PAINT-UP

BE A GOOD NEIGHBOR

Well-painted houses and well-kept homes make a more desirable neighborhood in which to live. Good paint is an economy as well as a sign of thrift. It stops depreciation and increases the value of your whole property. The Masury Paints, which we handle, have stood the test of time and wear.

CLEAN UP WEEK PROCLAMATION

Health and attractiveness of communities demand that following the close of the winter season and before the beginning of summer's heat there should be a general cleaning up of animal and vegetable matter and other debris which cannot be prevented from accumulating by any measure of precaution that can be enforced, in order that unclean, unhealthy and unsightly conditions may not prevail, generating and spreading disease and breeding pestilential insects.

It is deemed advisable and most conducive to a general renovation whereby no one may have excuse for delay or negligence to the detriment and danger to the health of himself and family, or to his neighbors, to set apart a week wherein all good citizens are called upon not alone to see that their own premises are set in order, but that a wholesome and effective community spirit may be created.

We should consider it our duty at all times to interest ourselves in the welfare of the patriots who risk their lives and endanger or impair their health for our national safety and security during the World War. It is, therefore, suggested to all communities as well as individuals that where help has to be employed in the necessary work incident to cleaning up of premises, our ex-service men be given the preference as far as possible.

THEREFORE, I, D. W. Davis, Governor of the state of Idaho, do designate and set apart the week beginning April 9th and ending April 15th, as "CLEAN UP WEEK" for the State of Idaho, and do call upon all citizens and all communities to give every possible effort toward making effective the spirit and purpose of this proclamation by devoting their time, attention and energies to a cleansing and renovation of premises belonging to and adjacent to their places of abode.

IN TESTIMONY WHEREOF, I have hereunto set my hand and have caused the great seal of the State of Idaho to be affixed this 24th day of March, 1922.

D. W. DAVIS
Governor.

Spring Clean Up outside and in your home, is a good thing for any community. Woman, with her annual spring house cleaning, after shut-in winter, was the pioneer to Spring Clean Up Weeks. House cleaning today means new wall paper, new Rugs, new Linoleums and during this Clean Up week for Blackfoot we are going to show some especially attractive patterns in

Wall Paper, Rugs and Linoleum

at prices you'll say are right. Let's do the whole job the same week. New goods and new prices
