Paducah at Clarksville.
Hopkinsville at Henderson.

ERRORS LOST THE GAME.

Special to The Bulletin.

Vincennes, Sept. 12.—With Holycross in the box and exhibiting almost his usual form, the Cairo team went down before Vincennes. The support given Holycross was wretchful and is responsible for many of the runs.

Duffy pitched for the locals and was accorded almost perfect support, the only error being made by Birckert on an exceedingly difficult chance that should have counted a hit. Most of Vincennes' hits were made in the third when Gwin scored two men ahead of him with a home run. Dummy Hughes got a home run in the ninth.

Kane, of Washington, Ind., is playing in place of Lemon who is disabled, and caught a fine game.

Manager Scullin of the Cairo team is disgusted with the game put up today and leaves for Cairo tomorrow.

Bittroiff will probably pitch for Cairo tomorrow.

DIAMOND DUST.

ONLY eight errors.

And behind Holycross.

Will Zinkans beat us today?

Haas is out of the game and others ought to be.

Evidently everybody had an off day or some body had an awfully off day.

Bittroiff will probably be in the box today and against the mighty Gool xzjn.

It is now up to Clarksville to take two straights from the Indians, while Cairo takes one at Vincennes, as the Paducah and Cairo teams are now tied for first place.

A Fisherman Nailed.

The report of attendance at Paducah Sunday was printed in the city papers as being 1,214. It was sent to Cairo as being 4,350. "Figures don't lie" quoth the Paducah News-Democrat. They get badly mixed, however. The correspondents should get together before they send out the attendance figures.

FOUR PERSONS BURNED TO DEATH

By the Associated Press.

New York, Sept. 12.—Four persons were burned to death and six injured in a tenement house fire early this morning (Tuesday).

A SWITCH TO THE BREWERY

WILL BE BUILT BY THE BIG FOUR AND MOBILE AND OHIO RAILROADS.

Alderman A. S. Fraser, chairman of the special committee named to investigate the matter of having a railroad track run from Second street north on Railroad street to Fourth street, reports that something definite will be done in a few days.

The plans have been completed and will be submitted in a short time. The proposed plan is that the Big Four and Mobile and Ohio railroad companies build a switch from a point on the old Mobile and Ohio tracks on Second street north on Railroad street to Fourth street. The old Mobile and Ohio track spoken of is now being used by the Cairo Electric and Traction company to run their cars to Ohio street.

It is planned that the curve for the extension north on Railroad street will begin at Commercial avenue and pass in the rear of the frame building on the northeast corner of Second street and Commercial avenue and east of the office of the Pacific Express company which is on the west side of Railroad street.

The switch was promised Manager Chris Beck of the Cairo Brewing company and it is probably it will be put in at once. It is also believed that the switch will be extended north on Railroad street to Eighth street at no distant day.

MURDERED BY ROBBERS.

Henry Peterson, Chicago Tobacco Dealer, Killed For His Money.

By the Associated Press.

Chicago, Sept. 12.—Henry Peterson, tobacco dealer at Lake and Robey streets, was murdered tonight by one of two men who entered his place with the intention of robbing him. The men entered the store when Peterson was alone and demanded that he open his money drawer. He refused and one of the men shot him. The men then robbed the place of about $300 and escaped. Peterson died a few minutes after being shot.

William Potee, colored, porter for Peterson, was also shot and will die. As the robbers ran out of the door they fired at Frank Carlton, a customer who entered the store from the rear room. The bullet knocked off Carlton's hat and struck Potee in the back. Several arrests had been made up to midnight, but no direct evidence has been procured against any of the men in custody.

BASEBALL PLAYERS' IN DISPUTE AWARDED.

By the Associated Press.

Buffalo, N. Y., Sept. 12.—The national Baseball board of arbitration today decided a number of cases concerning minor leagues. Pay the Fiddler.

Every time the traitor Folly chases Reason from her throne
Someone has to be the victim—some poor sinner must atone;
It's an old and truthful saying—printed on each page of fance—
They who dance must pay the fiddler: it's the ethics of the game.

In this world where Folly's minions are so largely in excess,
Many a "fiddler" gets his money, quietly, as you may guess;
And the world is none the wiser—not a chance is left for shame
To the man whose purse is equal to the limit of the game.

But, alas! for those who falter, those who hesitate to pay,
For the music and the dancing through King Folly's night and day;
Each one disgrace, dishonor, even penury, shall claim—
They who dance must pay the fiddler—'tis the order of the game.

Wild Cotton in Colombia.

Cotton grows wild in Colombia, and the natives are beginning to think seriously of cultivating it.

Abscesses.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world. Abscesses, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Schuh Drug Co.

SO MUCH MONEY.

"Do you think old Gotrocks will die?"

"No; the doctors ain't going to let a good thing like him escape them."

CARE IN TESTING FLOUR.

Big Mills Take Pains to Ascertain Quality of Output.

"It is surprising to note the difference that exists between the various brands of flour," said O. D. Hutchinson, the representative of one of the big mills in Minneapolis, Minn. "It all depends on how the flour is milled and on the kind of wheat from which it is made. Flour made from hard spring wheat will give from twenty to forty more loaves of bread per barrel than that made from the softer winter wheat. It contains a larger percentage of gluten and absorbs more water. The mills are exceedingly careful about the kind of flour they send out, and the testing department is one of the most important branches.

"After the flour is ground comes the crucial test. A sample is taken and made up into bread. We have four bakings a day, and from twenty to thirty loaves are baked each time, each one representing a sample of flour. After the test has been made the bread is turned over to the Associated charities.

"You may have noticed that the color of flour is no longer a marble white, but a creamy white. This comes from the fact that the rich portion of the grain, right under the woody coating, is ground into the flour. What is left can hardly be called bran, for it is only the coarsest part of the outer fiber."—Milwaukee Sentinel.

Sugared.

Admiral Dewey nodded toward a tall man with a military carriage.

"That gentleman," he said, "fought gallantly in Cuba against the Spaniards. But it is about his eating, not his fighting, that I am going to tell you.

"He was quartered in a certain Cuban village, and at mess he complained bitterly every day about the Cuban cooking.

"'Sugar,' he would exclaim, 'they sugar everything. I can't stand this constant sugar diet.'

"Finally he said: 'I'll eat nothing but boiled eggs hereafter. They can't sugar them.'

"But a young officer came in to mess at the next meal very early and, taking the salt out of the other's salt cruet, he filled it up with sugar.

"When the older man arrived he ordered, sure enough, boiled eggs. He opened them with gloomy complacency and sprinkled over them plenty of the doctored salt.

"At the first mouthful he turned purple.

"'Sugared, sugared!' he exclaimed, and rushed from the table."

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of

Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was fitful, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of **Lydia E. Pinkham's Vegetable Compound,** and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be."—MRS. M. E. HUGHSON, 347 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements.

Apparently trifling incidents in woman's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started.

The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of **Lydia E. Pinkham's Vegetable Compound.**

If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Lelah Stowell, 177 Wellington St., Kingston, Ont., writes:

"DEAR MRS. PINKHAM:—You are indeed a godsend to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony.

"I suffered for years with bearing-down pains, womb trouble, nervousness, and excruciating headache, but a few bottles of **Lydia E. Pinkham's Vegetable Compound** made life look new and promising to me. I am light and happy, and I do not know what sickness is, and I now enjoy the best of health."

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints,—that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development, and checks any tendency to cancerous humors. It subdues excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and should be relied upon with confidence.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
Lydia E. Pinkham Medicine Co., Lynn, Mass.

Keep the Brain Active.

People often make the excuse that they have bad memories when the truth is they are too slovenly to use their brains. Nothing, however, insignificant, should be done without reflection. First thoughts are often best, but it is sometimes not until we have thought many times that we can make them so.

Too Soft Spoken.

W. S. Gilbert on one occasion, when a well-known actor could not be heard by his audience, said: "No one admires Mr. X. more than I do, but I always feel that I am taking a liberty in overhearing what he says."

Proves Consumption Theory.

Prof. Cornet, long assistant to Prof. Koch of Berlin, spilled the sputum of a consumptive on the carpet of a room in which he kept forty-eight guinea pigs. He allowed it two days in which to dry. Then the room was violently swept, so as to raise a dust. The guinea pigs breathed in the dusty air. All but two of them contracted consumption.

Buried by Government.

In certain Swiss cantons all dead people, rich as well as poor, are buried at the public expense. Coffins and all funeral necessaries are furnished by government undertakers.
