HOOSIER CREAMS WIN FROM A. B. C.

Local Teams Play Close Game at Springbrook Park Sunday Afternoon.

A fast, snappy game of baseball was played at Springbrook park Sunday afternoon, when the Hoosier Creams nine defeated the A. B. C. team by a score of 5 to 4.

Until the eighth inning the score was 4 to 4, when Urbanski hit a double to left center, with one man on, scoring the winning run. The Hoosier Creams challenge the Silver Edge nine to a game in the future. For games call Home phone 2428, after 9 p. m.

WILL GO FORWARD UNTIL GEN. FOCH CALLS HALT

WITH THE FRENCH ARMY IN FRANCE, July 22.—The enemy has begun his retreat northward, under his pressure from all sides, French, Americans and British all participating in the thrust, which pushed the Germans back. Where the retreat will end cannot be conjectured as everything now depends on the will of the allied commander-in-chief.

The German position in the vicinity of Chateau Thierry was doomed from the moment their divisions recrossed the Marne. Franco-American troops carried out an encircling movement from the northwest at the same time, which made it absolutely necessary for the enemy to withdraw. In the course of the night reconnaissances were effected by the French to test the strength of the Germans still in the city, and shortly after dawn, the allied reconnoitration became an accomplished fact.

FARM LABOR IN CANADA STUDIED.

With a view to become acquainted with the methods of handling farm labor in Canada, so that similar methods may be put into practice in this country if they prove applicable, two representatives of the United States department of agriculture recently visited the province of Ontario. They found that a recent registration had been made of all persons, male and female, over 15 years of age, to determine among other things their availability for other work engaged. From this list of registrants the names of all persons who are not now engaged in farming, but who have signified a willingness to do farm work if necessary, has been collected. It is estimated that 25 per cent of city registrants have volunteered for some form of agricultural service and will be placed on farms when needed. A large number of girls and young women have been placed on fruit and trucking farms along lake Ontario. Tents, beds, stoves, and dishes are provided free through arrangements with the Young Women's Christian association, or similar organizations, and the Ontario government.
