SUMMER
Clearing Sale!
DRESS GOODS.

THE PRESENT SEASON

Has seen the largest stock of Dress Goods of all fabrics ever opened by the house of

H. J. GILLEN

And never before have such extraordinary bargains been offered in Ottawa.

SPECIAL BARGAINS
AND
SPECIAL ATTRACTIONS
IN
SILKS.

The stock consists of 5,000 yards pure dye Gros Grains, in all shades and colors, which can be purchased at

The Greatest Bargains Ever Offered.

The Carpet Department

Is pronounced the finest in the city, and consists of every description of standard goods. Buyers are requested to examine this stock before placing orders, as it is believed that both as to quality, desirableness of patterns and styles, and lowness of price, this stock offers advantages over all others in the county.

H. J. GILLEN.

Full assortment of fire works and flags at Piergue's.

Now is the time and F. D. Sweetser & Co.'s the place to by cultivators and gophers. See the Eagle Claw.

Old Settlers' Meeting.

The meeting of the Old Settlers Society called for June 10th, on account of the use Supervisors' room for other purposes, was postponed until next Saturday, June 19th, 1886, at 10:30 A. M., when a full attendance is desired.

Grand Rush!

The rush of the season is every day increasing at H. J. GILLEN's. The special sale commenced by this mammoth establishment one week ago, to be continued in all departments for 30 days, is not only meeting with a grand rush, but also with a great success as to volume of sales in each and every department.

This rush only proves what can be accomplished amongst an intelligent people when you give them the greatest bargains ever offered in seasonable, standard goods and reliable merchandise.

A sale of this kind is a very rare opportunity for the purchaser, as this stock is the grandest, most complete and best selected ever opened by any house in the county and is offered to the trade at prices that are making each and everybody say: "Why, such bargains! and that, too, on all lines;" "This, indeed, is the cheapest and finest stock that it has ever been our fortune to examine;" "Such a large variety as well as the extreme of low prices!" The great cause for this slaughter is that this truly immense stock, purchased at tempting prices, in a sluggish or depressed market, must be unloaded in a very short time, and the house is determined to give the people a benefit by dividing the many advantages thus gained, and also to demonstrate how cheap first-class goods can be sold when bought at the right time—at the right place. This can be done by calling at Gillen's during this sale and the taking many advantages there offered.

This sale extends to the Boot and Shoe department, which stands in the front rank with any boot and shoe stock in the county, and you can there find the greatest variety as well as the finest stock, and always bottom prices. The great object in this department is to build up a trade and inducements in the way of low prices on first-class goods is the surest way to accomplish this end.

500 pairs of children's, misses', boys', and ladies' shoes to close, at 25c.

Call and examine.

We don't like to say too much about our big stock of trunks. At the same time if you wish anything in this line we can show you the largest line in Ottawa, and give the lowest prices. Please call and see.

M. STIEFEL.

There are a number of stock holders in and about Ottawa and in La Salle county, in what is hereabouts known as the Colwell motor—the invention of a brother of Rev. Mr. Colwell, formerly of this city. The motor, known as the "The Triple Themic Motor," promised great things, but until recently it can hardly be said to have passed the experimental stage. It has lately been shown, however, to be a great success, and it is believed that it will one day supercede steam largely as a motive power. The principle is the use of bisulphide of carbon vapor instead of water power. The vapor is generated in a tubular boiler enclosed in a surrounding shell, the liquid bisulphide of carbon on the tubes being heated by steam, admitted within the surrounding casing. The tests of the motor at the Lowell Electric Light Station (a very large plant) the consumption was 1.43 pounds per horse power per hour, which shows remarkable efficiency. The chief points of vantage over steam which this motor presents are economy of fuel and vast increase of power attainable with the same heat by the use of the new vapor, besides overcoming the defects of steam as a working medium in engines. Thos. S. Crane, M. E., of New York, has reported favorable on the new motor, as have other mechanical engineers, while a syndicate of Canadians have but recently bought the right of the patents for Canada. So the stockholders may yet realize handsomely on their investment.

The Latest from Logan County--Two Cures.

ELKHART, Logan Co., Ill., Dec. 2, '85.

MRS. DR. KECK—*Dear Friend:* When I applied to you for treatment I was suffering very much from catarrh, which had affected me for eight years, causing great trouble in my head, throat and stomach, which was so weak that at times I had to live on milk. Hard food always distressed me, causing sourness, vomiting, sick headache, gases and bloating, and causing my bowels to be loose at times, while other times very constipated. I was nervous and could not sleep. After following your directions I now feel well. I am much stronger and able to do more work than for years. I can eat any food without distress of any kind. My bowels are regular, my head does not trouble me, my nerves are strong, and I now have no trouble to sleep. You have also greatly benefited my daughter, whom I placed under your treatment, after waiting until I saw that my benefits were permanent. She had weak lungs, many of her father's people having died of consumption. She had catarrh very badly, causing great discharges of phlegm, and dullness in the head; was weak and felt tired and had no ambition to do anything. She is now like a different girl. She feels strong and good. I am very grateful to you, Mrs. Keck, and recommend you to my friends. Truly yours,

MRS. M. E. WILBANKS.

The doctor will visit her Ottawa office June 30th, until Saturday 3 P. M. Office, at the Clifton house.

LONG.—Mr. James A. Long, formerly of this city, but now of Washington, D. C., employed in the War Department and attending the Law Department of the National University, is a member of the reception committee from the junior class to receive the guests of the school on graduation day.

Parasols

Lower than any one else can sell them. A big job lot AT HULL'S.

George Roberts, who was struck on the head Sunday evening last with an end gate by Lyman Johnson, while he with some others were drinking at his stable near the C., B. & Q. depot, is yet in a very precarious condition. Yesterday he was no better, and the chances for his recovery do not seem flattering. The effect of the blow seems to have produced concussion of the brain. Johnson has been placed in jail to await the result of Roberts' injuries. Mr. Johnson, the father of Lyman, is an employee of the Window House, and a highly respectable citizen, is taking care of Roberts.

If you wish to "keep cool," get one of those light weight coats and vests. (Just the thing this weather.) AT STIEFEL'S.

Died.

Mrs. Ruth A. Shaw, whose maiden name was McMullen, wife of Charles M. Shaw, whose death, from cancer of the heart, was riefly mentioned in our issue of last week, was born in Uniontown, Pa., Sept. 23, 1840, and removed from there to this city in 1858. She was here married to Mr. Shaw May 14, 1862. She was the mother of four children, one son, Harry B., and three daughters, Florence A., Maggie B. and Nellie M., all of whom, together with her husband, survive her.

Mrs. Shaw was never a robust woman, but possessed of great cheerfulness of manner, she was seldom looked upon as an invalid even by those who best knew her. She was a woman who thoroughly enjoyed the quiet of home life, and in her own home showed a kindliness of disposition that made her a most agreeable hostess. Warmly attached to her friends, she will be greatly missed by them, and even by those who knew her but slightly. She was for many years a devout member of the Presbyterian church of this city, and at that church the funeral services were held on Sunday, the attendance being very large. Rev. Omelvena, pastor of the church, officiated, preaching a very strong sermon in praise of the many virtues of the deceased. The singing was by a quartette, composed of Messrs. Lancaster and Titus and Misses McNair and Smith. The floral tributes were most exquisite in design and handsomely arranged. At the conclusion of the church services the remains were interred in the Ottawa Avenue Cemetery.

Mrs. J. J. Witte, wife of the editor of the editor of the Ottawa *Wochenblatt*, died at her residence yesterday morning after a prolonged illness. She leaves surviving her husband and a large family of children. Mrs. Witte was a most estimable lady and held in the highest esteem by all who knew her. She funeral services will be held at her late residence at 2 o'clock to-morrow.

Police Magistrate Weeks yesterday fined John Bailey, a resident of the flats, $10.70 for shooting at Mayor Canty three times within the city limits.

The Prohibition Mass Convention was held at the Supervisors' room on Thursday, with a fairly good attendance, there being present the leaders of that party in this county. The business in hand was the selection of delegates to the State Convention to be held at Springfield on June 22d, and after electing Jacob Barnhart, of Streator, chairman, and G. B. Yomans of Marseilles, secretary, the following delegates were named: S. T. Osgood, D. Samuels, Marseilles; N. Kilborn, Ottawa; N. J. Colwell, Streator; C. T. Farrell, Fall Rive; H. Kistler, Serena; L. C. Hodgson, Farm Ridge; James Ford, Wallace, and W. T. Jones, La Salle.

Land buyers will be interested in the advertisement of Dr. J. O. Harris & Son, on our last page, where numerous bargains are offered. This is the oldest real estate firm in La Salle county, having been established away long back in the "fifties." During all that time the reputation of the business for character, ability, faithful service, reliability of statements made, and liberality to patrons has been the very highest—unquestioned by anyone, and indeed unquestionable. The country now is full of land agents; but we can say that the public will find Dr. J. O. Harris & Son in the foreground with the choice of the choice land still in the market in the west on their books, and that no agent has greater bargains in southern or western lands to offer the land-buying public than these gentlemen. They offer also the usual excursion rates given land buyers going to see lands themselves, and can, by means of their correspondents in all parts of the west, south or southwest, place every advantage of local acquaintance with lands at the disposal of their patrons.

On account of the low prices in green bottle ware, the Ottawa Bottle and Flint Glass House has been compelled to close the green house for the season. The Flint house will be closed the last Wednesday of the present month.

SCOTT BROS. & Co.

The Schubert Quartette Club Concert.

Few entertainments in our city have left so pleasing an impression as the one given by this club under the auspices of the G. A. R.

The hope has frequently been expressed by those who unfortunately were absent that the pleasure might be repeated.

The young ladies are to be congratulated upon having secured their services, and that in giving this concert they reverse the established precedent, and *bestow* rather than *ask* a favor of the community in so doing. When charity is clothed in so attractive a garb there is certainly little self-denial in responding. Add to this the low price of the tickets, which are fifty cents, thus placing within the reach of all the opportunity of enjoying a rare musical treat. Certainly the prediction that this will prove an unqualified success both as to numbers and enthusiasm, is fully warranted. To doubt it would argue an ignorance of the appreciative taste of the people of Ottawa, which, to say the least, is scarcely commendable.

We understand the young ladies will spare no pains in the matter of decoration make it not only an enjoyable but wonderfully attractive concert.

Let all bear in mind the time, the place, and the price: June 25th, Congregational church, admission 50 cts.

Rev. Geo. N. Boardman, one of the Professors in the Congregational Theological Seminary at Chicago, will occupy Rev. Day's pulpit to-morrow.

The bill for divorce brought by Mrs. Wm. Gilman has, we are happy to say, been dismissed, and the estranged couple happily reunited again. Their many friends will welcome the news almost as eagerly as they themselves saw their differences disappear.

J. Megaffin's shoe store is being entirely repainted and cleaned up in the nicest possible manner, and to-day and hereafter will, with the new paint and new plate glass, be one of the most attractive business houses in the city.

Mrs. W. J. Hynes, wife of the editor of the Streator *Times*, while getting off the Wabash train at Springfield Junction, on her way to Streator from Quincy, was thrown upon the platform by the sudden starting of the train, breaking the bone between the knee and the ankle.

A meeting of the Southern Deanery will be held at Christ Church on Tuesday evening and Wednesday next. There will be services at 8 and on Wednesday at 9, 10:30 a. m., 8:00 p. m., to which the public are invited.

Rev. Wesley Batcheller of Freedom, one of the oldest and best known clergymen in this county, was pleasantly surprised on Wednesday afternoon by his friends of the Freedom Grange, and those present report a delightful entertainment. Rev. Batcheller is now 89 years of age, and still hale and hearty,—a really wonderful man; and his ministry in the M. E. church, begun in pioneer days, has lasted over half a century.
