

### RATHENAU HITS RHINELAND PLAN

Foreign Secretary Avers Germany Will Never Consent to "Neutral Zone."

BERLIN, June 22.—(By I. N. S.)—Dr. Walter Rathenau, German foreign secretary, today told the Reichstag that Germany would never consent to the neutralization of the Rhineland nor the surrender of any Rhineland territory. Such a proposal he said, would be a violation of the Treaty of Versailles.

### AGRIC BLOCK OPPOSES AMERICAN VALUATION

WASHINGTON, June 22.—(By I. N. S.)—If Chairman Fordney of the house ways and means committee, persists in his advocacy of American valuations as a basis for tariff legislation, he will find the "agricultural bloc" standing solidly against him and for the foreign valuations plan adopted by the republican members of the senate finance committee, senatorial spokesmen for the farmers indicated plainly today.

Sen. Capper, republican, Kansas, the "bloc" chairman, denounced American valuations as a "cloak for prohibitive duties" and inimicable to the agricultural interests.

"It will be found the zealous advocates of American valuations are interested in it not altogether for itself," said Capper. "They are interested in its adoption because they believe it would complicate and confuse the tariff issue and enable them to conceal from the American people the extent to which they desire to raise tariff rates."

"They virtually admit they are seeking rates so high as to be unequal with the American people, that they are not endeavoring to represent the American people but to fool them. I am a protectionist, and I believe considerable majority of the American people are protectionists. But I certainly do not believe in protection so high as to impose rates which must be glossed over and covered up by a scheme like American valuations."

### Society Matron Becomes Leading Actress in Film

Norma Talmadge and Mrs. Archibald McNeil, society leader of Bridgeport, Conn., who will support Norma in "East is West."

### MRS. McNEIL OF BRIDGEPORT NOW TAKES UP MOVIE

Social Prestige Alone Won't Aid Her, But for Personality? She's There!

By JAMES W. DEAN, (Motion Picture Critic)

NEW YORK, June 22.—(By N. E. A. News Service).—When Mrs. Lyell Hoyt entered the movies, society sat up and took notice. She was a leader in Gotham's most fashionable set. Here was a new fad for society, photoplay acting.

Society was willing to enter the movies, but a woman needs more than social prestige to appear before the camera in the making of a film designed to entertain a million of photoplay patrons who don't give two whoops in hedges what the players' social position is.

Society leaders, therefore, have personality. Otherwise they would not be leaders. But that is only

one of the two prime requisites for a successful movie career. Cecil DeMille once told me. The other is ability to act.

The only society woman of prominence to enter the movies since Mrs. Hoyt's debut is Mrs. Archibald McNeil, Jr., of Bridgeport, Conn. To Star With Norma.

McNeil is a former senator, former publisher of two Bridgeport newspapers and member of a large local concern. The McNeils own "El Mira," one of the show places on the boulevard at Palm Beach and the setting of many a brilliant social function.

That sets Mrs. McNeil's social position and fixes the question of personality. About her ability to act? Well, she was Ann Orr before her marriage and Ann Orr played leading roles in "Very Good Eddie," "The Beauty Shop" and other musical comedies. That, in a measure, sets her standard in the other prime requisite, ability to act.

Mrs. McNeil will play the second leading part in "East is West," in which Norma Talmadge, her friend of many years, will be starred.

Possessing personality and ability to act, Mrs. McNeil gives more promise of becoming a success in film acting than any other society

leader whose name this writer can recall.

### Ducomb Disposes of Nine 'No License' Auto Cases

Nine "no license" offenders had their cases disposed of in city court Thursday. Seven of them secured suspended sentences of \$5 and costs each.

Clyde Shively, Russell Gill, Merritt Atkinson, Tom Edwards, Kenneth Kraining, Donald Welmer and Noble Bolinger escaped without the payment of fines. Russell Hoffman and Len Arnold, two other motorists who were charged with driving their automobiles without proper license, paid \$5 each. The majority of the nine were old cases.

Orvil Davis, 1229 E. Cedar st., arrested Wednesday for a similar offense, had his case set for hearing Monday. One "speeder" case in which Charles Easterday, 237 E. Bowman st., was defendant, will reappear before Judge DuComb Friday. Max Gilbert, 609 S. Scott st., charged with driving with an open muffler, was given a suspended fine of \$5 and costs and a second offense, no card and container, was continued until Monday.

A suspended fine of \$5 and costs was the judgment in the case of George Platt, charged with having no card and container.

### Green and Snyder Attend Convention at Fort Wayne

Frank J. Green and Robert M. Snyder, manager and assistant manager of the Chamber of Commerce, left Thursday morning for Fort Wayne where they will attend the annual convention of the Indiana Commercial Secretaries association.

The convention, which will last three days, will be attended by the

presidents, secretaries, and managers of all the Chamber of Commerce of Indiana. An excellent program has been arranged by the program committee of which Mr. Green is a member. The annual banquet of the association will be held Friday evening at the Fort Wayne Country club. The convention closes at noon Saturday.

### English Scientists Declare War on Milk

LONDON, June 22.—Booting whisky may be the cause of controversy in America, but here in "wet" England a controversy is raging over milk.

"Never drink milk; it is an unnatural food save for the young," declared Dr. C. Webb Johnson. "Great nations have been fed upon milk and have prospered—the Scotch and the Irish, for instance," retorted Professor H. E. Armstrong. "That was enough, the fight is on. The pro-milk and the anti-milk advocates are now up to their elbows in ink writing letters to 'The Times.'"

### Huckleberry Crop is Reported Big This Year

Lovers of Huckleberry pie may look forward to a season of delight, according to George Milliken, a farmer residing near the Country club at Chain O' Lakes who reports that the first of the berries are ripening. Although the crop is not larger than those of other years, it is of a size to satisfy all lovers of the fruit and adventurous parties of berry pickers are expected to make their appearance in the marshes in the near future.

### SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of Wyeth's Sage and Sulphur Compound at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

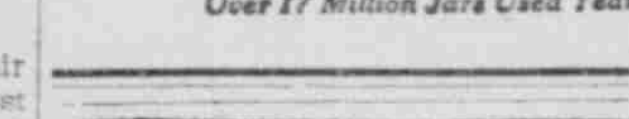

This is the age of youth. Gray, faded, unattractive locks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days. Advt. days, 5c. All druggists. Address 621

## For Better Citizens Better Service

TO PROMOTE the safety first movement, the Standard Oil Company (Indiana) has created within its own organization 24 separate and distinct, inquisitorial bodies to investigate accidents involving Company motor equipment.

These bodies are called "Safety Courts."

The primary purpose of these courts is to reduce the hazard of automobile accidents on the public highway. This is directly in line with the policy of the Company to help the employee to a better understanding of his obligation to his fellow citizens.

The Court meets weekly and before it must appear any employee, whether manager or truck driver, who has been involved in an accident during the preceding week. The employee comes into court as a defendant with his immediate superior as his attorney. The Chairman of the Safety Council is the judge. Other members of the Council serve as jurors.

When the investigation shows that the employee has been guilty of carelessness in observing traffic laws, penalties are fixed and punishment assessed by the jury. The punishment is often as novel as the plan itself. For instance, a truck-driver recently convicted of carelessness was removed from his position and sentenced to work for two weeks in the Company warehouse as a common laborer.

The plan is in operation throughout the 11 Middle Western States served by the Standard Oil Company (Indiana) and has been responsible for reducing automobile accidents approximately 50 percent.

The spirit which pervades the "Safety Court" is to inspire employees with a sense of their responsibility to the community. As in the case of the Annuity System, which gives the employee a feeling of security regarding his future, and in the case of the Stock Investment Plan to promote the desire to save, the "Safety Court" has as its object the making of better and more responsible citizens who will render continuous and greater service to society.

The Standard Oil Company (Indiana) is continually studying methods for improved service through adjusting its organization to the constantly changing needs of the people of the Middle West.
