SAILOR BOYS ARE NOT FORGOTTEN

Mishawaka Sends Splendid Contribution to Sailors on "Indiana."

Mishawaka has again done its bit by having responded in a splendid manner to the Christmas gift campaign for members of the crew of the battleship "Indiana." The contributions received have been sent to the Council of Defense headquarters at South Bend from which center proper shipment will be made.

Twenty-four comfort bags were made and donated by the Tri-Kappa society girls and the members of the Dorcas society of the Methodist church, each bag being well supplied with toilet articles purchased by subscriptions obtained by

six senior high school girls, and donations by the Dorcas society. The Rainbow girls, under the supervision of Miss Dorothy Noyes, deserve credit for their successful efforts in providing candies and cigars, while the boys and girls of Hingham showed their appreciation by donating a box of new lead pencils. In addition to the above a number of individual gifts were handed in.

The campaign was in the hands of the women of Indiana, Mrs. G. B. Williams being local chairman.

TITUS MADE MEMBER OF COUNTY DEFENSE

Rev. G. W. Titus, president of the South Bend-Mishawaka Ministerial association, has received notice that he was unanimously appointed a member of the County Council of Defense. This honor comes to Mr. Titus as a complete surprise and is due, no doubt, to the active part he has taken in the many war enterprises since his return from France.

Peter Lanyo is Mishawaka's third soldier victim of Spanish influenza. He died at the home of Charles Palmer, 211 E. Grove st., Tuesday morning at eight o'clock after only four days' illness.

Pvt. Lanyo came to Mishawaka four years ago from Chicago. In 1915 he enlisted in the army and has been stationed at a Texas camp. Ten days ago he was honorably discharged on account of his eyes. He came to Mishawaka and was only here a few days when he was stricken with influenza.

Pvt. Lanyo was born in Hungary, Austria and was 29 years old. Funeral arrangements have not been completed but will be announced later.

Mishawaka's other soldiers to die from this disease are Pvt. William Shelton, whose death occurred at Camp Taylor and Sgt. Frank T. Coffeen who died at sea.

Taghon says: "The Americans are not afraid of the Hun and it won't be long until we get the Kaiser." He tells of much active service which he has been in, and says that Sgt. Hartwick of Mishawaka had been in a hospital for some time, having been wounded, but that he is much improved and will soon be able to leave that institution. He closes by sending his regards to all of his Mishawaka friends.

Disposing of Our Soldier Dead

By Rev. G. W. Titus

When one returns from the war zone there is no question so frequently asked him, than the one concerning the burying of our dead. "How are they buried?" "Are their graves marked?" "Do they get a Christian burial?" These questions are on the mind of many, especially those who have lost members of their family. Perhaps I can add a little comfort to such in the writing of this article; at least I can give them a little ease, for it has been within my experience to bury our men while at the front.

One must not forget, however, that an army at the front encounters many problems. No rest among these is the matter of the dead. To take care of this work there has been appointed what is now known as the burial corps. This unit follows closely upon the advancing army and bury the dead as they find them. This of course, applies in the wake of a big engagement, such as our attack at Soissons. Upon other occasions when few men are killed, the chaplain of that particular unit always attends to the burial. In every case, however, whether it be the interment of many or of few, there is a regular prescribed course to be followed. I shall describe the process.

First, all of the possessions of the dead soldier are taken from the body. These are carefully kept and will be returned to the relatives of the one killed. I am not sure when this will be done, but I fancy it will not be in the immediate future. It is one of those duties requiring much time. Following this one identification tag is taken by the officiating party, while the other tag is left upon the grave. Thus every

TAKES PART IN BIG DRIVE TOWARDS METZ

A. H. Ross, 121 W. Third st., has received a letter from his brother, Cpl. Donald C. Ross, battery C, 150th field artillery in which he says: "No doubt you have read in the American papers about our big drive towards Metz, well I'm in it and believe me, it's pretty hot. I have had many close escapes but they don't count. Just as I was getting the paper to write this little note, a piece of shrapnel struck my helmet, but fortunately I escaped unharmed." He enclosed a check for \$50 with which he asked his people to buy a fourth Liberty bond. He says that he received the "cootie cure" which his mother sent him, but the "cooties" seem to be thicker than ever, just eating the powder. He also enclosed a dutch penny which he took from a German prisoner.

DISOBEYS CLOSING ORDER

To the Editor, News-Times: Sir: Almost two weeks ago an order coming from the mayor of our city, also the local board of health, closed our schools, theaters and churches. Everyone understood that this was done as a precautionary measure against the spreading of influenza. That the authorities were very wise in their decision is the contention of the writer; and in fact it is the opinion of all who have the welfare and best interests of our city at heart.

In accordance with the ultimatum every theater, school and church—with one exception of the latter, complied with the order. These have evidenced a desire to fulfill to the letter the law as prescribed. However, attention is called to the fact that on the first Sunday of the edict one of our local churches made bold to open its doors. This necessitated the effort of the city officials to close it. Again last Sunday, when all other churches in the city were closed, this same church had its doors open. It allowed its members to go and come as usual. The writer observed this as he passed by. This was in open defiance of the law handed down by our authorities. Many of our citizens have spoken of the attitude of the leaders of this church; and such a spirit of disobedience is distasteful to them. If it is right to close one church or two, or half a dozen churches, it is only just to close them all.

It is rather strange that our officials, who are responsible for this law, and who are in a position to carry it out, permit such flagrant violations. It is the opinion of the writer that stringent action should be taken in the matter.

SEIZE NEW YORK ENEMY CONCERNS

Paint and Insurance Companies Taken in Charge and Another Closed.

WASHINGTON, Oct. 22.—Seizure of two enemy owned concerns, the \$1,000,000 paint manufacturing firm of Gerstendorfer Bros., Inc., and the International Insurance Co., both of New York, and the liquidation of the affairs of a third, the Hamburg Assurance company, were announced today by Alien Property Custodian Palmer. Directors for the seized concerns have been named and Mr. Palmer has taken over the \$590,000 assets of the Hamburg company.

All of the stock of the international company, Mr. Palmer said, was owned by the Hamburg company, which was organized at Hamburg in 1857, with a capitalization of 10,000,000 marks, and which began to do business in the United States in March, 1914. In 1915 its premium income in this country was \$4,604,600. The international company has a capital of \$200,000, but its premium income in 1917 was \$7,888,413.

Enemies Own 90 Percent.—With regard to Gerstendorfer Bros., Inc., Mr. Palmer's announcement said the firm originally represented an enemy ownership of 90 percent of its stock, but investigation showed that 90 percent of it belonged to enemies.

Albert Gerstendorfer, now in Germany, was the principal stockholder. Mr. Palmer said, having 1,349 shares. Three days before Ambassador von Bernstorff received his passports, according to Mr. Palmer, an alleged transfer to sufficient enemy owned stock was made to give control of the corporation to residents in this country. Fourteen hundred shares were made over from Gerstendorfer to Ernest C. Echart, brother of Edmund Echart, president of the firm who surrendered the certificates endorsed in blank.

Two new certificates were issued.

NO MORE BUILDING PERMITS AT PRESENT

According to a bulletin from the County Council of Defense received by the city clerk no more building permits can be issued. This is in accordance with the curtailment of war-time construction. Hereafter, and until further notice it will be necessary for those desiring permits for a residence or garage to file applications with the Defense board which will investigate them. These applications in turn will be dealt with by the board of reviews. The Mishawaka Woolen Mfg. Co. is taking this course in an endeavor to secure a permit for the erection of six dwellings for some of their employes.

WARN "FLU" SUFFERERS AGAINST ALCOHOL USE

NEW YORK, Oct. 22.—A warning to Spanish influenza sufferers against the use of alcoholic beverages was issued tonight by Dr. Royal S. Copeland, health commissioner, who declared alcohol tended to increase the danger from the disease.

There is a period in the treatment of pneumonia, Dr. Copeland added, however, when the use of alcohol as a stimulant produced good results.

Dr. Copeland said an investigation has been started concerning several physicians who have been reported to the board of health for profiteering on influenza and pneumonia patients. The licenses of these physicians may be revoked, he declared.

Reduce Those Dangerous Swollen Veins

Physicians are prescribing and hospitals are using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and hemorrhoids to become normal, but also reduces gonorrhea, enlarged glands and wens. Ask any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directed in the directions and improvement will begin at once. Your druggist can supply you.
