

### 60 WILL GRADUATE FROM EARLHAM; 174 RECEIVE WARNINGS

Warnings of unsatisfactory work which were sent out to 174 persons, or 36 per cent of the students in Earlham College this week showed that men of the college are poorer in scholastic standing than the women. Thirty-six per cent of the women received warnings, and 44 per cent of the men.

Day students in the city had fewer warnings than dormitory or off-campus residents. Only 35 per cent of the town students received warning, while 37 per cent of the dormitory residents and 47 per cent of the students rooming just off the campus were warned of unsatisfactory grades.

Although the Freshman class as a rule leads in percentage of failures, the sophomores took this honor this year. Thirty-six per cent of the freshmen were doing unsatisfactory work; 28 per cent of the sophomores; 13 per cent of the juniors, and 25 per cent of the seniors. The smallest, in its enrollment of 37 members, the junior class also had the lowest percentage of unsatisfactory students. Only 5 students or 13 per cent, received warnings.

Of the applications of seniors for graduation in June, 1920, seventeen were temporarily refused, because students were failing to meet requirements. Probably 12 of the students whose applications were refused will be able to graduate by taking extra work.

The final number of graduates will exceed 60, making the largest class in the history of Earlham.

### Tinplate Mill Closed by Coal Shortage at Gary

(By Associated Press)  
GARY, Ind., Dec. 3.—Eight thousand steel workers were thrown out of work here this morning, when the American Sheet and Tinplate company, the largest manufacturers of its kind in the world, was forced to close for an indefinite period, because of a serious coal shortage.

The company manufactures about 400 tons of tinplate, and an equal number of tons of tinplate for the automobile and general trade. All mills of the company were forced to shut down completely, with the completion of the midnight shift. Reports reached this city today that plants of the American Sheet and Tinplate company at Elwood, Ind., employing 4,000 to 5,000 men, also banked their fires.

### Chinese Pleased Over Shantung Reservation

(By Associated Press)  
PEKING, Dec. 3.—At the request of the Chinese minister in Rome, the Chinese House of Representatives has sent a cablegram to the United States senate expressing the "nation's gratitude for the valuable service rendered by the senate in adopting a reservation to the Versailles treaty which reserves to America full liberty of action relative to the Shantung controversy."

Twenty-five thousand students conducted a demonstration here yesterday as a protest against the landing of Japanese marines at Puchow. Good order was preserved during the parade but banners bearing inscriptions denouncing Japan's action were carried by the students. These banners bore English, French, Russian and Chinese inscriptions.

A genuine pearl Value \$500

An imitation pearl Value 50 cents

It is very difficult for any one but an expert to tell the difference between a 50c imitation pearl and a genuine pearl of the same size worth \$500—therefore one might buy the 50c imitation because it looks like the genuine article and this is all any pearl has to do.

Genuine Victrola \$15 to \$300.

Any imitation of a Victrola (at practically the same price as a genuine Victrola)

But—when you can get a genuine Victrola with its repertoire of more than 5000 Victor Records for the same price that you would pay for some other instrument that only looks like a Victrola, there can remain no question of Victor supremacy.

The proof is in the hearing. Come in any time and we will gladly play any music you wish to hear. We'll explain our system of easy terms too, if desired.

### Why Buy An Imitation?
