

HOW TO BUY A LIBERTY BOND

Sign an order asking your employer to deduct \$2.00 from your next pay check. This is a first payment on a \$50 Bond. On a \$100 Bond deduct \$4 as a first payment. You pay the bank (whichever one you select) like amounts every two weeks until the full amount of the Bond is paid.

FORM TO BE USED

Copies can be obtained from the Chamber of Commerce, Central Life Building, Ottawa.

FORM OF CONTRACT LIBERTY LOAN

(To be executed in duplicate.)

I, employee of.....
desire to become the owner of second United States Liberty Loan Gold Bonds, to the amount of
..... Dollars, for which I agree to pay the sum of.....

..... Dollars in the following manner:

I authorize my said employer out of my next pay check to deduct Two (\$2.00) Dollars for each \$50 bond subscribed for and Four (\$4.00) Dollars for each \$100 bond subscribed for, and to deposit the sum so deducted in the..... Bank of Ottawa, Illinois, to my credit.

I will pay such bank the same amount at semi-monthly intervals until the full amount is paid. I reserve the right to make larger payments if I wish.

The bank is to purchase for me liberty bonds to the amount of my above subscription and will handle the matter in the following way:

I am to receive from the bank a liberty bond pass book on the making of my first deposit. If a \$50 bond is purchased, the deposit will be Two (\$2.00) Dollars and will be deposited to my credit in my pass book, and as I make my semi-monthly payments, like amount will be deposited to my credit in my pass book until \$50 is paid, at which time I will receive my bond with the first year interest coupons detached from it, my pass book then to be taken up.

In case of my failure to continue the payments so as to pay the full amount of \$50, I give the right to the bank to sell the bond in question in the open market and charge up the difference, if any, to my account in the pass book.

The plan will be the same as above for \$100, excepting the amount of deposit and payments will be twice as large as for a \$50 bond.
