SUMMER
is best time to cure Catarrh, Bronchitis and Consumption. Our remedy is guaranteed, S. P. O. Box 574.
W. H. SMITH & CO., Buffalo, N. Y.

New York—Bradstreet's report for last week says:

Crop and trade advices alike continued favorable. The seat of greatest strength was in the iron and steel trade, while textiles evince the most irregularity. Despite the unquestionably quieter tone of export trade in manufactures it was to be noted that Americans are still reaping some advantage in superiority in some lines of iron and steel. Retail trade has been helped by better weather in most sections, and while spring jobbing is smaller at several markets, improved retail trade conditions are expected to help re-order business.

The low price of cotton is still a deterrent to trade at the south, and talk of restriction of the anticipated increase in acreage is heard. Planting is, however, being actively pushed and retail trade, for this reason, is still quiet. Northwestern trade advices are quite cheerful and large numbers of buyers are in the towns. On the Pacific coast, Alaskan trade is active and general trade from near by points is good. At the east trade is better at retail, while wholesale lines are quiet. Wool is quiet, and some weakness in washed wool is noted.

Iron and steel were aggressively strong. Despite the fact that pig iron production is close to the maximum of last year, stocks are still decreasing. Good sales of iron and billets are noted at Pittsburg at last week's prices. Finished products are active and most mills are sold ahead beyond July. One order for a large quantity of rails, said to be for South America; an order for rails from Glasgow is also noted; a 4300 ton order for structural material for a dock in Japan has gone to Pittsburg. New bridge and "sky scraper" construction will take a large quantity of material. Plates are higher and an advance in bars is noted from St. Louis. Copper has sympathized with the stock market and is reported higher abroad.

Wheat.

Portland, Ore.—Quotations are nominally unchanged, with 57@57½c the usual quotation for Walla Walla.

Tacoma.—Quiet and unchanged; bluestem, 59c; club, 56½c.

Aguinaldo's Manifesto.

New York, April 15.—A special to the Herald from Washington says:

Aguinaldo's delay in issuing the manifesto advising a general surrender of insurgents and delivery of arms and their acceptance of American sovereignty is causing comment. Officials of the war department assert their faith in General MacArthur's ability to induce Aguinaldo to issue the desired address. Aguinaldo has demanded certain conditions as a preliminary to this action, and a discussion has occurred on the points which he has named.

Before the address is issued it is expected it will be cabled in full to the secretary of war for submission to the president, and will be amended by the authorities here if amendment is desired.

Naval Station for Puget Sound.

Washington, April 15.—Bids were opened at the bureau of yards and docks, navy department, for the construction of an equipment building at the Puget sound naval station. The lowest bid was that of R. A. Griefen of Chicago at \$139,400. The contract has not yet been awarded.

General Butterfield Ill.

New York, April 15.—General Daniel Butterfield one of the most distinguished surviving officers of the civil war, is lying dangerously ill at his home in this city. He is suffering from a recurrence of the illness which prostrated him in the summer of 1899.

Prisoners Released.

San Francisco, April 15.—An order has been issued by President McKinley directing that the prisoners at Alcatraz belonging to volunteer regiments sentenced for minor offenses be released.

At Choerbrunn, the Austrian emperor's palace, is the finest collection of orchids in the world, numbering 18,000 plants.

CATARRH THIRTY YEARS.

A Remarkable Experience of a Prominent Statesman.

CONGRESSMAN MEEKISON GIVES PE-RU-NA A HIGH ENDORSEMENT.

CONGRESSMAN MEEKISON, OF OHIO.

Hon. David MEEKISON is well known, not only in his own state, but throughout America. He began his political career by serving four consecutive terms as mayor of the town in which he lives, during which time he became widely known as the founder of the MEEKISON Bank, of Napoleon, Ohio. He was elected to the fifty-fifth congress by a very large majority, and is the acknowledged leader of his party in his section of the state.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Pe-ru-na came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Pe-ru-na and feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be able to fully eradicate the disease of thirty years' standing. Yours truly,

"DAVID MEEKISON."

Many people can tolerate slight catarrhal affections. A little hoarseness, a slight cough, a cold in the head, or a trifling derangement of the digestive organs do not much disturb the average person in his business. But this is not true of the public speaker or stage artist. His voice must always be clear, lungs perfect, digestion undisturbed.

Hence the popularity of Pe-ru-na among the leading actors and actresses of this country. They have come to regard Pe-ru-na as indispensable to their success.

Miss Carrie Thomas

Their profession is so exacting that it requires perfect health in every particular. They regard Pe-ru-na as their friend and safeguard. Many letters are received from this class of people. Miss Carrie Thomas, in speaking of Pe-ru-na, says: "I have used Pe-ru-na with splendid results. Would not be without it. No money would hire me to have a settled cold or chronic cough, or hoarseness. Catarrh is the most dreadful thing that could happen to one of my profession. Pe-ru-na is my shield and protector against this most undesirable disease." Carrie Thomas.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
