Is it any Wonder?—In view of the immense amount of Saleratus and adulterated Baking Powders used by the masses of people in food, is it any wonder that there are diseased gums, decayed teeth, weak and useless muscles, and disordered digestion? See to it that you escape these evils by using Dr. Price's Cream Baking Powder, the only kind made, by a physician, with special reference to its healthfulness, and indorsed as such by thousands who have used it for the past seven years. We do not hesitate to indorse it as the best in the market, and also as such Dr. Price's Special Flavorings, Orange, Lemon, etc.

Twenty Years Younger.—To say that hundreds of maids, wives and widows look twenty years younger than they are in consequence of the complexional freshness derived from the use of Hagan's Magnolia Balm, is simply to state an absolute fact, which might be promptly verified by direct testimony if ladies were as willing to tell their ages as to use the best means of making themselves lovely. Nature sometimes, but very rarely, crowns the charm of perfect features with a complexion of exquisite clearness: but even then time soon begins to make inroads upon the velvet cheek, the fair white brow, the ivory bust, the rounded arm. To preserve the "glory of woman" unblemished, even after the meridian of life has been passed, it is only necessary to use daily this cooling, healthful, vegetable preparation.

The Best Tonic of Iron.—Phosphorus and Calisaya, known as Ferro—Phosphated Elixir of Calisaya Bark. The iron restores color to the blood, the phosphorus renews waste of the nerve tissue, and the calisaya gives a natural, healthful tone to the digestive organs, thereby curing dyspepsia in its various forms; wakefulness, general debility, depression of spirits; also, the best preventive against fever and ague. One pint contains the virtues of one ounce of calisaya, and one teaspoonful, a grain of iron and phosphorus. Manufactured only by Caswell, Hazard & Co., successors to Caswell Mack & Co., New York. Sold by Druggists.

### Both Parties Claim New York.

### What the New York Papers say about the Election.

### Mr. Greeley resumes his place on the Tribune.

### Death of General Meade.

### A Man Killed in a Political Quarrel.

### The Horse Disease.

New York, Nov. 6.—There are 27 counties yet to hear from. Both parties claim the State by very small majorities.

The Herald's election estimates give to Grant 28 States and to Greeley 8, or 268 electoral votes for Grant to 90 for Greeley. The popular majority for Grant is placed at 350,000. The Herald editorially says: "Whether the result will be accounted for by the popular strength of Gen Grant on one hand and the weakness of Greeley and the feebleness of Liberals combined with the Democratic bolt on the other hand—in many respects it is the most remarkable of any Presidential election in the history of the country."

The Tribune gives Grant 260 electoral votes at the lowest and 82 for Greeley, with the rest doubtful. "There is scarcely a parallel," it says, "in the completeness of the rout and triumph." It says: "Liberalism could not withstand the enormous outlays of money expended by the Republican canvass. Grant now has four years of power, with heavy Congressional majorities, and whatever reform he may seek to effect he will have the aid of the Tribune."

The World places Grant's popular majority at 300,000 and says: "The defeat is due to the Democracy's surrender to Greeley and the demoralization consequent upon the New York ring operations of a year or two ago, which disheartened the party and caused the nomination at Baltimore. The party had not recovered in time from the Tammany taints to do anything until too late."

The Times gives Grant 300 electoral votes and Greeley only 43, the balance doubtful.

The Sun says: "The Liberal Republicans have been faithful to their pledges, but the Democrats have beaten Greeley by not coming out to vote."

The Tribune adds: "The Liberal movement was at one time formidable and had prospects of success. Had not millions been expended to arrest its progress in the State elections of the last three months, it might have swept the country. The Liberal Republican strength of North Carolina and Vermont was nearly neutralized by the Democrats, who would not 'eat crow' when they could get five to twenty dollars each for not eating it. There was nothing purchasable in the Keystone State that was not bought."

The Times, while it regrets the defeat of St. John in the Orange district, and Jno. H. Ketcham in the Dutchess district, says: "There is yet a certainty of having carried six districts now represented by the Democrats, so that with the Congressman at-Large the next State delegation will be 23 Republicans to 10 Democrats, whereas at present it is 15 Republicans to 14 Democrats." It calculates the Assembly at the worst at 79 Republicans to 49 Democrats.

New York, Nov. 6.—Horace Greeley prints a card to-morrow, saying: "The undersigned resumes the editorship of the Tribune, which he relinquished on embarking in another line of business six months ago. Henceforth it shall be his endeavor to make this a thoroughly independent journal, treating all parties and political movements with judicial fairness and candor, but courting the favor and deprecating the wrath of no one. If he can hereafter say anything that will tend to heartily unite the whole American people on the broad platform of universal amnesty and impartial suffrage, he will gladly do so. For the present, however, he can best commend that consummation by silence and forbearance."

Council Bluffs, Nov. 6.—A man named McMuller was killed yesterday at Honey Creek, in this county, by Alfred Frazier, while discussing politics.

Philadelphia, Nov. 6.—General Meade died at his residence this evening of pneumonia.

Pittsburg, Nov. 6.—The horse disease has spread rapidly through the various stables in this city during the past two days and has compelled the street cars to suspend.

Cleveland, Nov. 6.—There are no signs of abatement in the horse disease. The city assumes an unnatural appearance on account of the absence of horses.

Boston, Nov. 6.—The horse disease has so far subsided that business has nearly resumed its usual activity.

Julihn's Hydrastin Compound

Is a direct tonic and health restoring agent to the organs of generation, it imparts vigor and energy. It is a reliable remedy in Spermatorrhea, as well as in all weakened conditions of the bladder and urinary organs. By reason of its wonderful power as a uterine tonic, Leucorrhea, suppressed or painful menstruation, weakness, accompanied by dragging or bearing down sensations, pains in the region of the Kidneys, irritation of the womb, and in all diseases in which the uterine system is involved this remedy will prove a blessing to the invalid.

(From N. Y. Dispatch, June 30.)

We have on several occasions recommended Dr. Julihn's Hydrastin Compound as an excellent remedy for kidney and consequent diseases The following note is from a gentleman of whom we have personal knowledge, and we know that he but states the facts in his case:

Stapleton, Staten Island, June 29 '72.
Messrs. B. Keith & Co, No. 41 Liberty st.,
