## ITALY MOBILIZING TROOPS ON THE FRONTIER

### Italian Fleet Begins Bombardment of Prevesa—Duke D'Abruzzi Strikes the First Blow.

VIENNA, Sept. 30.—Italy is mobilizing troops along the Austrian frontier. This move upon the part of Italy is not understood here. It is believed to be incredible that Italy would attempt to retake the provinces which Austria took from her. Much excitement prevails among the militarists.

#### Fighting Along Turkish-Greece Frontier.

BELGRADE, Servia, Sept. 30.—Fighting is progressing along the Turkish-Greece frontier in Thessaly, which the Turks have invaded with the probable intention of frightening the powers into intervening to put a stop to the trouble. Turkey is invading Greece on the pretense that she fears the Greeks are planning to seize the island of Crete. It is believed that Turkey has planned this step in order to prevent the loss of any of her own territory by causing the powers to line up in opposition to each other for fear that the other might get the biggest grab.

#### Italians Bombarde Prevesa.

CONSTANTINOPLE, Sept. 30.—The Italian fleet began the bombardment of Prevesa. Martial law has been declared here anticipatory to any uprising of the young Turks' party. The Turkish fleet arrived here today from Beirut. Most of the vessels of this fleet will be held at Gold Horn, while the smaller crafts will raid the Italian coast.

A national boycott on Italian goods has been started.

In the bombardment at Prevesa, the government building and some private buildings were destroyed.

Another destroyer, the third to be lost, is reported sunk by the Italians.

A few shots were exchanged at Tripoli when the Italians resume the landing of troops.

#### Duke D'Abruzzi Strikes First Blow.

ROME, Sept. 30.—Duke D'Abruzzi was the first to strike a blow in the war with Turkey. He has succeeded in blockading the Turkish port Prevesa, and he engaged two Turkish torpedo boats and compelled them to beach.

#### Bombardment Covers Landing of Troops.

VIENNA, Sept. 30.—The Italian fleet gave Tripoli a slight bombardment with small guns today, inflicting but little damage. The bombardment was used to cover the landing of troops.

#### Naval Engagement Expected.

LONDON, Sept. 30.—A naval engagement is momentarily expected to take place between the Italian and Turkish fleets near the Dardanelles. The Italian fleet has been sent to intercept the Turkish fleet, which is now at Constantinople.

#### Turkey to Resist Italians.

CONSTANTINOPLE, Sept. 30.—That Turkey will resist the encroachments of Italy to the utmost and drive the Italians from the Ottoman empire is the intention of the young Turk party, which today issued a proclamation saying that they will employ every means known to whip the enemy.

#### Internal Dissensions in Italy.

MONDANC, France, Sept. 30.—That

Italy may have to fight against internal dissensions as well as war with Turkey is indicated by advices received here. Messages say that anti-militarists are growing stronger, and that the reports that Italians were enthusiastic for the war were manufactured to hide the protests of the masses against any conflict.

### PINCHOT SPEAKS AT VALDEZ TONIGHT

SAN FRANCISCO, Sept. 30.—Reports from all parts of the Harriman lines in the west indicate that almost all of the shopmen walked out to fight for the recognition of the system federation and increased pay. The predictions made by railroad officials that the men would not strike have not been borne out. Chicago advices indicate that a total of 30,000 men will be out on the Harriman and Illinois Central lines.

Unionists expect that the strike will spread to every system in America.

There may be a surfeit of unemployed, but not of skilled laborers. The fight will be long and bitter, but we can stand it as long as the Harriman railroads can. The railroads are fighting the federation idea as preliminary to a general wage-reduction; but the federation principles are going to win."

OAKLAND, Cal., Sept. 30.—It is reported today from the shopmen's headquarters that the Oakland switchmen will go out tonight, and that similar action will be taken throughout

the state. The switchmen take the stand that they will not handle any trains cared for by non-union men. The report is unverified, however. Oakland is the largest western shopmen's point.

LATER—The switchmen of Oakland have already served the company an ultimatum saying that they refuse to handle non-union placed cars.

PORTLAND, Sept. 30.—The shopmen formally struck at 10 o'clock this morning. As the men here do not work Saturday, the number out cannot be ascertained until Monday. The railroads admit that 90 per cent of 1500 shopmen in this territory are out.

### PRESIDENT TAFT IN MISSOURI

SEDALIA, Mo., Sept. 30.—President William H. Taft was here today, after leaving Iowa. In speaking of his trip through Iowa, he said: "I am glad that I visited Iowa. Although I had no fear that my reception would not be cordial, some others who were not Iowans suggested that such might be the case. Perhaps the wish was father of the thought."

He said he was well pleased with the reception tendered him while in Iowa.

SEDALIA, Mo., Sept. 30.—After a forty-mile automobile ride today, President Taft addressed 7000 people at the pavilion in this city. He declared that reciprocity is a dead issue. He discussed his vetoes, and declared his intention of vetoing any more bills that did not meet his approval.

### NEW COMPENSATION LAW IN WASHINGTON

SEATTLE, Sept. 30.—The working-

men's compensation act goes into effect throughout Washington tomorrow. It abolishes the fellow servant rule, contributory negligence, and assumption of risk; and provides a sure and speedy relief for injured workmen and the families of those killed on duty.

The state has charge of the compensation fund, which is collected from employees on a percentage basis of the payroll. The bill provides a compensation of \$4,000 for death, and for injuries the sum of \$4,000 or less.

County Commissioner John L. Woody came up from his home in Kendrick yesterday.

### CAPT. HAINES, JR. PARDONED BY DIX

ALBANY, N. Y., Sept. 30.—Captain Peter Haines, Jr., was pardoned today by Governor Dix. Haines was sentenced to serve 14 years in Sing Sing for killing William Annis at Bayside Yacht club, in August, 1909. Haines will leave the United States for South America.

### CONNECTING THREE MOSCOW RAILROADS

Tracks connecting the Inland Empire system, the Oregon-Washington, Railroad & Navigation company and the Northern Pacific are being laid in the west end of the city. The Inland system and the O.-W. R. & N. lines are already connected up, and a portion of the track to the N. P. line is being laid.

There has been considerable talk relative to this move, some claiming that most of the grain tributary to Moscow will be sent by way of Lewiston and the river grade, to coast points.

Earl S. Barton of the Idaho National Harvester company, left this forenoon for Sprague, Wn., in the interests of the company. From Sprague, he will go to Spokane, to remain during fair week.
