Notice of Change of Policy of this Paper Regarding Writ-Ups, Etc.

Notice is hereby given by the manager of this paper, that beginning with August 1st there will be a charge on all matter sent here for publication except purely news

All papers, Obituaries, Programs Resolutions, Essays, Sermons, Personal Write-ups, etc.

There will be a charge of \$1.00 or the above named for 15 lines and all articles containing more than 15 type lines too will be charged for every additional line.

This does not apply to news of the churches

We are compelled to do this for financial protection. Our more than 23 years of experience in the newspaper world has taught us that we have been giving away hundreds of dollars annually paying for setting type for such things in which the general public is not interested in, and most of the time the persons writing are not subscribers and not interested in and have no Race pride or Race Loyalty, they make long and loud speeches to the galleries, preach great sermons and write fine papers on patronizing Race enterprises and that is as far as it goes with them, as nine times out of ten they give their job work what little they have, to other persons other than race papers and are withholding the support from the men who are fighting mob and lynch law and the many other inequalities and evils which contaminate the race fifty two weeks in the year, while these would be race lovers find excuses in giving their work to others claiming they are too high priced or the work is inferior to others when at the same time these same papers that they refuse to let do theirs are doing work for Negroes who do not pose as Race leaders, and too, these same race papers are doing job work for some of best business firms and individuals of the white race. The papers are great so long as they boost this class of individuals for naught and let him help the fellow who does not need his financial assistance. There seems too much racial jealousy and envy among the majority of our great leaders and that accounts for slow progress along race enterprises.

Therefore we have taken the matter under careful advisement and have concluded to place a small charge on all matter except purely news. All Associational, Conventional matter we expect the officers of the Bodies to take care of in a more systematic way hereafter at quarterly and annual meetings. Our experience at the meetings in the past forces us to make this request.

No one who believes in a just compensation for honest work will object to this requirement.

The Manager.

Salt Makes Sea Blue.

Though generally appearing blue in clear weather, the ocean varies greatly in color. In stormy weather it looks green or even black. The blue of the sea is not, as generally supposed, due to reflection from the sky, but to salt in the water. That is why the Mediterranean, which is very salty, appears exceedingly blue.

Love and Duty in Actual Life.

Mr. McKinley Reed

Elected Joshua.

It is remarkable what progress a man or woman can make if they will. It has been well said, he prepared and the opportunity will present itself later. Brother Wm. McKinley Reed, was shown the light in Free masonry in March 1922. But he did not stop with receiving the Master Masons degree. He studied to prove himself worthy. At the next few meetings of Golden Gate lodge, he was appointed to a station and now in line for the Chair. At the meeting of the Heroine of Jericho Wednesday night he was elected Joshua of his Court. Others elected were Ida Williams, Most Ancient Matron; Addie Williams, Senior Matron; Bertha Barbero, Secretary; Fredina Shoecraft, Treasurer. The installation will be held at the Masonic Temple, December 29th.
