New Arrivals.

The success of Mr. H. J. GILLEN on La Salle street continues unabated, and as the roads improve it is daily becoming greater. In addition to the other attractions offered, there are now new arrivals in many lines, among which we might specify:

- Silk garments;
- Something special in silk over-garments;
- Dolmans;
- Nice line and new shades in cloth Dolmans, and something specially fine in the English Walking Jacket of this material;
- Something specially cheap in fancy, black and summer silks.

The daily arrivals in all lines of merchandise at this house is the marked feature of La Salle street life.

And they are being disposed of, too; for the new and low prices and straight work, one of the principal causes of his great success, is winning Mr. GILLEN new friends and patrons daily.

All the old departments of the house are in full blast, selling goods at the bottom figures, from complete stocks. All invited to call and compare stocks and prices with any house in the county.

Admitted to be the Best.

The mixed paints being sold by Gehring at headquarters for everything in the paint and brush line. Fine goods at low prices always the rule.

Too Much Interest
Cannot be taken in the selection of what enters our bodies, either as food or medicine. Forbes & Lorriaux will give you the benefit of their experience of twenty-five years in handling and preparing medicines, buying only the best and the purest, and dealing in none but reliable and straightforward goods. In buying paints and oils the same care should be exercised, the durability of these goods being the measure of their economy. Forbes & Lorriaux will sell you the best, whether you want leads, oils or mixed paints, while their prices will not be above any of their competitors.

Gents' fine hand-sewed shoes at Spencer's.

John Shuler reports more lumber sold in Ottawa in March last than in any other month for 10 years. He sold over 250,000 ft. Most of this will be used in Ottawa buildings.

CROP REPORTS.—The rains of the past week have brought forward vegetation at a rapid rate. Reports from the country show that winter wheat is in a very superior condition; also early sown rye.

Fruit prospects are now good no material damage from frosts having been reported.

Perhaps you don't know it, but it is nevertheless a fact that one of the largest, finest and most complete lines of boots and shoes ever opened in this city has just been received by De Leahy. Men's fine shoes a specialty. Ladies' and children's, boys' and youths' shoes and sandals in every style and quality, and at prices the lowest ever offered in Ottawa.

It is reported in private circles that telephone exchanges are guaranteed in Morris, Seneca and Marcellus, all, together with the Joliet and Lockport exchange, to be connected with the Ottawa, LaSalle and Princeton exchanges, by means of the canal line, already built. Add to the above, lines to Aurora, Mendota and Streator, and who will presume to say that this is not an electrical age, and that Ottawa will be without means of communication with the outer world.

The election for members of the school board took place on Saturday last, and 840 votes were polled. Wm. Dwyer received 484; D. B. Snow, 279; E. Glover, 83; and 9 scattering votes. The first two named candidates were elected.

The foundation has been laid for Mrs. Cashman's house on Clinton street, on the site of her residence burned last fall. The carpenters are also at work getting out the timbers. The frame of William Graham's new house further up the street has been raised.

In fact he keeps everything that is needed by the merchant, banker, farmer, mechanic and laborer. *We sell for cash only, and by so doing will give you more for your money than you can get at any other place where they charge you an extra per cent. for all bad debts they incur.* Mr. Bartels, of the old firm, is with me and will attend to the wants of the old customers of the late firm and will see that they have goods of the style and quality to suit them.

We also take measures for the celebrated Wilson Bros. shirts as usual.

Give us a call and Bart will surely please you.

J. M. FRENCH,
Successor to Hull & Bartels,
North of the Court House.

The most fastidious seeker for fine shoes will find the stock of Child & Phillips at this time especially attractive. The ladies in particular will be delighted, as the stock of ladies' shoes is one that has probably never been equalled in Ottawa. The goods are in several styles of lasts, and in great variety of widths, while the materials are the very best manufactured. The stock is the finest they have ever shown, and if it does not satisfy everyone, no stock can be opened that will. In gents' fine shoes the stock is rich in new styles and desirable goods. Mr. Phipps asks all to call on him, assuring them prices that cannot fail to be as satisfactory as the goods are excellent.

The canal business has not become very lively as yet, although several boats of lumber have passed down, bound for Peoria; while J. N. Shuler, of this city, has shipped three or four car-loads of corn to the same port. Considering the bad roads, and that the season last year did not open until after the middle of April, the outlook for business is not so bad.

Everybody, wife and children should call at Spencer's and get a copy of his newspaper—just published. It tells many funny things and many truths, especially about boots and shoes.

Somebody, with a provident care for Uncle Sam's postal employees in this city, forwarded by express a few days since to the office in Ottawa a liberal "lunch for the boys and something to drink for Bowman." The "drink" consisted of a half-filled bottle of *agua annona*, and the lunch was hard-tack, old cheese and sausage. The villainous joker has not been apprehended.

An old lady writes us: "I am 65 years old and was troubled and tormented all the time when I bought a bottle of *Peter's* Balm for my rheumatism. I used little more than one bottle and feel as well as at thirty. See other column."

Beware of Them:
A good article that has achieved success and attained a world-wide reputation by its true merits and wonderful results, is always imitated. Such is the case with Dr. King's New Discovery for consumption, coughs and colds. Already unprincipled parties are endeavoring to delude an unsuspecting public by offering imitations of this most fortunate discovery. Do not be deceived, but insist on having the true remedy, and take no other. For sale by G. Gehring. Trial bottle 10 cents.

Deaf as a Post.
Mrs. W. J. Lang, Bethany, Ont., states that for fifteen months she was troubled with a disease in the ear, causing entire deafness. In ten minutes after using Thomas' Electric Oil she found relief, and in a short time she was entirely cured and her hearing restored.

The county jail now has 13 prisoners. One, James Collins, serving a sentence of 90 days for engaging in a drunken row, was released on Thursday.

Look out for Hull.

He struck New York in the right time, and will show you next week what he struck. In fact, call to-day and see a few things that came last night, and we will show you what you may expect in prices. I never blow what I do not have. Now I say that I will open during the week the most extensive and largest stock ever shown in Ottawa, and at prices under all of them. When you hear prices quoted, call at Hull's and see if he is not below.

We claim that we have the finest patterns in Carpets in Ottawa, and still we found some in New York we thought prettier and bought them, and they are cheap. Call and see. It costs no more to buy a handsome carpet than a novelty one. I do not think that we are beat much. We sold yesterday ten carpets and still have more left and more on the way. W. H. HULL.

The Odd Fellows of La Salle are making preparations to entertain all who may attend the anniversary celebration on the 30th. The exercises will be held in the afternoon and consist of the ordinary form adapted to the occasion,—speaking, music, &c. In connection with this we have been requested to ask that those who intend to go from Ottawa on that day will leave their names with Dr. J. O. Harris or E. Y. Griggs that ample transportation may be provided.

Don't run risks of getting "stuck" on flour you know nothing of, made a thousand miles from home, but try the Victor Mills goods—always good, and can be ordered through your telephone.

Mrs. Gregg has just received another lot of new millinery of the latest and most fashionable patterns. The ladies of Ottawa and vicinity should call and examine before purchasing their spring bonnets and hats.

Fire broke out in the Streator Window Glass Factory about 1 o'clock yesterday afternoon and in half an hour the entire works were in ashes. The prevailing strong wind swept everything, notwithstanding all efforts to stay them. The loss is estimated at \$85,000; insurance, \$35,000. The fire is supposed to have originated from a pot, which some of the workmen had lowered, coming in contact with a portion of the wood-work. About 100 men are thrown out of employment, several of whom came to Ottawa last evening.

For a cheap flour the Victor Mills Hungarian is the cheapest reliable flour to be had. It is always good, makes excellent bread (the bakers use barrels of it) and always gives satisfaction.

Grand "Electric" Display of Easter Goods at Scott Bros. & Co.'s to night. Bring your wife or your girl to this store this evening and buy them a nice Easter present.

Select your boots and shoes from the largest and most complete stock in the city—Spencer's, of course.

A newspaperman tried to interview W. K. Stewart, of the firm of Stewart & Pruett, yesterday, in regard to building prospects for the present season, and found him so busy getting out material for the half dozen houses under contract that he wouldn't talk. They are doing an immense business and giving satisfaction.

Wall Paper.
New and handsome designs at Forbes & Lorriaux's.

Easter Millinery.
Several cases more of new millinery goods were received this week, including all the latest shapes of hats and bonnets, with some choice new ribbons, flowers and plumes. You ought to see Scott Bros. & Co.'s new Easter Hats. They are perfectly lovely.

Several new houses are in course of erection on the west side. Some enterprising capitalist would realize a good percentage on his money by building from 25 to 50 cottages for rental. The demand for houses is constantly on the increase, and none are to be had.

Maher Bros. are in receipt of an immense stock of men's shoes, which they are offering at exceedingly low prices.

We Mean
What we say—that we can show you more wall paper of all grades from the cheapest to the finest decorative papers made than any other house in this county. We insist we carry the only first class stock of wall paper, decorations, etc., to be found in the county; and after looking through our stock you will be convinced we are right.

Don't let those other fellows tell you, as some of the dealers throughout the county will, that we carry only high priced goods, but remember we carry everything in the line.

They admit that in all line papers they can't begin to compete with us, and tell you that it is all we carry.

Don't be fooled. We have high priced goods and low priced goods, the cheapest as well as the best goods, and all goods are at the lowest prices these qualities can be sold for.

We want you to see our stock, whether you want to clean a closet with a straw paper or decorate a parlor, which, by the way, we can do in more fashionable style than the frescoer, at one-half his prices.

Come and see us. No trouble to show goods.
OSMAN & HAPPEMAN, Ottawa.

The Circuit Court.
Following is a brief synopsis of the business finished in the circuit court this week:
Judgments.—Joseph Albrecht vs. Joseph Hiser, \$5.00.
Bridg & Shipman v. Leo Ledman, judgment in favor of interpleader and rights of property to the goods to be in Amanda F. Rosenberg. Joseph Capps & Sons vs. same; same order. *Liquor Suits*.—Augustus Frank, \$20.

The election for trustees of school takes place to-day. The candidates are, in the West district, E. B. Lovejoy and John McLaughlin; in the city district, Elias Hathaway. One is to be elected from each district; in the city district for one year; in the other for three years.

Deaf as a Post.
Mrs. W. J. Lang, Bethany, Ont., states that for fifteen months she was troubled with a disease in the ear, causing entire deafness. In ten minutes after using Thomas' Electric Oil she found relief, and in a short time she was entirely cured and her hearing restored.

The county jail now has 13 prisoners. One, James Collins, serving a sentence of 90 days for engaging in a drunken row, was released on Thursday.

Two Years.

Just two years ago to-day the enterprising dry goods firm of Forbes & Flick, of this city, opened their doors for the first time to their numerous friends and the public for a share of their patronage with a *grand opening*. It was pronounced by all the ladies who gave them a call a decided success, in point of variety, elegance and artistic display of goods. When we reflect back to the first day, after a close inspection of their present stock, we can hardly realize the comparison, and to form an adequate idea of the difference, we imagined a small rivulet swollen to a mighty stream. In place of making a meagre attempt to fill up by *putting and spreading* their goods, they have got every available nook and crook, up and down stairs, completely packed with as fine a line of dry goods as ever was seen in this city at one time. If they continue using their superior judgment in the selection of desirable and stylish goods, their courteous manners and accommodating ways, we predict for them a brilliant future. Their trade is gradually increasing, having now reached a magnitude far beyond their expectations. The plausible reason for this is, they are close buyers, paying cash for their goods and receiving the discounts. Their expenses are perhaps three times smaller than any other house in the city. These are items worth considering, as it enables them to undersell all competitors. On making our tour of inspection we noticed several new cases of goods just opened, consisting of the newest and latest spring styles, such as brocade, striped, checked and plain grenadines; the same in bunting, summer silks, cashmeres, etc., with beautiful trimmings to match. Every lady who visits our city will find it to their advantage to call and see these goods before purchasing elsewhere. They have also an elegant line of parasols, dolmans, cloaks, etc. Remember, a word to the wise is sufficient.

Respectfully,
FORBES & FLICK.

Mrs. O'Meara was too busy yesterday filling orders for Easter hats and bonnets to write an advertisement. Her stock of millinery nevertheless is large, and her styles very beautiful.

Burke Bros. new grocery store has attracted considerable attention during the past week by the fine stock of staple and fancy groceries, and the low prices at which they are selling.

Easter Novelties.

Easter at the Churches.
To-morrow is Easter Sunday, the "Queen Festival of the year." In England Easter-tide is a secular holiday as well as religious festival. In this country, however, its observance is a religious one only, except so far as the closing of Lent with Easter recommences the "events" of the society world. The religious services in the churches in Ottawa will be somewhat as follows:
Episcopal Church.—The freeloading of the church has progressed so far that most of the staging will be taken down to-day, so that the church may be decorated with flowers, as usual at Easter. In the morning will be an Easter service, followed by Holy Communion. Special music has been prepared for the service, a quartette of male voices taking the leading part. In the afternoon the sacrament of baptism will be administered at 3 o'clock. In the evening there will be the children's festival with processional, anthems, carols, offertory, &c.
Baptist Church.—The church will be beautifully decorated with flowers. Rev. McPherson preaches an Easter sermon. In the evening the Sunday school will give a concert, in which there will be music by orchestra and brief addresses by Attorneys Armstrong and Eckels, and exercises by scholars. S. S. at 12 M. sharp.
Congregational Church.—In the evening there will be a Sunday School Concert with addresses by J. G. Armstrong, D. B. Snow, and B. T. Holmes; music by orchestra, songs by class of male girls, &c. The church will be decorated.
Methodist.—The pastor will preach in the morning on "Resurrection Power," and in the evening on "Lessons from the Crime of Heron Antipass."

Congregational.—Morning: "Christianity and the Resurrection of Christ." Thy Ottawa Commandery will attend this service in a body.

BOSTON DRILL.—The young ladies who are to take part in the Boston Drill will please meet at the Armory on Thursday evening, April 13, at 7½ o'clock.

The ladies of the Methodist church and Sunday School are preparing for a "Paper Bazaar," which will be held at an early date for the benefit of the school. This is something new, so look out for further notice.

Doll Carriages.
