes of gold, the value of which is \$500,000, and that at this rate the graveyards of the various countries will contain in three hundred years from now \$150,000,000 worth of gold.

PE-RU-NA PROTECTS THE LITTLE ONES

Against Winter Catarrh in Its Many Phases.

Neglected Colds in Children Often Bring Disastrous Results.

Peruna should be kept in the house all the time. Peruna should be kept in every house where there are children. Don't wait until the child is sick then send to a drug store. Have Peruna on hand—accept no substitute.

Pe-ru-na Protects the Entire Household Against Catarrhal Diseases.

As soon as the value of Peruna is fully appreciated by every household, both as a preventive and cure of catarrhal affections, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of disease prevented. Peruna is a household safeguard.

ALICE SCHAFER.

Mrs. Schafer, 436 Bope Ave., St. Louis, Mo., writes: "In the early part of last year I wrote to you for advice for my daughter Alice, four years of age. She had been a puny, sickly, ailing child since her birth. She had convulsions and catarrhal fever. I was always doctoring until we commenced to use Peruna. She grew strong and well. Peruna is a wonderful tonic; the best medicine I have ever used. "I was in a very wretched condition when I commenced to take Peruna. I had catarrh all through my whole body, but thank God, your medicine set me all right. I would not have any other medicine. "Peruna cured my baby boy of a very bad spell of cold and fever. He is a big healthy boy fifteen months old. I have given him Peruna off and on since he was born. I think that is why he is so well. I cannot praise Peruna enough. We have not had a doctor since we began to use Peruna—all praise to it.—Mrs. Schafer.

Be Sure to Have Pe-ru-na on Hand During the Inclement Months of Fall and Winter.

Croup, capillary bronchitis, and articular rheumatism are the special banes of childhood. These all alike result from catching cold.

One child catches cold and scares its mother into hysterics by having croup in the dead of night.

Another child catches cold, develops a stubborn cough that will not yield to ordinary remedies. The parents are filled with forebodings.

Still another child catches cold and develops that most fatal malady of children, capillary bronchitis. The doctor is called, pronounces the case pneumonia, and if the child is lucky enough to live it has developed weak lungs from which it may never recover.

And yet another child catches cold and articular rheumatism is the result.

Ankles, knees, wrists and elbows become suddenly swollen and painful. A long disastrous illness follows. The child may live and become convalescent, a miserable invalid of valvular disease of the heart. All these mishaps are the direct result of neglected cold. Peruna is the safeguard of the family. If a child catches cold, Peruna should be used immediately.

A few doses of Peruna and a child's cold is gone. The apprehension of the parents flee away. The household is free from fear once more.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its phases, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address **F. J. CHENEY & CO., Toledo, O.** Sold by druggists, etc. Hall's Family Pills are the best.

THERE IS NO SLICKER LIKE TOWER'S FISH BRAND

Forty years ago and after many years of use on the eastern coast, Tower's Waterproof Oiled Coats were introduced in the West and were called Slickers by the pioneers and cowboys. This graphic name has come into such general use that it is frequently though wrongfully applied to many substitutes. You want the genuine. Look for the Sign of the Fish, and the name Tower on the buttons.
