

## OUTBURSTS OF EVERETT TRUE

### AN EDITORIAL WARDROBE

In moving we missed several articles of more or less value, and the party who got them ought to know that we know, and have one witness besides. A small imitation leather grip, a hair brush, a tooth brush, pen knife, pair suspenders, and two rolls of wall paper were seen put into a basket. If they are returned that will

end it. But if an officer has to hunt them it will bring on more talk.—

When silk is spotted with grease rub it with French chalk or magnesia, then hold the spotted portion near the fire. The chalk will absorb the grease and can be brushed off, taking the grease with it.
