

CHANGE IS PRESENTED TO GET ANOTHER BIG FACTORY

Deere & Company Subsidiary Corporation Ready to Come

ROSENFELD GETS BUSY

Meeting at Rock Island Club Encourages Proposition for \$400,000 Industry.

Facts About the New Factory Proposition.

Capital invested—\$250,000. Number of men employed—300. Character—Agricultural implements in connection with Deere & Co., of which it is a subsidiary corporation.

REQUIREMENTS. Ten acres of land in manufacturing addition in lower end of Rock Island. Complied with by industrial commission.

Nominal municipal taxation and nominal water rental for period of 10 years. Guaranteed by Mayor McCaskrin.

Subscription to an issue of preferred cumulative stock, bearing 7 per cent guaranteed and sustained by the prestige of Deere & Co. Reasonably certain, but up to the people of Rock Island.

Moving spirit in securing the proposition—President Walter A. Rosenfeld, Rock Island Club.

Another established branch plant of one of Moline's big manufacturing industries for Rock Island.

It was only during the present week that The Argus told of the plans of the Moline Plow company to build on ground which it had purchased for the purpose in the east end of Rock Island, a \$600,000 factory building, and to transport from another city a branch factory giving employment to 300 men. The announcement came upon the public with such suddenness as to almost take its breath away. But subsequent developments have verified the original news story. Ground has been broken and the new industry is coming to Rock Island.

Another Branch Industry. Last night at the Rock Island Club came from the lips of President Walter A. Rosenfeld before a meeting of 60 of the men of Rock Island responding to his call, the announcement of a proposition, the acceptance of which will bring to Rock Island within a few months' time another thriving branch industry. And the parent institution in this instance is none other than Deere & Co., the greatest plow manufacturing company in the world. When President Rosenfeld unfolded the plans and conditions to be complied with contingent upon the company locating its branch here, the proposition seemed too good to be true. Captain Rosenfeld was not at liberty to divulge the name of the factory or its present location. "But," he said, "be-

ANOTHER BLOCK TO ACCOMMODATE MONITOR PLANT

Minneapolis, Minn., Nov. 20 (Special).—At a meeting of the directors of the Monitor Drill company at the office of the concern here today, the action of the Moline Plow company, the parent corporation, in deciding to remove the plant from this city to Rock Island, was ratified.

It was announced that there would be an alteration in the original building plans on the Gordon tract, in the east part of Rock Island, where the Monitor plant is to be located. It is found that there is not room in the Gordon tract adequate to accommodate the new buildings and to afford the additional space an option has been obtained upon the block lying directly east, on the north side of Fifth avenue and embracing the Sinner homestead. The block includes 14 dwelling houses, and the whole has been purchased for \$40,000. The main building of the Monitor plant will be 1,200 feet long instead of 1,009, as announced originally. The new buildings are to be ready for occupancy next September. Excavation for the building has already begun.

The deal for the acquisition of the block east of the Gordon tract was negotiated by Robert Bennett of this city.

It is understood the location of the Monitor factory here will add 5,000 population to Rock Island.

for any of the requirements are completed with, before anyone in Rock Island or elsewhere becomes identified with this project, I will be in a position to make known both the name and the present location of the factory. Sufficient is it now to say that it has been running 12 months in this year for 25 years, has a present capital of \$250,000 and employs 300 men. And it has back of it not only the prestige, but the financial responsibility and the reputation of Deere & Co., as represented in the control of the stock and the output. As a matter of fact, the stock is owned by the directors of Deere & Co. and the managers of the branch houses of that company throughout the country. What better security would you ask, not only of the standing of the concern, but of its capability to dispose of its output?"

Three Requirements. President Rosenfeld then went on to explain the nature of the proposition, the acceptance of which will insure to Rock Island the location of this plant and what it will mean to the city. Briefly, the desire is to bring the plant nearer to the main factory. Its manufactures are implements which are a side line to the main product of the big industrial institution of which it is a subsidiary corporation. Contingent upon its coming to Rock Island three requirements have been stipulated. One of these is the donation outright of 10 acres of land in the industrial tract in the west end of Rock Island. This requirement, Captain Rosenfeld said, has already been complied with by the Rock Island industrial commission, controlling the tract. Another requirement is exemption for a period of 10 years of municipal taxation and water rental. That is to say, the company desires that its taxes municipal and

Booster of the Right Sort

President Walter A. Rosenfeld of Rock Island Club, Who Develops Tangible Proposition to Bring Another Big Factory to Rock Island.

for water be nominal for the time mentioned. This condition, Captain Rosenfeld stated, had been virtually assured by Mayor G. W. McCaskrin, who in his joint capacity of mayor and as a member of the industrial commission, had given the assurance that the city council would not hesitate to do its part in encouraging to the fullest extent any measure that will insure the location of an industry of such importance in Rock Island.

Attractive Stock Issue. The third condition was that an issue of \$100,000 preferred cumulative stock, bearing interest of 7 per cent, and with the guarantee of Deere & Co. back of it, be subscribed. It is the purpose of the company to increase its present capital from \$250,000 to \$350,000, and to apply the money from the \$100,000 preferred stock issue on the construction of its new plant in Rock Island. The company at present has a bond issue of \$115,000, which it explained would probably be reduced in the change of location of the plant to Rock Island. The output of the factory is already guaranteed for five years, and Captain Rosenfeld ventured to say that he believed that within a couple of years after the plant is in operation in Rock Island the number of men employed would be increased to 500.

Take to It Kindly. Captain Rosenfeld then asked for the views of those present, and among those who spoke from a financial standpoint as well as one involving the industrial advantage to the city of Rock Island were Frank Mixer, who spoke of the proposition as the best that had been offered not only to Rock Island, but to any one of the three cities, I. S. White, E. H. Guyer, L. Simon, H. E. Casteel, who dwell briefly upon the stability of the stock and its attractiveness as an investment not only for men of capital, but the man of small earnings and savings, T. J. Medill, Otto Huber, Oscar Schmidt, John Orlweiler, L. S. McCabe, W. H. Reck, and others. From the nature of the remarks, no doubt could be left in the mind of President Rosenfeld as to the answer he would make to the company relative to its proposition. "The company is desirous of knowing at the earliest possible date what may be expected from Rock Island," said President Rosenfeld, "as it has other localities which will be mighty glad to secure it if Rock Island fails. To be frank, the company has chosen Rock Island and wants to come here. It likes the town, the neighborhood, and the spirit of the people here, and there will be no difficulty about bringing the factory here if this stock is subscribed. When I am in a position to tell more of the name of the institution, its present location and its products, I am sure the stock proposition will look even more attractive than it does now. And right here I am prepared to say that my candid belief is that the stock will be over-subscribed. It is an opportunity for an investment as good as a government bond, one that should appeal to the man who has small holdings as well as the one of greater capital who is looking for gilt-edged investments. When I tell you that Deere & Co. are back of that stock issue, it ought to be sufficient guarantee as to its character."

Rosenfeld Told to Go Ahead. At the conclusion of the remarks, a motion prevailed that it be the sense of the meeting that the stock be subscribed, and a set of questions to be presented to the company controlling the factory were prepared with a view of having the answers for prospective stock purchasers, and then the following resolution was unanimously adopted and placed in the hands of President Rosenfeld: Resolved, That it is the sense of this meeting that the proposition presented here tonight, to locate in Rock Island a manufacturing plant employing 300 men, on a site of 10 acres to be donated, with nominal municipal tax

and nominal water rent for 10 years, should be accepted, and this association undertake to place \$100,000 of 7 per cent cumulative stock, preferred as to the assets and dividends and subject to a limited bond issue.

Proves a Fine Meeting. The meeting proved one of the best ever held on a subject of this kind, and responding as it did to President Rosenfeld's call to consider a factory proposition, the nature of which he did not divulge in advance, it proved highly complimentary to him. President Rosenfeld had confirmed his confidences in advance to the industrial commission and a committee of that body composed of Captain Rosenfeld, H. E. Casteel and W. M. Reck has charge of the proposition.

It is unnecessary to dwell at this time on the significance of the securing for Rock Island this industry, what it will mean not only in identifying the city's name with so great an industrial enterprise, but in the results to follow in the coming of other concerns of a similar nature. It insures the development of industry of a far-reaching nature in Rock Island for all time to come.

MACK-FULLERTON

Wedding of Popular Young Couple Takes Place This Afternoon.

GO EAST ON HONEYMOON

Marriage Celebrated at Home of the Bride's Mother, Rev. R. B. Williams Officiating.

Harvey K. Mack and Miss Mabel E. Fullerton were united in marriage this afternoon at 2 o'clock at the home of the bride's mother, Mrs. Mary E. Fullerton, 636 Eighteenth street. The marriage ceremony was performed by Rev. R. B. Williams, pastor of the First M. E. Church.

Only relatives and a few close friends attended the ceremony. As soon as it was concluded, Mr. Mack and his bride departed for the east where they will spend a short honeymoon. When they return they will make their home at 1007 Fifteenth street.

Both Are Well Known. Mr. Mack is well known throughout the city, he having been connected with the Burlington road in the capacity of traveling freight agent for a number of years. His bride is also well known and popular. She was employed for several years as a stenographer in the division freight agent's office of the Burlington road. Their many friends unite in wishing them happiness.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75 cents. Take Hall's Family Pills for constipation.

SOLDIER SHOTS SELF; WILL LIVE

G. E. Harper, a soldier, who is serving as a private in the regular army and who is stationed at Rock Island arsenal, attempted suicide last night about 9 o'clock. In the attempt Harper used a .44 caliber revolver. He fired one shot which entered his chest and hit a rib. It was deflected from its course and left the body, only inflicting a flesh wound. He was found in a dazed condition. The cause of the attempt is not known.

OBITUARY.

Mrs. Beulah Pinckley.

Mrs. Beulah Pinckley, one of the old and esteemed residents of Milan, died this morning at 2:30 at the home of her daughter, Mrs. Clara Chaney, 623 Seventeenth street. Death was caused by heart failure, Mrs. Pinckley having suffered for several months. Her death though not unexpected, came as a shock to her many friends in Milan and Rock Island.

Deceased was born in Mercer county Sept. 8, 1833, and for the past 40 years had made her home at Milan, Mrs. Pinckley, whose maiden name was Miss Beulah Jones, was first married to Henry Hanes, and six children were born of this union, four of whom survive. Mr. Hanes died about 15 years ago and deceased was married to Mr. Pinckley 13 years ago. Mr. Pinckley died a year ago last October. For 50 years Mrs. Pinckley was a devout member of the Methodist church. She is survived by four children, Rev. N. D. Hanes, Ransom, Ill.; Elmer Hanes, Milan; Mrs. Alice Heber, Milan; and Mrs. Clara Chaney, Rock Island.

Mrs. Alex Maas.

Mrs. Alex Maas died this morning at 10:15 at the home, 924 Fourteenth street, after an illness of 12 days of a complication of diseases. Deceased, whose maiden name was Miss Minnie Etzel, was born in this city Sept. 10, 1877, and was the daughter of Mr. and Mrs. George Etzel, 710 Fourth street. She received her education in the public schools of the city. On Jan. 26, 1901, Miss Etzel and Mr. Maas were united in marriage, and three children were born to them, Mildred, Katherine, and an infant daughter 9 days old. Besides her husband and children she is survived by her parents, two sisters, Mrs. Anna Maas and Miss Gertrude Etzel, and three brothers, George F. L. Etzel, Edward Etzel and Fred Etzel.

The funeral will be held Tuesday afternoon at 2 o'clock from the home, Rev. F. J. Rolf, pastor of the German Evangelical church, conducting the services. Burial will be in Chippewa-rock cemetery.

Charles Clark.

Charles Clark, the 1-year-old son of Mr. and Mrs. Hugh Clark, 836 Twenty-eighth street, died this morning at 7:30 after an illness of six months. He is survived by his parents and seven brothers, Peter James, Hugh, Emmett, Leo, Earl, Victor and Edmund, and a sister Rose. The funeral will be held Monday morning at 9 o'clock from Sacred Heart church. Rev. J. F. Lockney, pastor of the church, will conduct the services, and burial will be in Calvary cemetery.

Funeral of Isaac Still.

The funeral of Isaac Still will be held tomorrow morning at 9:30 from the home of his daughter, Mrs. Frank Rinehart, 1529 Fifth avenue. All of the old soldiers and comrades who were members of Company F, 3rd regiment, are invited to attend the services. The remains will be taken to Fulton for burial.

DELEGATION GOES TO THE MEETING

Rock Island represented at Interurban Gathering at Buffalo Prairie Tonight.

Notice was received at noon today that the postponed meeting at Buffalo Prairie for the purpose of arranging for the surveys for an interurban through the lower end of the county would be held tonight. Although greatly handicapped by the short notice, local boosters got together a party and in the big seven passenger Oldsmobile of President W. A. Rosenfeld of the Rock Island club, which the owner kindly loaned for the occasion, started at 4 o'clock for Buffalo Prairie, which is 25 miles away over roads that are heavy from recent rains.

Striking Indian Nomenclature.

"Muskokwa." Clear Sky Land; "Maganetwan." Smooth Flowing Water; "Kawartha." Bright Water and Happy Lands; "Temagami." Deep Water; "Wawa." The Flying Goose are Indian words that fittingly describe some of the most delightful spots for a summer's outing on the American continent. All reached at special low round trip fares via Grand Trunk railway system. Double track from Chicago to Montreal and Niagara Falls.

Particulars of fares, descriptive literature, time tables, etc., will be mailed free on application to W. S. Cookson, A. G. P. A., 135 Adams street, Chicago.

When Your Joints Are Stiff

and muscles sore from cold and rheumatism, when you sprain a joint, strain your side or bruise yourself, Perry Davis' Painkiller will take out the soreness and fix you right in a jiffy. For over 70 years it has been the standby for emergencies in thousands of families. Don't go home without a 50c bottle or one of the new 25c bottles.

POLICE CLEANSING THE CITY OF STREET WALKING ARMY

BURGLAR FELS A MOLINE WOMAN IN HER OWN HOME

Returning to her home at 8 o'clock last evening, after an absence of 15 minutes in going to the house of a neighbor to use the telephone, Mrs. Carl Nyquist, 724 Twelfth street, Moline, interrupted a burglar in the act of ransacking her residence. Mrs. Nyquist left a light burning in the kitchen. Her husband departed at the same time she did, the latter going to visit a relative a block away. Mrs. Nyquist, on her return, entered the front door. She was whistling. Suddenly she noticed a form of a man in the parlor. He lunged towards her and felled her with a blow on the side of the head before she had time to utter an outcry. He then ran out the front door. Mrs. Nyquist followed him two blocks, expecting to meet some one en route who would aid her, but she was disappointed, and the burglar darted into an alley and disappeared from view. He made good his escape. The burglar got a watch and several other pieces of jewelry.

Women and Their "Cadets" Are to Be Driven Out.

NUMBER ARRESTS MADE

Male Consorts Retain Legal Counsel to Fight Vagrancy Charge.

During the present week there has been a systematic warfare directed by the Rock Island police department against the street walkers and their male consorts. Several arrests have been made, both of the women and the leeches that have been living off the returns from the vicious traffic of the former.

Mayor G. W. McCaskrin announced some weeks ago that he proposed treating the city to a moral cleansing. He has made a good beginning, and he is to be commended. The one hope of the Argus and the people generally of the city is that he will follow up the campaign and not permit a return of the evil conditions.

Two of the men—the proprietors prevent the use of their proper name in a newspaper description—language in the county jail. The women of whom they were living told appalling stories of degradation in police court. These vultures regard a girl as a commercial asset. They rent a room, which they call home, and send the woman out on the town to earn a livelihood for both. Her instructions are to "get the money." If she must steal, that is up to her.

One of the girls arrested this week told of her marriage when she was 15. Her husband was a saloon loafer. He refused to work. He induced her to leave their home city. When he got her far enough away from home so that she could not turn back, he showed her the way to earn money easily, as he told her. Finally they reached Rock Island.

Various Types of Street Walker. There are various types of street walker. There is the young girl, who, in fear of her master, must tramp the streets as a solicitor. Then there is the hardened harlot; the adventures. The latter has her man also. She is more dangerous than her younger sister in crime. She is seasoned in the art of separating the unwary victims from their money. She will resort to the drugging of a victim to get his money.

These vultures that live off of women are known in the larger cities as "cadets." They serve as panderers in women. It is their business to secure girls for the keepers of disorderly saloons. They operate on an extensive scale in the larger centers. Some of the profession had moved to Rock Island. The Argus learned of an instance today where one of these "cadets" induced two girls to go to Chicago, on some pretense of getting them employment, and they fell into the hands of a resort keeper. It is understood, however, that they managed to get out of his clutches and return to their homes here.

The "cadet" is paid anywhere between \$25 and \$50 for each girl that he furnishes. His plan of procedure is to attend the public dances and become acquainted with young girls who have not home restraint. He paints a picture of "the easiest way" to them. Many of them fall.

Retain Legal Counsel.

The "cadets" are well dressed. As a rule, they are young and attract the impressionable girl around whom are not thrown the proper home influences. He was doing well here until the order of the order of the mayor went forth to bring him in, together with his "wife." The "cadets" are indignant. They object to being termed vagrants. They have become so strongly entrenched here that those who remain and have not yet been arrested by the police have retained legal counsel to protect them in the event of the expected "run in" with the authorities.

Wife Abandonment Charged.

Anderson Crump, colored, who lives at 513 Thirty-fifth street, was arrested this morning by Officer Bennett. The charge against Crump is wife abandonment. The case took a change of venue from Justice Wells' court to Justice William Schroeder's court, and the hearing was set for 2:30 this afternoon.

TO BE BIG DAY FOR COURT OF ISABELLAS

Three Degrees to Be Conferred Tomorrow on Class of 43 Candidates.

Madonna court, Daughters of Isabella, tomorrow will receive 43 young ladies of the city into membership. A degree team from Ottumwa, Iowa, will conduct the initiation ceremonies, conferring the three degrees at Knights of Columbus hall, the exercises to commence promptly at 2 o'clock in the afternoon. In the morning the members of Madonna court and the candidates will attend mass at 10:30 at St. Joseph's church. They will assemble at 10 o'clock at St. Joseph's parochial school and will march in a body to the church. The sermon will be by Dean J. J. Quinn. In the evening there will be a banquet at the New Harper. There will be plates for 250. There will be a program of music and addresses.

This evening, at Knights of Columbus hall, there is to be a reception for the members of the Ottumwa team, who will be entertained at the homes of Madonna court members.

NEW HARPER CAFE OPENS WEDNESDAY

Manager Carl Mueller Will Have the Ground Floor Dining Room in Readiness This Week.

Manager Carl Mueller of the New Harper expects to throw his new ground floor cafe open to the public Wednesday evening of next week. In keeping with the other appointments of the remodeled hotel, the cafe is the most beautiful in the three cities. Finished in old mission, the decorations are superb, while the floor is of tile in artistic design. The furniture is of mission and the whole presents an inviting appearance. The furniture for the banquet hall on the parlor floor was installed today and is of the latest pattern, rich and elegant.

PERSONAL POINTS.

S. J. Collins is in Chicago.

E. C. Hart has returned from Arriba, Col.

Mrs. William Toenges has gone to Wheatland, Iowa, for a short visit.

Mrs. C. A. Crumpton has gone to Chillicothe, Ill., for a visit with relatives.

Professor Christian Oelschlagel and his sister, Mrs. Anna Noack, left last evening for a visit in Chicago.

Mrs. A. B. Copley, who has been visiting here for several weeks, has returned to her home in Halleyville, Okla.

Mrs. Alphonse Mosenfelder and M. A. Pauline Levy left yesterday afternoon for Chicago, where they will visit for several days.

Henry Lemburg and B. W. Hathaway have returned from Springfield, where they attended the grand encampment of the I. O. O. F.

Mr. and Mrs. John Reid have returned from Springfield, where Mr. Reid attended the grand encampment and grand lodge of I. O. O. F.

Mrs. I. C. Peck has received official notice of her appointment by the president of the state Rebekah assembly as a member of the committee on order of the state, an important position. This is the first honor of this sort that has come to a member of Eudora lodge of this city since it was organized.

J. D. Dushane, in charge of the district between St. Paul and Winona of the government river work, was in the city today enroute to his home in St. Paul after a trip to New Orleans, having accompanied the congressional waterways commission on its trip of inspection of the Mississippi. Engineer Dushane was a visitor at the engineers' office here.

Only One "Bromo Quinine" That is Laxative Bromo Quinine. Look for the signature of E. W. Grove. Used the world over to cure a cold in one day. 25c.
