

BOWLING REVIEW OF PAST WEEK

Pin Artists Are Chafing Under Enforced Vacation Because of Disease Epidemic.

BY JEHOSEPHAT SPARE.
Continuing in force the closing order of all public gatherings by the health officer, which includes bowling alleys, has given the local bowling fraternity another week of enforced vacation. But the bowlers are the best of sports, who are ever ready to sacrifice if necessary, cooperate and support any public agency for the benefit of the community.

It is at this time of the season that is hardest for the bowler, especially the crop of veterans who are working this season, as the majority of those now supporting the game are the old boys, who are trying to maintain the bowling instinct for the shrill "8" pin rule substitution for the youngsters, who for the most part are operating in some branch of Uncle Sam's service to win the great war.

And you have got to give it to the veterans, many of whom have been absent from the sport for a good many years, and many of them are, or were trying to learn to bowl, until the present epidemic forced a temporary abandonment of the game. The couple of weeks of preliminary work already done served merely as an aggravation, as there are a lot of sore muscles among the clan that have been dormant, at least for the off-season, and this will all have to be repeated.

Bowling Requires Training.

Like all sports and games, which require practice and training, bowling needs perhaps more preliminary work than many others. While it does not require the violent physical strain and other hardships attendant upon baseball and football, in which a great deal of rudimentary drill and concerted attack and defense tactics are perfected these same requisites are essential in the bowling game.

Quite a few stellar performances take place in the bowling game during the early season stages, as in many other branches of sport. But the good old Mr. Consistency does not make his appearance until the umpiring of place of the season. It is for this reason that tournaments and big matches are staged during the latter part of the season rather than in the beginning, a branch of the service the officials of the sport have legislated for the benefit of the performer.

Because of war activities, including the Liberty loan drive, some of our bowling organizations deferred the opening of the present season. Because of existing conditions these bowlers are rather fortunate for it will mean only "training" sessions for those yet to come as against practically two campaigns for those who have already started. And the older the birds the harder is the grind of making the introductory remarks.

Elks Ready to Start.

With the Liberty loan drive practically over the fance the Elks are now anxiously awaiting local health conditions to assume the normal aspect and the health officer to lift the ban. The antlered herd has two leagues of six clubs each all set for the opening gun to be fired. Like every other bowling organization in the city there will be many new faces in the various teams, some of whom have never taken part in the great indoor game, while others

The Wonderful Calm When Baby Comes

Like the Blast of Heavenly Trumpet When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety. Appreciation is gained by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and straining pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give Mother's Friend a helping hand. Write the Bradford Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.

have only recently affiliated with the order.

Ever since the inception of bowling the local lodge of Elks has been looked up to as moral standard in practically everything pertaining to the game. Because of a physical impossibility to start early this season the sport lost a certain glamour that otherwise is obtained because of the delay. But it will be established that the "Keep the Home Fires Burning" spirit prevails as strong at the Elks' home as is found anywhere.

During the enforced vacation many alterations and repairs have been made on drives and a great season is predicted for play. The artistic achievement will depend entirely upon losses sustained to the new selective draft, as a good many of their crack bowlers come within this sphere. The teams and leagues formed for this season are as follows:

Federal League.
Bills—Bernhardt (captain), McCurdy, Kies, Beyers, Vergin.
Deers—Davies (captain), Drechsel, Bauer, Schneider, Yeagley.
Elks—Schelle (captain), Casmier, Holland, Hart, Richards, Lucas, McIntyre.
Fawns—L. H. Miller, W. C. Miller, Strayer, Keasling, Mountain, Jackson.

CONDITION OF DEPUTY PROSECUTOR SCHWARTZ IS MUCH IMPROVED

Samuel P. Schwartz, 629 W. Colfax av., deputy prosecuting attorney, and democratic candidate for prosecutor, who has been suffering from influenza, was reported to be improving Sunday night. Mr. Schwartz still had some temperature Sunday evening, but his lungs are but slightly affected by the disease and his chance for an early recovery were good, according to reports from the residence.

ATHLETICS SECURE PERRY FOR \$2,500 AND COURT CASE IS DROPPED

BOSTON, Oct. 21.—The Philadelphia American league baseball club obtained undisputed claim to Pitcher Scott Perry Saturday by paying \$2,500 to the Boston National league club settlement out of court of the Boston club's contention that Perry was the property of the Braves when the Athletics obtained an injunction against his playing for Boston. The amount paid in settlement was the same as the American league waiver price. The Philadelphia club had the use of Perry all last season.

KNIGHT WINS ANNUAL FALL GOLF TOURNEY

ATLANTIC CITY, N. J., Oct. 21.—F. W. Knight, Aronimink, won the annual fall golf tournament of the Country club of Atlantic City Saturday by defeating Cpl. George Hoffner, Woodbury, in the final round, two up and one to play. Knight defeated Alexander Coles, Shawnee, two and one, while Hoffner won from W. C. Baldwin, 6 and 3, in the semi-final round this morning.

FIELD MARSHAL FRENCH DEMANDS ENFORCEMENT OF DRAFT IN IRELAND

DUBLIN, Oct. 21.—Field Marshal French, lord lieutenant and governor general of Ireland, has gone to London to submit his views to the cabinet on the government's failure to enforce conscription in Ireland. It is understood that he will resign if a satisfactory agreement is not reached.

Americans Start Clearing Rappes Wood Huns

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 21.—Activity on the American sector west of the Meuse was limited Sunday on the American side to the consolidation and reorganization of positions recently taken. On their side the Germans occupied themselves in strengthening their positions.

The American consolidation work was confined almost entirely to Loges wood. On the right of the wood, after an artillery bombardment of two and one-half hours, the Americans began the task of driving the Germans from Rappes wood. Fighting continues in the vicinity of Grand Pre, where the Germans still offer bitter resistance.

All signs of a probable German withdrawal to the Freya position, except on the right, have ceased, and the enemy now seems determined to hold his present positions as long as possible. The German counter attacks are becoming more and more infrequent. It is learned that instructions have been issued to the Germans not to undertake counter attacks unless they are positively assured of success.

Artillery and aerial activity was below normal today because of the poor visibility due to rainy weather. By shoving ahead here and there the American line tonight rests across the Freya defense position at several places. The Americans on Sunday having made slight advances on the northern edge of the Bois de Bantheville and in the region of Bourrut, both of which points are touched by the Freya line. After an artillery preparation the Americans cleaned up the Bois Rappes, taking more than 80 prisoners. Most of the resistance encountered was from German machine gun nests. These were artillery outbursts at intervals during the afternoon.

NEARLY TWO MILLION FOR BELGIAN RELIEF BALANCE OF THIS YEAR

WASHINGTON, Oct. 21.—For relief work in Belgium during the 10 months ending last June 30, the American Red Cross appropriated \$1,413,474 and it has set aside \$1,947,325 for the remainder of the present year. This announcement was made in another section of the Red Cross report of the use being made of the war fund, made public tonight by the war council.

HEALTH CONDITIONS AT CUSTER IMPROVE

BATTLE CREEK, Oct. 21.—Health conditions at Camp Custer continue to show improvement. For the 24 hours ending at 7 o'clock this morning, there were 16 deaths and only 49 admissions to the base hospital while 233 men were returned to duty.

There are now 1,581 men in the hospital, 1,406 of them pneumonia patients.

A BEAUTIFUL HOME FOR SALE.

Owing to my moving from South Bend I am offering my residence at 128 E. South st. for sale at a real bargain. It is without question one of the best finished and beautifully decorated homes in the city. The main rooms are finished in solid mahogany woodwork, doors and beamed ceilings. The walls were canvassed and decorated by artists from Mandel Bros. of Chicago. The dining room is finished in white enamel (eight rubber coats) with solid mahogany doors, canvassed walls in blue, with free-hand paintings in the panels of the frieze, and a beautiful chandelier of butler's silver. The bath room is of white tile with built-in bath tub and high tile wainscoting, canvassed above and free-hand painted in morning glory design. The lighting fixtures for the house were designed by a New York factory. The floors are of solid oak including even the closets. Electrical experts say that the wiring is the most modern, complete, and conveniently arranged of any house in the state. The kitchen is a small, compact, step-saving, "steamboat" kitchen and will appeal to the heart of any housewife. The house is close to town, close to the Studebaker offices and in a splendid residence district. Today it could not be built for 32 per cent more than I am asking for it. Garage is included. If interested write me at Charlotte, N. C., and I will send you price and full particulars. Dr. H. A. Thomson.
