

## TELL HOW GIRL WAS OUTRAGED BY VILLISTAS—FATHER KILLED

El Paso, April 11.—U. S. cavalry reported today to have crossed into Durango state after Villa. Far in advance of them, Villa is said to have reached Tepehuanes, on the state road to Durango City.

Arrivals from Chihuahua City today brought new version of Villa's injury at Guerrero, March 30. They said Adreas Rehaza, Mexican, shot Villa through the leg after Rehaza's daughter had been outraged. Villa's men caught Rehaza, and Villa personally, while still suffering acutely from the wound, killed Rehaza.

Chihuahua passengers also added Leon Bari, French merchant of Guerrero; four Arab peddlers and a number of Mexicans to three Americans and two other foreigners reported killed by Villa's men at Minaca. Americans killed were again said to be Dr. A. T. Stell, Frank Woods, Herman Blankenburg and Donald MacGregor.

How Carranzistas in Durango City will treat Villa was question uppermost in minds of El Paso officials today. Portion of Durango garrison under Arrieta brothers reported to have declared itself against American invasion of Mexico. This is unconfirmed. Other reports that Arrietas are Villa's personal enemies and are entrenched at Durango City.

Villa's Men a Day Ahead of U. S.

Washington, April 11.—Duplication of Dodd's dash which routed Villa's band at Guerrero will be necessary if bandit chief is to be overtaken by American pursuers, army men said today. All reports agree that Villa's men are a day at least ahead of Gen. Pershing's riders.

Dispatch of Twenty-fourth (colored) regiment to Columbus has solved in part question of protecting tortuous auto trail to Chihuahua.

Sen. Fall's report that Villa is not wounded found no credence in war department for Pershing had reported again that Villa is injured in knee.

Washington, April 11.—30,000 troops are now engaged in Mexican service, leaving only 2,000 stationed throughout remainder of country.

About 12,000 troops are in Mexico. Largest part of this force is guarding Gen. Pershing's line of communication. About 18,500 are on border patrol. 2,000 are scattered in little groups at Spokane, Vancouver barracks, San Diego, Alaska, Kansas, lake district and northeast.

War department has referred to white house inquiries as to advisability of drawing from state militia any additional forces that may be needed to maintain border patrol. Recruits gathered in past few weeks will not be fit for active service until they have at least three months' training.

Columbus, N. M., April 11 (Censored).—Request for militia from Silver City, which was not honored, resulted from baseless rumors which caused great uneasiness last night. Presence of Carranza troops near the border ostensibly to flank Villa gave rise to alarming stories of imminent attacks on base camp here.

## ALMOST KILLED HER—NOW SHE WOULD MARRY HIM

Oswego, N. Y., April 11.—Thom's Hagadon almost killed his housekeeper, Violet Crane, yesterday, because she sold a rooster for 75 cents. Today Violet appealed to police for her assailant's liberty that she might marry him. She only had 75 cents, however, and a license costs \$1. City officials concluded that Hagadon was better off in jail.

If we could build up a solid column of ice from the earth to the sun two miles and a half in diameter, spanning the intervening distance of 93,000,000 miles, and if the sun should concentrate its entire power upon it, it would dissolve in a single second, according to Prof. Young.
