

PARDON GRANTED WM. JANUARY BY THE PRESIDENT

Action Was Taken on the Recommendation Made by Attorney General Bonaparte After Much Delay.

DECREE IS EFFECTIVE IN JULY THIS YEAR.

Criticism of Bonaparte Has Driven Him to Make Statement—President Said to Have Called Him Down.

Washington, May 8.—The president today pardoned Wm. January to take effect July, 1907, on the following recommendation from Attorney General Bonaparte.

Bonaparte Makes Statement. Stories in eastern newspapers attacking the methods and laxity in his department finally drove Bonaparte to make a written statement today, in part as follows:

"I assume full responsibility for the condition of the department being languid and ineffective. I do not consider it any part of the department's duty to furnish a liberal daily supply of headlines for newspapers and the department is not administered with that laudable end in view.

Gossips are saying Roosevelt "called down" Bonaparte in the cabinet meeting yesterday and for this reason Bonaparte stayed here to work at his office today.

REFUSE CLAIM BY SERGEANT M'MANUS

County Commissioners Will Not Pay Cost of Returning Lipscombe to Richmond.

POINT AN IMPORTANT ONE.

COMMISSIONERS ALSO THINK IT IS TIME FOR THE CITY TO PAY ITS CRUSHED STONE BILL.

The County commissioners have refused to allow a claim presented by Sergeant McManus of the Richmond police force for his expenses in returning George Lipscombe, a prisoner who was arrested at Columbus, O.

If both the city and the county refuse to appropriate money to meet the expenses of returning criminals captured outside the county all that remains for a clever crook to do is to violate the law then make a rapid exit beyond the boundary lines of the county, as the sheriff and police officers cannot be expected to pay the expenses of returning criminals out of their own pockets.

RECOGNITION GIVEN RICHMOND FESTIVAL

Cincinnati Enquirer Gives Considerable Space to Local Music Event for May.

PRINTS WHOLE PROGRAM.

THIS IS THE ONLY CITY OF THE SIZE THAT HAS GIVEN SUPPORT TO SUCH PRETENTIOUS PERFORMANCE.

The musical editor of the Cincinnati Enquirer, whose field of observation in musical matters has been extensive and who has for many years assisted in the preparation of the program for the Cincinnati May festivals, has accorded the Richmond Festival association deserved recognition in his department of the paper.

In addition to publishing the detailed program for the entire series of concerts which will be given in Richmond on May 28 and 29, the Enquirer says in part: "Richmond, Indiana, which has gained the distinction of being the only city of 25,000 population in this country which has for a period of years given support to a May Music festival, expects to achieve even greater honors this year when on May 28 and 29 a series of concerts will be given at which the famous Theodore Thomas orchestra, with Frederick Stock, conductor, will play and the soloists will be Mrs. Kelsey, Miss Spooner, Mr. Johnson and Mr. Witherpoon."

The Enquirer also states that numerous Cincinnati people as well as those from other cities, will be among the many visitors to the Richmond festival.

HENRY COUNTY SCHOOL CHILDREN DECREASED.

New Castle, Ind., May 8.—The enumeration of children of school age in Henry county shows a loss during the year of over thirty. The number in New Castle is in excess of 1,200. Knightstown has 408, Middletown 325, Lewisville 94, Sulphur Springs, 80, Dunreith 59 and other towns smaller numbers. The total in the county is 6,784. Although New Castle has gained in population during the year, many of those coming here to work have not yet brought their families, hence the school enumeration was not increased.

TROOPS ORDERED OUT AT 'FRISCO; STRIKE IS SERIOUS

Eight Hundred Men Are Held in Readiness in Case There Is A Demand Made for Their Services.

HALF THE POPULATION IS OUT OF WORK.

Serious Rioting Took Place on Tuesday in Which Several Were Either Killed or Seriously Injured.

San Francisco, May 8.—The Seventh regiment of Los Angeles was ordered under arms for service here. The total enlisted strength is eight hundred men. The strike situation is serious. Four hundred linemen of the Pacific Telephone company went on a strike today to assist the striking telephone operators. Half of the labor population is idle on account of strikes.

San Francisco, May 8.—Nine men were shot down and several of them were fatally wounded Tuesday in a pitched battle between striking street car employes and their sympathizers, and guards employed by the United railroads to protect their cars manned by nonunion men.

The armed guards poured volley after volley into the crowds in the streets in response to showers of bricks and stones hurled at them. The police made little or no effort to disperse the mob. Two of those shot were members of the police force. Finally the police arrested the guards on three of the cars, and then turned their attention to beating back the mob.

It was in the afternoon that the company officials precipitated the battle by sending out seven passenger cars. All day long a crowd had waited around the barns at Turk and Fillmore streets, and no sooner had the cars appeared than they were greeted by showers of stones.

First Shot Hits Youth. The first shot was fired at the intersection of Turk and Buchanan streets by a guard from the rear platform of the car that headed the string of seven. The bullet struck a young man sitting on the curb and inflicted a flesh wound in his arm. The shot was not fired until most of the windows of the car had been smashed with stones, several of which had struck and severely bruised some of the guards on board.

The shooting of the man aroused the mob to a pitch of frenzy. Paving stones and other obstructions were cast on the track, and in that way the car was brought to a standstill a block further on. Hurling any missiles that came easiest to hand, hundreds of men and boys surrounded the car. In a moment a volley of shots rang out and the crowd fell back in fear. The obstructions were cleared away and the car proceeded, followed a block behind by two others.

The sound of shots apprised the main crowd in the neighborhood of Fillmore and Webster streets that a battle was on, and more than 1,000 men and boys came running down Turk street in pursuit of the strike-breakers, who, standing to their posts, shot again and again into the crowds as repeated showers of stones struck them.

Competent observers of the rioting expressed freely the opinion that the tragic happenings of the afternoon might have been in large measure averted if an adequate police force had been on hand and if the police had been more firm.

13,000 Persons on Strike. With the street car men, the iron-workers, the telephone operators and the laundry workers out, there are more than 13,000 strikers in San Francisco at present. So wrought up have the unionists become that it is thought by many the militia will be called out and possibly the federal troops may be brought into the city. General Funston is here now keeping close watch of the situation.

Governor Gillette has announced that he will order out the militia as soon as it becomes apparent that the police can not or will not control the situation.

Charles M. Schwab, who was in the city, declared that his company would never build another ship in San Francisco as long as labor conditions remain as they are at present. He says the company lost \$2,500,000 on the last three battle ships it built for the government because of the increased demands of the employes, and the decreased efficiency of their work.
