## PLAY ELEVEN INNINGS=ATHLETICS WIN 3 TO 2

### Baker Repeats His Home Run of Yesterday Making It Possible To Win Today's Game.

**SCORE.**  
Philadelphia 0 0 0 0 0 0 0 1 0 2-3  
New York . 0 0 1 0 0 0 0 0 0 1-2  
Philadelphia—R. 3, H. 9, E. 2.  
New York—R. 2, H. 3, E. 6.

**BATTERIES.**  
New York—Mathewson and Meyers.  
Philadelphia—Coombs and Lapp.  
Lineups—Same as yesterday except for change in batteries.

**POLO GROUNDS, New York, Oct. 17.**—Eleven hard innings, ones that thrilled the big crowd of fans, and Philadelphia today won the third game in the series for the world's championship baseball honors, thus making two games for them and one for New York. The game ended in the eleventh inning, score 3 to 2. Baker, the Athletic's third baseman, the one who won yesterday's game by a home run, did the same stunt again today.

Almost invincible, Mathewson had held the Athletics down to nothing for eight innings. The run which the Giants had scored in the third inning made the game look almost certain for them again. But Baker came up to the bat in the ninth, and duplicated his stunt of yesterday in knocking a home run. This tied the score.

In the tenth, masterly pitching by both Coombs and Mathewson held the score down one to one. In the eleventh inning, Collins singled, Baker followed again with a single, and they were both able to cross the plate before the inning came to a close for the Athletics.

Herzog doubled for New York. Becker went to the bat for Mathewson, bringing Herzog home. Becker was then caught stealing, and the game was over.

Coombs pitched for the Athletics, allowing but three hits in the eleven innings. Philadelphia, on the other hand, secured nine hits off Mathewson. Philadelphia made but two errors, while New York was charged up with 6.

With honors even in the world's championship series, the players were eager for the gruelling game today. The day dawned cloudy and threatening. The diamond was kept covered with canvas and was thus kept thoroughly dry for the game. Despite the weather thousands of bleachers besieged the gates early this morning. A monstrous crowd was gathered in the park when the game started.

In the game today Umpire Brennan was behind the sack; Connolly was on the bases and Dineen and Klem were in the outfield.

### Players Get Fortune.

**NEW YORK, Oct. 17.**—The total attendance at the first game of the world's series Saturday was officially stated at 38,281; total money received, \$77,359. The National commission's share will be \$7,735. The players get \$41,773.86 and each club \$13,924.62. The players do not divide all the income from the first four games of a series. Their pool is made up in this way: From the gross receipts of each game 10 per cent is deducted for the national commission, which conducts the series. After that deduction the remaining 90 per cent is divided into two portions. Sixty per cent is put into the players' pool and the other 40 per cent into the coffers of the two club owners, who split their share half and half. After four games are played the

players get no money. Ten per cent goes to the commission and the rest is divided between the club managements. The players are paid their usual salary during the championship series.

### W. S. C. AND IDAHO FRIDAY

Great interest is being manifested throughout the Northwest in the big football game to be played in Moscow Friday between the University of Idaho and Washington State college. In many ways this is the biggest football contest played each year on the Pacific coast, and certainly the biggest of the Inland Empire games. Pullman has learned to have a wholesome respect for Idaho on the gridiron, having on various occasions been taken into camp after they had done considerable boasting about what they expected to do, and told how they fairly eat up the Idaho squad, coach and all thrown in. Occasionally they failed to take several things into con-

### STATE GETS \$100,000 LATAH COUNTY LANDS

"We are more than satisfied with the result of the land sales in Moscow," said State Land Commissioner Day this morning, after he had finished checking up the results of the day's sales. "Altogether we sold 9240 acres of land, and we received for it \$106,420.70. On the land purchased by the Potlatch Lumber company the bidding was such that we received \$13.75 per acre for it, and that was paid in cash. "The company, of course had until 1922 to log off those lands, and in this way the interest on our cash received will bring the price to about \$17 per acre. Much of the land is not worth \$2.50 per acre."

Besides the sale of 8500 acres to the Potlatch Lumber company there were the following other sales: O. H. Torgerson, Park, 40 acres; J. W. Davis, Kendrick, 40 acres; E. A. Brown, Pasco, 80 acres; Laura E. Erwin, Juliaetta, 40 acres; W. W. Potlatch, Juliaetta, 40 acres; W. A. Whit-tit, Juliaetta, 40 acres; Wm. E. Fildes, Troy, 40 acres; A. H. Over-smith, Troy, 40 acres; O. Broman and C. W. Thompson, Troy, 40 acres; E. E. Cooper and Frank Green, Troy, 80 acres; T. H. Christie, Troy, 40 acres; H. W. Packett, Troy, 40 acres; G. E. Wilson, Princeton, 40 acres; Okey Hall, Princeton, 40 acres; J. A. Simonds and H. C. Hickman, Farmington, 40 acres; M. A. Palmer, Farmington, 40 acres; J. L. and J. P. Hickman, Farmington, 40 acres.

le wiser. This year Idaho is not sideration, and returned home a lit-tle doing any talking. They know that W. S. C. has a fine team, has had good coaching, and is putting up good foot-ball. Idaho expects to win only by the hardest kind of playing. It will be a royal battle, worth coming miles to see. All of Moscow should turn out and back the home team.

**SAN FRANCISCO, Oct. 17.**—That one of the decisive battles of the Chinese revolution will be fought within the next few days at some point between Hankow and Peking, is believed here according to private cables received today by the Chinese Free Press. One of the dispatches said that the rebel force at Wu Chang is being augmented by 60,000 more, and that half of this number will be sent north immediately to meet the government troops, who are advancing on Wu Chang from Peking.

abandoned manoeuvre grounds of the Chinese. Captain James Reeves, a military attache of the United States legation in China, and William Peck, assistant Chinese secretary, left today for the front with the Imperial Chinese army.

They are the only foreigners to accompany the Imperial army to the front. A hundred American marines will sail from Manilla tomorrow to re-inforce the guard which has been placed about the American legation in this city.

La Follette will be the choice of the progressive republic-ans for the presidential nomination, according to a definite stand taken at the conference here today. The pro-gressives plan to carry the fight to the republican national convention. The declaration of principles be-

speak the lodgment of greater control in the government affairs by the people, but they do not advocate any specific reforms. No formal session of the convention was held today. Tonight there will be a mass meeting held. Ad-dresses will be made by Senators Clapp, Crawford, and Gifford Pin-chot.

### WAS THE DYNAMITE FOR TAFT'S SPECIAL?

**SANTA BARBARA, Cal., Oct. 17.**—But little credence is placed in the published report that 21 sticks of dynamite were found under the Captain bridge, 25 miles northwest of here, in a deliberate attempt to blow up the bridge over which President Taft's special train crosses. Despite the statements made by the Mexican watchman that he fired

at a mysterious man, local labor lead-ers contend that it is merely a plot to discredit the striking shopmen.

Several other like cases have been reported, and unionists say that the dynamite was purposely planted and discovered before any harm was done. Sheriff Stewart said that he did not believe that it was a plot to dynamite the President, but that it may have been a plot to dynamite the bridge.
