CITY'S SHARE FOR U. W. W. IS \$42,000

And \$6,000 For Township. Local Committee Issues An Appeal As to Giving.

In connection with the United War Work campaign (the days for volunteer subscriptions to which fund are Saturday and Sunday, Nov. 9th and 10th) the question frequently asked is "How much ought I to subscribe?"

The local committee in charge of the drive to raise the Mishawaka and Penn township quota, which is \$42,000 for Mishawaka and \$6,000 for Penn township, has given this question careful study and consideration and has reached the conclusion that the fair share of each and every person is approximately one per cent of his or her annual income.

A member of the committee said: "Of course, there are numerous cases where this percentage is too small, and in such instances where incomes are unusually large the contribution should range somewhat higher in percentage, while, on the other hand, there will be found cases where perhaps one per cent may be a little too high, and accordingly smaller subscriptions than one per cent will be in order.

Must Sacrifice a Little.

"It is felt, however, that if all contributors have in mind this suggestion of one per cent of the yearly income as a basis for consideration and will then be willing to sacrifice a little for those in the army and navy who are ready to sacrifice their all for those of us at home, there

will be no question as to Mishawaka and Penn township maintaining their enviable record and reputation which they have established for generosity and patriotism.

"On the above basis a person would contribute \$10, payable one-half Dec. 2, one-quarter Jan. 15, and one-quarter March 1. The terms are such that the contributor will have ample time to arrange his finances so that he can make the payments as they come due without material inconvenience and he is furnished the opportunity of doing a real patriotic service.

"If we cannot fight we can give. It should be borne in mind that the drive of the United War Work covers seven war activities, viz: Young Men's Christian association, Young Women's Christian association, National Catholic War Council (K. of C.), Jewish Welfare board, War Community service, American Library association, and Salvation Army. The campaign for raising funds for all the above are now merged into one and the only other national war activity approved by the government for the raising of funds (of course not including the Liberty loans, as they are not a contribution but an investment) is the American Red Cross. So, when making your subscription to the United War Work fund, remember that you are contributing to the support of seven very essential and vital forces in the winning of the war.

"It is worthy of notice in passing that the real test of patriotism is not so much the amount you are willing to lend to the government as it is a question of how much you are willing to give.

"Here is your opportunity."

BAN TO EXTEND OVER SUNDAY

May be Lifted Monday or Tuesday if Influenza Decreases.

Dr. Christophal, secretary of the board of health, stated to The News-Times last night, that in view of the number of cases of influenza being reported daily at the present time there was but little chance of the ban being lifted by Sunday. Fifty-five new cases were reported Wednesday, being a decrease of 15 as compared with the number reported by physicians Tuesday. Should the disease show a gradual decline between now and the end of the week, Dr. Christophal said they might consider lifting the ban Monday or Tuesday. This all depended, however, on conditions prevailing at that time. With a continuance of cool weather, it is hoped next Sunday will be the last of the churchless days, and that business will again assume its normal condition throughout the city.

CIVILIANS GREET THEIR AMERICAN LIBERATORS WITH SMILES AND TEARS

International News Service: WITH THE AMERICAN ARMY NORTH OF VERDUN, Nov. 6.—(delayed)—The inhabitants of Beaumont, mostly aged men, women and girls, welcomed their American liberators with smiles and tears. The doughboys accepted the tribute of the populace with modesty but all were thrilled by the expressions of gratitude.

The capture of Beaumont delivered the largest number of civilians freed by the American troops to date. The Yankees charged through the streets of the town as the enemy forces were leaving.

From the heights of Beaumont, which the Americans captured Monday, the royal prince of Saxony, in Aug. 30, 1870, poured ball and canister into the demoralized fifth French corps.

Today's newspapers comment on the former battle and declare that the siege of Sedan by the Americans will meet retribution.
