BOWLING TAKES STAGE CENTER

Ruple of Commercial League Leads Pin Knights With 243 Score.

BY JEHOSEPHAT SPARE.

Gradually the bowlers are coming into their own as the scores are constantly showing to better advantage individually and collectively. The most outstanding feature is in the main this food is being supplied by the new crop of pin knights which ought to prove a big season in the great pin game when the old guard that is left at home gets into action. Most of the veterans, who are not in active military service, are at present engaged in Liberty loan work and kindred war activities, and, when these are completed it will release a considerable number of artists, who should burn up the various establishments in the city.

There are several of the older leagues that have not as yet started their schedule seasons, among them being the Federal, Temple, All Club and Orpheum Trio leagues. The former two, who operate at the Elks' temple, may get into action within a fortnight, provided the present Liberty loan work will be completed in the interim. This will augment the efficiency and stability of the bowling institution considerably. The Orpheum Trio league will probably enter the field during the current week while the All Club's entry is as yet indefinite.

Post Many Double Centuries.

A splendid increase of double century performers is noted over the last couple of weeks' play, and the distribution of performers includes nearly every organization in the city. Of these, the Ruple of the Commercial league showed the way with 242. Lloyd Yockey of the Vehicle league came through with 224, while Mike Gorbitz of the Eagles breezed in third with 231. One of the performances which requires an explanation is the turning in of 422 by Shambienau of the Studebaker in the Vehicle league, which would accompany a statement as to how many frames were required to put it over.

The complete list of double century performers during the week are found in the appended table:

Four Men in Select Class.

It is pleasing to note that the select class is gradually increasing in membership. Four players made the grade last week, which doubles the mark of any previous performance this season. In these Mike Gorbitz of the Eagle league nosed Lloyd Yockey of the Vehicle league out by a single pin, the men posting 421 and 420, respectively. It is interesting to note that three of the scores were posted at the Studebaker drives, which appears to be exceptionally fast condition this season. Also that three of the players are comparatively new at the game. The players qualifying during the week are as follows:

Gorbitz, Eagles	421
Yockey, Vehicle	420
Koehler, Vehicle	417
Wertz, Vehicle	403

Commercial League Averages.

After three weeks of play the Commercial league has posted its first averages for the season, which are of a very respectable nature. BOYS ARE ASSURED OF WINTER FUR COATS

KLAMATH FALLS, Ore., Oct. 7.—Retha Oden and Scott Oden, 15 and 12 years old, living at Pine Flat, 15 miles southeast of this city, recently headed a 200-pound bear.

The young Nimrods came upon Bruin when he was up a tree. Between them they manipulated their father's 40.82 special rifle, and finished off the bear with one shot.

Now the Odens and their neighbors are enjoying bear steaks, and the two lads have each been promised a bear robe for Christmas.

JACKIES RECEIVE GOOD WAGES AND SPEND THEM

AN IRISH PORT, Oct. 7.—The American sailor's wages are equal to those of a sub-lieutenant in the British navy. He is loved in proportion, being a man of great wealth and liberality in any port of the United Kingdom.

Jackie travels first class in the railways, while his cousin travels third; Jackie spend with a fine disregard of everything but results, while the British sailor is a careful and thrifty bargainer.

USES FOUR WORDS TO GIVE REASONS FOR WAR

COVE, Ore., Oct. 7.—William Travers, 15 years old, after listening to a long address in high school on why the United States was in the world war, summed it up in four words on an examination paper afterward. In reply to the question: "Give a summary of the reasons that the United States is at war," Willie wrote: "To lick the Huns."

CLAMS FIRST SNOWFALL

IRON RIVER, Wis., Oct. 7.—This little city claims distinction for having the first snowfall of the season. The flurry was of 10 minutes' duration.

Redmen attention: All Redmen are requested to meet at the hall Monday at 1:30 sharp to attend the funeral of Brother Fred C. Pearson.

Germany Would Avoid Bloodshed Says Prince Max

AMSTERDAM, Oct. 7.—The text of the note forwarded by the imperial German chancellor, Prince Maximilian, to Pres't Wilson through the Swiss government, follows: "The German government requests the president of the United States to take in hand the restoration of peace, acquaint all the belligerent states of this request and invite them to send plenipotentiaries for the purpose of opening negotiations. It accepts the program set forth by the president of the United States in his message to congress on Jan. 8, and in his letter pronouncements, especially his speech of Sept. 27, as a basis for peace negotiations. "With a view to avoiding further bloodshed, the German government requests the immediate conclusion of an armistice on land and water and in the air."

It is announced that Turkey will take a similar step.

OVERALLS DO NOT MAKE MECHANIC, SAYS BRIDGEPORT PASTOR

BRIDGEPORT, Conn., Oct. 7.—"Putting a man in overalls doesn't make him a mechanic any more than putting a wheelbarrow in a garage makes it an automobile," declared Rev. Alexander Alison, Jr. in a sermon at the First Presbyterian church, opposing the proposal that clergymen leave their work to help in the munition shops. "The task of the church is to make the nation see its duty clearly. Many persons are running away from the things they are well prepared to do to 'take up work that has a larger look of patriotism. This is a kind of patriotic camouflage and those who do it are hindering, not helping, Uncle Sam."

BOY, 17, IS FLIGHT LIEUTENANT WITH U. S.

CLEVELAND, O., Oct. 7.—Friends of Samuel D. Sinclair, Cleveland boy, located at an officers' training camp at Leon Springs, Texas, believe he is the youngest commissioned officer in the American forces. Sinclair is a first lieutenant and is but 17 years old. He has won a medal for rifle practice, and is now an instructor in bayonet and rifle drill.

Sinclair was in a military school when war broke out and immediately tried for enlistment in the aviation corps. Later he was sent to an officers' training camp and when one month over 17 years old, received his commission. He is six feet three inches tall.

FIRST BRITISH LORD ARRIVES IN AMERICA

WASHINGTON, Oct. 7.—Sir Tric Geddes, first lord of the British admiralty, and the members of the admiralty board, arrived Sunday night at an Atlantic port and will come to Washington Monday to confer with government officials.

BRITISH CAPTURE TOWN OF FRESNOY NEAR DOUAI

LONDON, Oct. 7.—The British troops in Sunday's fighting captured the town of Fresnoy, west of Douai, and also gained additional ground in the vicinity of Aubencheul-aux-Bois, according to Field Marshal Haig's communication issued tonight. The text of the communication follows: "We improved our positions slightly in local engagements southeast and north of Aubencheul-aux-Bois. "North of the Scarpe (in the Arras sector), our troops gained possession of Fresnoy and established themselves in the eastern outskirts of the village."
