LOCAL COLUMN.

The standard remedies for all diseases of the lungs are SCHENCK'S PULMONIC SYRUP, SCHENCK'S SEE WEED TONIC, and SCHENCK'S MANDRAKE PILLS and if taken before the lungs are destroyed, a speedy cure is effected.

To these three medicines Dr. J. H. Schenk, of Philadelphia, owes his unrivalled success in the treatment of pulmonary disease.

The Pulmonic Syrup ripens the morbid matters in the lungs; nature throws it off by easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, the patient has rest and the lungs begin to heal.

To enable the pulmonic syrup to do this, Schenk's Sea Weed Tonic must be freely used to cleanse the stomach and liver. Schenck's Mandrake Pills act on the liver, removing all obstructions, relax the gall bladder, the bile starts freely and the liver is soon recleved.

Schenck's Sea Weed Tonic is a gentle stimulant and alterative; the alkali of which it is composed mixes with the food and prevents souring. It assists the digestion by toning up the stomach to a healthy condition, so that the food and the Pulmonic Syrup will make good blood; then the lungs heal, and the patient will surely get well if care is taken to prevent fresh cold.

All who wish to consult Dr. Schenk, either personally or by letter, can do so at his principal office corner of Sixth and arch Sts., Philadelphia, every Monday.

Schenk's medicines are sold by all druggists throughout the country.

EXTRA SESSION OF THE SENATE

WASHINGTON, March 9.—SENATE—Mr. Sargent submitted a resolution that the senate appoint the standing and other committees. Agreed to. He also submitted a resolution to suspend rule 46, requiring the appointment of committees to be made by ballot. Agreed to. The standing and select committees were then announced.

Mr. Thurman called up the resolution to refer the credentials of Mr. Eustis, claiming to be senator from Louisiana, to election's committee. Agreed to.

Mr. Grover substituted the following:

Resolved, That the thirteen memorials presented by Hon. J. H. Mitchell, purporting to be signed by 369 citizens of Oregon, reciting that it was currently reported and generally believed that the election of L. F. Grover as U. S. senator was procured by bribery, corruption and other unlawful means in the state legislature of Oregon, and that the said Grover did corruptly and fraudulently issue a certificate of election to one E. A. Cronin as presidential elector, on Dec. 6, 1876, and that said Grover did bear false witness before a committee on or about Jan. 6, 1877, be now referred to the committee on privileges and elections who shall thoroughly investigate and report upon the foregoing charges, with power to send for persons and papers.

The senate then, on motion of Mr. Sargent, went into executive session and when the doors were reopened adjourned until to-morrow.

National Convention of Glass Manufacturers

PITTSBURG, Pa., March 9.—A convention of window glass manufacturers of the United States closed its three days' session at the Monongahela house last night. Over 40 firms from all parts of the country were represented while many others sent their regrets and signified their concurrence in the object of the meeting. An organization was effected to be known as the National Association of Window Glass Manufacturers with the following officers:

President.—T. L. Day, Kent, O.
Vice Presidents.—F. L. Bodine, Phila.
" " Wm. Baker, Baltimore.
" " S. H. Fox, Durhamville.
Sec.—Forbes Holden, New Castle, Pa.
Treas.—M. W. Watson, Pittsburg.

The proceedings were of a private nature and members are very reticent, but it is understood a uniform scale of prices for the whole country was adopted and many minor matters that will harmonize heretofore conflicting interests were satisfactorily adjusted. Members express great satisfaction over the result.

Washington Gossip.

WASHINGTON, March 9.—The executive session of the senate lasted 20 minutes. The cabinet nominations were referred to committees; that of Schurz to the committee on finance, Devens to the judiciary, McCrary to military affairs, Thompson to naval affairs, Key to post office and post roads. A brief discussion took place upon adjourning until Monday and the motion to that effect, advocated by Cameron of Pa., and opposed by Sargent and others, was negatived, 44 against 11.

The old cabinet met with the president to-day. The treasury was represented by Comptr. Secretary Sherman not yet having qualified. Just before the time for cabinet meeting a delegation of colored men from South Carolina headed by Prof Rainey called on the president. They will submit suggestions this afternoon.

Watson, the fireman, Nick Wood, and the station keeper, Saul Wolcott. The cause of the explosion is unknown. The bodies of the deceased were horribly mutilated.

Rascally Bankers Indicted.

NEW HAVEN, March 9.—The United States district court grand jury has found three indictments against Jno. C. Tracy, president of the Farmers and Mechanics bank, of Hartford, for misapplying $50,000 of the funds of the bank, and five indictments against J. L. Chapman, cashier, for assisting the president and for embezzlement and perjury.

Weather Probabilities.

WASHINGTON, Mar. 9.—The Signal Service observations taken at 10 o'clock this forenoon indicate the following weather probabilities for this afternoon and to-night:

Indications for the northwest: Colder northwest backing to southerly winds; rising followed by falling barometer, clear or partly cloudy weather.

Death of Oliver Ames.

BOSTON, March 9.—Oliver Ames, brother of Oakes Ames, and also of Judge Ames of the probate court, died this afternoon.

MOLINE.

☞The Graham brothers will appear to-morrow before Justices Mapes and Swander. As Anderson, whom they are charged with having so brutally assaulted is much improved, they will, no doubt, be admitted to bail.

☞John Mooney, one of the oldest and most obliging, as well as one of the most faithful and trusty drivers on the street car road, has resigned his position and will remove to Orion, Henry Co., and engage in farming. John has the good wishes of many warm friends.

☞A large and appreciative audience assembled at Reese's hall Wednesday evening to hear the German Military band. Every one felt more than compensated for their money and time. When Charley Reese undertakes anything it invariably proves a success.

☞The road tax is not being collected as rapidly as Collector Hemenway would wish. A number of our solid farmers on the bluff, among the number Adolph Weckel, positively refuse to pay it. Litigation is likely to ensue when a test of the validity of the tax will be made.

☞Frank Pershing, the accomplished tonsorial artist will not be "one of the boys," hereafter. On Monday of this week, at the residence of the brides mother, Frank was married to Mrs. Hattie Sweney, Rev. J. M. Haney officiating. May their voyage through life be happy and prosperous.

☞Some close figuring and caucus wire pulling is being done in the interest of certain candidates for muicipal offices. There is fun ahead, and a surprise in store for a good many of the confiding and unsophisticated. Wool is cheap, and the manner in which it is being pulled over the optics of the susceptible followers, by the party managers, is amusing to an impartial looker on.

☞When Ira unboxed it, and it stood forth in all its glory, any one could see that it was blooded stock. It was not like common canines. The ends of its hair pointed directly opposite to what theirs do and its hinder legs stood out in bold relief pointing either way from the body. Yes it was a "Gordon setter dorg," and his honor takes pride in commenting on the fine points of his pet.

☞Judging from the report of Magistrate Swander, for February, criminal business has not been very lively. But 6 arrests were made, principally for disturbing the peace, and of this number only one, Alfred Anderson, paid his fine, amounting to $6.50. The others were either unable to pay, had their fines remitted or were sent to the calaboose to work it out. During the month 67 tramps were fed and sheltered at the city's expense.

☞Some of our "trooly loil" Repubs are seriously thinking of extending an invitation to J. Madison Wells to come to Moline, in order that they may all attain proficiency in the art of reversing majorities. This move is deemed necessary on account of the rapid accessions to the Democratic fold. Should Mr. Wells conclude to come he will find this city a splendid field and his scholars apt pupils; not altogether without experience either.

☞He mourns the loss of his satchel and wardrobe. He left it in the waiting room at the St. Louis depot, and went up town to pass the afternoon until train time, and when he returned it was not there. Inquiry among the boys who are employed at the depot revealed the fact that, when the room was locked up at dark, two suspicious looking characters were ordered out by the clerk and as they started to go one remarked to the other: "Better take your satchel" and he took it. Of course no one but himself was to blame for the loss of his baggage, and although he did some pretty tall swearing, he failed to recover his property or its equivalent.

Following is the Report of the Moline Free Public Library for Feb. 1877.

SWORN STATEMENT

OF A

BOSTON DRUGGIST.

GENTLEMEN,—I hereby certify that I have had Catarrh for ten years, and for the last six years have been a terrible sufferer. I was rendered partially deaf, had buzzing in the head, pains across the temple, dizzy spells, weak and painful eyes, swollen and ulcerated tonsils, hard and constant cough, severe pain across the chest, and every indication of consumption. My head ached all the time. The matter accumulated so rapidly in my head and throat that I could not keep them free. Frequently at night I would spring out of bed, it seemed to me, at the point of suffocation. I would then have recourse to every means in my power to dislodge the mucus from my throat and head before being able to sleep again. For a period of six years my tonsils were ulcerated and so much inflamed that I could with difficulty swallow. I finally consulted an eminent surgeon in regard to an operation on them, but at his request postponed it. The constant inflammation and ulceration in my throat caused by the poisonous matter dropping down from my head had so irritated and inflamed my lungs that I coughed incessantly,—a deep, hard cough. Meanwhile my system began to show the effects of this disease, so that I lost flesh, grew pale and showed every symptom of an early death by consumption. When matters had reached this stage, or about six months ago, I began the use of SANFORD'S RADICAL CURE FOR CATARRH. After using the first bottle I began to improve rapidly. The first dose seemed to clear my head as I had not known it to be for years. It seemed gradually to arrest the discharges. It stopped my cough in three days. By using it as a gargle I soon reduced the inflammation and swelling of my tonsils, so that they soon ceased to trouble me. The soreness across my chest disappeared, the buzzing noises in my head ceased, my senses of hearing and of seeing were completely restored, and every symptom of disease that had reduced me to the verge of the grave disappeared by the use of SANFORD'S RADICAL CURE FOR CATARRH.

I have been thus explicit because, as a druggist, I have seen a great deal of suffering from Catarrh, and hope to convince many that this is a great remedy.

I am familiar with the treatment of Catarrh as practiced by the best physicians, and have consulted the most eminent about my case. I have used every kind of remedy and apparatus that have appeared during a period of six years past, and have, while following their use, taken great care of my general health, but obtained no relief or encouragement from any of them.

Since curing myself with SANFORD'S RADICAL CURE, I have recommended it in over one hundred cases without a single case of failure, and have in numerous instances received whole-ale orders from parties to whom I have sold one bottle. This is the only patent medicine I have ever recommended never having believed in them before, although constantly engaged in their sale.

Very gratefully yours,

GEORGE F. DINSMORE.

Boston, Feb. 23, 1875.

SUFFOLK, ss. Feb. 23, 1875.

Then personally appeared the said George F Dinsmore, and made oath that the foregoing statement by him subscribed is true.

Before me,

SETH J. THOMAS,
Justice of the Peace.

Additional Statement.

Since the above statement was made I have been rapidly improving in health. I have had no return of the disagreeable symptoms that attended my former sickness, and although affected from time to time with severe colds incidental to the sudden changes in our climate, they have not been sufficient to bring on a return of the disease. My general health has been excellent. I have gained 25 pounds and consider myself entirely recovered from a disease that a year ago seemed likely to totally undermine my constitution. Since last February I have consulted with a great many afflicted with Catarrh, and in the hundreds of cases in which I have sold it I have never seen an instance sufficient to shake the confidence I feel in Sanford's Radical Cure for Catarrh.

October 26, 1875. GEO. F. DINSMORE.

[Every person should read this carefully.

Dr Fenton, Cleveland, O. Dear Sir:—Five years ago, then in Brazil, South America, I there contracted a disease that nearly cost me my life. I was seven months in hospitals—Spanish Brazilian and Buenos Ayres—but to no purpose. I then went to Cienfuegos, Cuba, and spent sixty-four days in the military hospital. The doctors told me if I had any friends I had better make my way to them. The American Consul sent me to New York. Last Spring it came on me again, rest in the night was out of the question. A friend in the St Charles Hotel here (Detroit) advised Fenton's Matchless Syrup; I sent for six bottles. I have only taken four and am perfectly well. I must say it surprised me, and all that knew the condition I was in for five years. I freely recommend Fenton's Matchless Syrup above any blood purifier in the catalogue of medicines. Yours respectfully,

Detroit, Mich. E. McKitterick.
