### Chicago Times on the Missouri Policy!

The Chicago *Times* has published several communications forshadowing a disposition to favor the reform movement, but until of late has been very cautious in taking any decided stand. We recollect how that journal took an advanced position some three or four years ago, and then retreated, while that very issue is now an accomplished fact, and so accepted by the Democracy, and had the Democracy backed up the *Times* then, it would have been a successful party to-day. But then the *Times* from its political outlook was a step in advance of the masses of the party, and now it is several steps behind, and there will be no necessity of retreat. It was a letter written by John J. Phelps, opposing the Missouri policy, that has brought the *Times* out. This Phelps is a native of New England, but a resident of south-western Missouri for a long series of years, fully embued with extreme southern democratic notions, but who, owing to the influence of his constituents as a representative in Congress, entered the Northern army and served until the promulgation of the Emancipation Proclamation, when he resigned his commission of Colonel and retired to Springfield, Mo. Mr. Phelps in his letter to the St. Louis *Times*, considers the Missouri policy as a virtual abandonment of principle and destructive of the organization of the Democratic party. The Chicago *Times*, in commenting upon this letter, has an article containing the following, significant paragraphs:

"As regards principles, they are surely "not the product of party organization, nor "is any party organization necessary to "their existence. How then could an aban-"donment or a destruction be an abandon-"ment of any principle.

"Instead of abandoning principles, is it "not a fact that those whose principles are "indicated by Mr. Phelps desire most earn-"estly to carry those principles into the "practice of government? If centralization can be checked; if the civil and political liberties of the states can be saved; "if the military can be kept in strict subor-"dination to the civil power; if the right of "trial by jury can be preserved from the "aggressive encroachments of the sword; if "these most earnestly desired ends can be "achieved by destroying the present organization of the Democratic party, and if it "be perfectly evident to every reasonable "human being that they can not be achieved "by adhering to that organization, which "branch of the alternative would Mr. "Phelps, and such as agree with him, "choose? Is the organization of a party of "more importance to its members than the "principles they hold and the public purposes they desire to achieve? Is the fashion "of the body more essential than the salva-"tion of the soul?

*Ague and Fever can be cured*, and the Medicine to do it is Norman's Ague Pills. They are warranted. W. G. Morris, Agent, Moline, Ill.

## LOCAL NOTICES.

TOILETINE is unrivaled as a beautifier of the complexion, it is a powder, harmless, refined and elegant. Try it, 50 cents per box.

DELAYS ARE DANGEROUS.—Mother, as you love your offspring don't fail to use Mrs. Whitcomb's Syrup, for soothing children. Read the advertisement in another column.

MARRIAGE GUIDE.—Interesting work, numerous engravings, 224 pages. Price 50 cents. Address Dr. Butts' Dispensary, 12 North Eighth street, St. Louis, Mo. See advertisement.

WHAT IS SALERATUS?—It is a lye. The only wholesome material for daily use in making good bread, biscuits, pastry, etc., is Dr. Price's Cream Baking Powder, which contains nothing but what the stomach requires.

Some people suffer, and their friends suffer, from severe pain, while they spend more money foolishly than it would cost to cure them, if they used Renne's Pain-Killing Magic Oil. Take our advice and use this popular and certain cure for such ills as flesh and bone are heir to.

HOW TO GET STAMINA.—Iron frames and strong nervous systems are not the lot of all. But the feeble need not despair. By adopting the right means they may live as long and enjoy life as much as their more robust neighbors. Physical invigoration is however, necessary to this end; and while the spirituous tonics and nervines usually administered, eventually depress both body and mind, DR J. WALKER'S CALIFORNIA VINEGAR BITTERS invariably supply new vigor to the frame, while they regulate every disordered function.

ROHRER'S EXPECTORAL WILD CHERRY TONIC.

The Universal Family Remedy.

[Reported Expressly for the Argus.]

WASHINGTON, Dec. 18.—SENATE—Mr. Conkling offered a resolution directing the Retrenchment Committee to investigate Schurz's charges of fraud in the New York custom house. The consideration was postponed till the committee be appointed.

Mr. Carbett introduced a bill providing that national banks on the 1st of January, 1872, shall have three per cent gold coin on hand of their aggregate circulation, increasing thereafter annually until they have fifteen per cent; thereafter to keep a reserve in gold rather than legal tenders.

HOUSE.—A large number of bills were introduced.

Mr. Haldeman asked leave to offer a resolution expressing the profound regret of the House at learning the severity with which the French government, of which Thiers is President, has pursued the communist prisoners.

Mr. Pierce objected

Mr. Haldeman moved to suspend the rules for the reception and adoption of the resolution.

Mr. Cox wanted to offer an amendment condemning the atrocities of the Spanish government.

The Speaker ruled no amendment in order.

The House then refused to suspend the rules by yeas 85, nays 86—less than a two-thirds affirmative. All the Democrats except Slocum, voted in the affirmative, with seventeen Republicans.

Mr. Hear then offered a resolution that while the House deems the conduct of the foreign governments to be beyond its jurisdiction, it deeply sympathizes with all efforts to establish self government and republican institutions, and with the families and friends of all persons who have lost their lives in the cause of civil liberty. The resolution was adopted unanimously.

LONDON, Dec. 18.—NOON.—A morning bulletin from Sandringham says the Prince slept well all night. His condition is in all respects satisfactory.

The French bark Costa Rica was run into last night off the Isle of Wight, by an unknown vessel and sunk, carrying down seventeen of the crew. The steamer sailed off and made no attempt at assistance.

NEW YORK, Dec. 18.—The Herald's city of Mexico special of the 11th states that the backbone of the rebellion is broken. The revolutionary General Diaz is losing favor with his adherents, and many military commanders, considered doubtful, have recognized President Juarez and yield obedience to the government.

A Havana letter to the Herald states that a visit to the grave of Castanon, which was alleged to have been desecrated by the students who were brutally shot by the volunteers, reveals the fact that no desecration whatever has been made, the glass covering of the coffin is not broken, as was stated by the Spaniards, and everything about the grave is in perfect order, never having been disturbed.

Eight men attacked the jailor at New Brunswick, N. J., last night, gagged and bound him, and then attempted to enter the jail, but the assistant jailor fired on them and called the police, the ruffians fleeing. It is expected they desired to release a bank robber who is in jail.

There is nothing new in the Tweed affair this morning. He was closeted with his family yesterday; he probably will be arrested to day on another similar indictment, and so continue to be arrested from day to day until some fifteen indictments for felony are exhausted.

Every effort will be made by his counsel to keep him from actual incarceration in the Tombs.

LONDON, Dec. 18.—A special dispatch from Versailles to the Standard announces that Romero has gone to Washington to negotiate a loan for the Mexican government.

BOSTON, Dec. 18.—Grand Duke Alexis has placed $1,500 at the disposal of Mayor Gaston for the poor of Boston.

MONTREAL, Dec. 18.—Alexis left this afternoon for Ottawa.

ST. PETERSBURG, Dec. 18.—In consequence of a pacific circular note from Count Andrassy to the diplomatic representatives of the Austrian empire abroad, the Czar has issued a decree granting furloughs to fifty thousand men of the Russian army.

GENEVA, Dec, 18.—The commissioners for the arbitration of the Alabama claims held a formal meeting to-day. Count Zlopes, an Italian member of the board, was chosen President, and the commission adjourned till the 15th of January.

WASHINGTON, Dec. 18.—The Comptroller of the currency has called upon the National banks for reports of their condition at the close of business on the 19th inst.

CHICAGO, Dec. 18.—The Swansea Silver Smelting & Refining Co.'s Works, Nos. 51, 53 and 55 South Jefferson St were totally destroyed by fire to night. The loss is variously stated at $50,000 to $150,000. No insurance.

DUBLIN, Dec. 18.—Notwithstanding the proclamation of the Lord Lieutenant, forbidding processions or assemblages in Londonderry, the apprentice boys of that city to day attempted to parade under the leadership of Johnson, a member of Parliament. They were warned to desist, but refused, when a force of cavalry and constabulary charged upon and dispersed the procession. Several persons were severely injured. For awhile there was considerable excitement, but all is quiet this evening.

LIVER REGULATOR.

**SIMMONS' LIVER**

THE Symptoms of Liver Complaints are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, sometimes alternating with lax. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Often complaining of weakness, debility and low spirits. Sometimes many of the above symptoms attend the disease, and at other times very few of them; but the liver is generally the organ most involved. Cure the liver with

WRINGERS.

THE MANUFACTURERS OF THE

**RELIANCE WRINGER,**

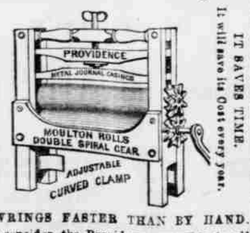
Have had unusual opportunities of ascertaining precisely what is wanted, and of producing a perfect machine. They have brought out an entirely NEW WRINGER, which they call the

"PROVIDENCE."

New. 1871. Perfect.

A GREAT IMPROVEMENT

**Over all Other Wringers.**



IT WRINGS FASTER THAN BY HAND.

We consider the Providence superior to all others, for the following reasons.—

1st. The ROLLERS, of large size and best quality of White Rubber, are all secured to their Shafts in the most permanent manner, by the Moulton Process, making the Best Roller in the World.

2d. The PATENT METAL JOURNAL CASINGS prevent any wear upon the journals.

[The wooden journals in which the iron shafts of other machines run, soon wear, and the efficiency of the Wringer is thereby greatly reduced.]

3d. The DOUBLE SPIRAL COGS used on this Wringer give the utmost ease and steadiness in working, while the double stop prevents them from bottoming or being thrown out of gear. We furnish either single or double gear Providence as desired.

4th. The ADJUSTABLE CURVED CLAMP readily adjusts this Machine to tubs of any size or thickness, making a perfect fastening. No wooden pegs or rubber straps on this Clamp.

5th. SIMPLICITY, STRENGTH and BEAUTY, are combined in this Machine, with all the requisites of a first-class Wringer.

MEDICAL.

NOW IS THE ACCEPTED TIME. READ AND REFLECT.

**DR. SPINNEY,**

THE CELEBRATED PHYSICIAN FOR THE TREATMENT OF

**CATARRH, THROAT, LUNG,**

—AND ALL—

**CHRONIC DISEASES,**

Having permanently located in Davenport, cordially invites all who may be suffering with Chronic Diseases, to call at his

**Rooms in Fulton's Block, 83 Perry Street, Half Block North of Post Office.**

DR. SPINNEY is well known as the founder of the Montreal (C. E.) Medical Institute, and proprietor of the Electro Medical Institute, Milwaukee, Wisconsin.

☞ OFFICE HOURS—9 to 1; 2 to 6; and 7 to 8.

**CONSULTATION FREE.**

DR. SPINNEY HAS GIVEN HIS ENTIRE ATTENTION FOR THE PAST fifteen years, to the treatment of *CHRONIC DISEASES*, incident to both sexes, and his success has produced astonishing results. Many are they who have implanted in their systems, by the improper use of Calomel, seeds which have produced an annua crop of disease. To such, he would say, *COME AND BE HEALED!* It matters not what your troubles may be, come and let the Doctor examine your case. If it is curable, he will tell you so; if not, he will tell you that; for he will not undertake a case unless he is confident of effecting a cure. It will cost you nothing for consultation, s please call and satisfy yourselves whether the Doctor understands your case. Dr. S. treats

HUMORS AND DISEASES OF THE BLOOD.

**YOUNG MEN!**

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. SPINNEY will guarantee to forfeit *ONE HUNDRED DOLLARS* for every case of Seminal Weakness or Private Disease of any character which he undertakes and fails to cure. He would therefore say to any unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint; and may be in the first stage, remember you are approaching the last! If you are bordering upon the last and are suffering some or all of its ill effects, remember that if you obstinately persist in procrastination, *THE TIME MUST COME WHEN THE MOST SKILLFUL PHYSICIAN CAN RENDER YOU NO ASSISTANCE*; when the door of hope will be closed forever against you; when no angel of mercy can bring you relief! In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim Death hurries you to a premature grave.

**MIDDLE AGED MEN.**

There are many of the age of thirty to fifty who are troubled with too frequent Evacuations of the Bladder, often accompanied by a smarting or burning sensation, and weakening the system in a manner the patient cannot account for. On examination of the Urinary Deposits, a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be a thin milkish hue, again changing to a dask and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the *SECOND STAGE OF SEMINAL WEAKNESS*. Dr. S. will guarantee a *PERFECT CURE* in all such cases, and a healthy restoration of the Urinary organs.
