BATTERIES—Faber, Danforth and Schalk for Sox; Schupp and Rariden for the Giants.

New York, Oct. 11.—It stands now two and two.

The Giants with Schupp at the helm had little or no trouble putting the Sox down to humble defeat 5 to 0, this afternoon before a crowd of 33,000 at the Polo grounds.

Faber was sent to the box and lasted until the seventh. Danforth was sent in to complete the nine innings when Rowland's men were so far in the hole there was no chance of rescue.

Kauff got his first circuit drive in the fourth and followed with another in the eighth, splitting the drives against Faber and his pitching pal, Zimmerman tore off a three-bagger in the eighth. PREDICT DROP IN FOOD PRICES WHEN LAW IS IN OPERATION

PRESIDENT WILSON ISSUES PROCLAMATION SHOWING REGULATIONS AND RULES GOVERNING STAPLES DURING PERIOD OF WAR.

Lower prices for food products are in sight. Before the first of next month practically all staples used by Americans will be under government control.

President Wilson today issued an executive order requiring manufacturers and distributors of some 20 fundamental foods, to operate under license restrictions designed to prevent unreasonable profits and to stop speculation and hoarding.

Regulations are prescribed for meat packers, cold storage houses, millers, canners, elevators, grain dealers and wholesale dealers and retailers doing a business of more than \$100,000 annually in the commodities to be named.

"The prime purpose of the food administration," the announcement says, "is to protect the patriot against the slacker in business."

Debt to Soldiers.

"It has generally been recognized that enormous obligations imposed on the American people to feed our soldiers at the front and the allies create a disturbing factor in trade which allows opportunity to a few to impose a burden upon many, and that it is of vital importance that such control should be exerted as will remedy, so far as may be, economic disturbances incident to the war."

The Proclamation.

After quoting the food control act, under which the action is taken, the President's proclamation says:

"It is essential, in order to carry into effect the purposes of said act, to license the importation, manufacture, storage and distribution of necessities to the extent hereinafter specified. 'All persons, firms, corporations and associations engaged in the business either of (1) operating cold storage warehouses (a cold storage warehouse being defined as any place artificially or mechanically cooled to or below a temperature of 45 degrees Fahrenheit, in which food products are placed and held for thirty days or more); (2) operating elevators, warehouses or other places for storage of corn, oats, barley, beans, rice, cotton seed, cottonseed cake, cottonseed meal of peanut meal, or (3) importing, manufacturing (including milling, mixing or packing) or distributing (including buying or selling) any of the following commodities:

- Wheat, wheat flour, rye or rye flour. Barley or barley flour.
- Oats, oatmeal or rolled oats.
- Corn, corn grits, corn meal, hominy, corn flour, starch from corn, corn oil, corn sflup, corn glucose.
- Rice, rice flour.
- Dried beans.
- Pea seed or dried peas.
- Cotton seed, cottonseed oil, cottonseed meal.
- Peanut oil or peanut meal.
- Soy bean oil, soy bean meal, palm oil or copra oil.
- Oleomargarine, lard, lard substitutes, oleo oils or cooking fats.
- Milk, butter or cheese.
- Condensed, powdered or evaporated milk.
- Fresh, canned or cured beef, pork or mutton.
- Poultry or eggs.
- Fresh or frozen fish.
- Fresh fruits or vegetables.
- Canned peas, dried beans, tomatoes, corn, salmon or sardines.
- Dried prunes, apples, peaches or raisins.
- Sugar, sirups or molasses.

Exceptions to Rule.

"Excepting, however, the following: 'Operators of all elevators or warehouses handling wheat or rye, and manufacturers of the derivative products of wheat or rye, who have already been licensed.

"Importers, manufacturers and refiners of sugar, and manufacturers of sugar, sirups and molasses, who have already been licensed.

"Retailers whose gross sales of food commodities do not exceed \$100,000 per annum.

"Common carriers.

"Farmers, gardeners, co-operative associations of farmers or gardeners, including live stock farmers and other persons with respect to the products of any farm, garden or other land owned, leased or cultivated by them.

"Fishermen whose business does not extend beyond primary consignment.

"Those dealing in any of the above

UNCLE SAM TO PLAY SANTA FOR BOYS IN MANY ARMY CAMPS

POSTMASTER DOUGHERTY ISSUES INSTRUCTIONS SHOWING HOW PACKAGES SHOULD BE WRAPPED AND ADDRESSED.

Uncle Sam is getting ready to play Santa Clause for every one of his boys at the front and to facilitate work of delivering the thousands upon thousands of gifts that will pour into the army camps. He has issued an appeal to citizens of Ottawa, as well as those of other cities, asking them to co-operate with him by following the appended set of rules announced by Postmaster James J. Dougherty:

"To the Public: The time is approaching to give thought to bringing Christmas cheer to the American soldiers and sailors abroad. 'Arrangements have been perfected whereby the Christmas mail to the American expeditionary forces in Europe is to be delivered by Christmas morning. Without the fullest co-operation on the part of the public it will be impossible to accomplish this result.

"The three essential respects in which the public can aid in assuring a happy Christmas at the front are: Mail early, address intelligently, and pack securely. For this reason it is urgently requested that all persons having Christmas mail for the soldiers and sailors and the civilian units attached to the army in Europe observe closely the following directions:

1. Mail to reach the soldiers in France by Christmas morning must be posted not later than November 15th.
2. Every package must bear conspicuously the words "Christmas mail," the complete address of the person for whom it is intended, and, in the upper left-hand corner, the name and address of the sender.
3. Every package must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to France which has not the postmaster's certificate that it contains no prohibited articles.

JAMES J. DOUGHERTY,
Postmaster, Ottawa, Ill.

The Grand Lodge apportioned its fund as follows: One hundred and sixty thousand dollars for aid of members in the country's military service; \$150,000 for men now in France; \$10,000 for soldiers' recreation purposes and a \$25,000 subscription to Liberty bonds.

INTERURBAN HITS REV. WILLIAM DAY NAMED MODERATOR OF CONG. CHURCHES

WILLIAM WILLAVIZE VETERAN AUTOMOBILIST IN ACCIDENT THIS MORNING—ESCAPES FROM MISHAP UNINJURED.

Ottawa today recorded another "fortunate escape" from serious results in an automobile accident when William Willavize, 637 Madison street, was in a machine that barely missed total demolishment in front of a west bound C. O. & P. car. Mr. Willavize, who is a prominent West Ottawa octogenarian and noted for his skill in driving a car, came out of the mishap uninjured, as did also his son, Grant Willavize, who was with him at the time.

Backing from his yard onto Madison street just as motorman Harry Funk and Conductor Walter Reese, were returning their car to the shops west of town, Mr. Willavize, who was at the wheel, arrived on the tracks in time for the two cars to meet. The interurban car naturally played havoc with a smashed wheel and a caved in radiator, but the blow was not sharp enough to throw the aged driver nor his son to the pavement.

The interurban car causing the accident arrived at the Ottawa station at 8:50 o'clock, and as this is its terminal it is sent back to the barns to await the next trip. It was while the motorman and conductor were driving the car on reverse that the collision occurred. Because of his position at the rear end of the car it was impossible for Motorman Funk to see Mr. Willavize back out of his yard onto the track.

REPORT MOVE ON TO OUST GERMAN CHANCELLOR FOR PRINCE BUELOW

MANY VOLUTEER TO HELP IN CAMPAIGN FOR SALE OF BONDS

ARTISTS OFFER SERVICES FOR FRIDAY NIGHT'S MASS MEETING—JOE REARDON WILL RENDER PATRIOTIC SONG OF OWN COMPOSITION.

Intense interest is being shown by the patriotic people of Ottawa in their desire to get back of the Liberty Loan movement and give it every support possible. Chairman Griggs, of the local committee, during the past two days has had many artists along different lines who have willingly tendered their services for the big patriotic meeting to be staged at the high school auditorium tomorrow night—Columbus night.

Another star that has been added to the program that will entertain the crowd will be Joe Reardon. So that with Miss Elliott, the popular soprano, music by the high school orchestra and a chorus of the students with the splendid address to be delivered by S. J. Duncan-Clark, will be a great treat to the people of this community.

President Griggs will appoint an executive committee of well known people who will volunteer their services to assist in loaning money to the government at 4 per cent interest. Every bank in the city is now ready to take subscriptions for the loan and all have agreed to adopt the partial loan plan of payment to any person who does not feel able or is not prepared to pay cash for his bond. This is a splendid means of saving money and the different banks of the city encourage and recommend this splendid plan for becoming a bond owner.

Every head of families and every young man and woman should make it their business to attend the patriotic meeting tomorrow night and bring their friends and neighbors with them. It will be the means of showing their patriotism and their presence encourage the citizens of this community with the hope that our people stand solidly behind the government. To those that have relatives or friends now in the service of Uncle Sam, a special appeal is sent out to them to attend the meeting.

When it comes to concerted action, when civic and governmental matters are concerned, the people of Ottawa can always be relied on in heartily supporting and co-operating in its good and welfare. For this reason it is believed that there will be a hearty response to the call for Ottawa to do its "bit" by attending the big gathering Friday night.

DOUGHERTY LANDS JAIL HEATING JOB

Contracts for installing the new heating system at the La Salle County jail and sheriff's residence have been awarded to John M. Dougherty, whose bid proved low in a field of three entrants in the race for the job. The system will be similar to the one now in use in the court house and the work will be done under the supervision of Architect Jason Richardson.

Bids for the contract were as follows:

J. M. Dougherty	\$3,500
Prafcke & Weiss	3,559
J. W. Clegg & Son	3,599

As there were only ninety-nine dollars difference between the high and low bidders it can be readily seen that the figures were compiled on very close estimates.

EXEMPTION GRANTED TO SHERIDAN BOY

The local exemption board received today from the district exemption board word that one more man, Ward Smith Poore, of Sheridan, had been allowed his claim for exemption by the temperance committee which was submitted by Dr. C. A. Vincent of Winter Park, Fla. The report, which indorses the work of the Anti-Saloon league, has not yet been adopted.

DISSATISFACTION WITH MICHAELIS IS SHOWN IN REICHSTAG

REVOLT HAS EFFECT

GERMANS NOT PLEASED WITH NAVY DISTURBANCE /FEARING MOVE MAY HAVE BAD EFFECT ON ALL OF POPULACE—U. S. SEES IMPORTANCE OF OUT-BREAK.

BULLETIN.

Petrograd, Oct. 11.—The new Russian cabinet, headed by Premier Kerensky today repledged Russia to the allied cause.

Berne, Oct. 11.—A severe obstacle to early peace negotiations is seen in the announcement of the German chancellor that Germany will not relinquish Alsace Lorraine. Diplomats who studied carefully the declaration of Dr. Michaelis in the Reichstag on Tuesday, said today that, in their opinion this is the nearest Germany has yet come to making public any of her peace terms.

With France committed to the restoration of Alsace Lorraine and the German government on record for the retention of these provinces, a deadlock in the peace situation seems inevitable for the time being. A movement is reported under way in the Reichstag, backed by a number of deputies to compel the resignation of Chancellor Michaelis and reinstatement of Prince von Buelow, who formerly held that post.

During proceedings in the Reichstag on Tuesday oral attacks were made against President Wilson.

Copenhagen, Oct. 11.—More than three thousand sailors and several members of the Reichstag were involved in the mutiny in the German navy which broke out late in August, according to information received here today from a German naval port.

The leaders were plotting revolution when the outbreak was checked by loyal German soldiers and sailors. Most of the warships affected were lying at Wilhelmshaven when the uprising took place.

Latest reports give the following causes as the chief ones leading up to the mutiny.

1. Influence exerted by the success of the successful revolt in Russia, which inspired the men to a demand for "Naval Committees," such as now exist in the Russian fleet.
2. Bad and insufficient food.
3. Low morale caused by long inactivity.

Whether there was any connection between the outbreak in the navy and the mutinous uprising among the German soldiers on the western front is not known, but it is assumed here that there was.

The ringleaders in both instances were severely dealt with. A number were executed and severe terms of imprisonment were conferred upon others. The sentence imposed harsh as they were fell short of the penalties demanded possibly by the Kaiser.

Among the warships affected was the Westfalen, which was reported sunk at the time of the battle of Jutland.

Others were the Luitpold, Prinz Regent, Kaiser and Nurnburg.

The government had the utmost difficulty in suppressing the revolt. Some of the marines refused to fire upon the mutineers, so infantry was called to the scene and the iron disciplined soldiers showed no hesitation in turning machine guns and rifles upon the mutinous sailors. It is not known how many were killed.

Unrest in the German navy continues despite the stern measures that have been taken to stamp it out.

It was recalled here today that at the time of the Kaiser's hurried trip to Wilhelmshaven, at the time of the mutiny, the Berlin Lokal Anzeiger and other papers stated that William was going to review the fleet and the defense on Helgoland.

It is understood here that the German navy has commenced to conscript sailors from the fleet for submarine duty and this may have been one of the underlying causes of the growing unrest.

Washington, Oct. 11.—American naval circles today were anxiously seeking further information about the mutiny in the German navy. The admission that one had taken place was considered most significant. Naval revolts have been very few in history, it was pointed out, naval men are extremely free from agitation that makes for unrest.
