

NEWS FROM NEARBY TOWNS

DAVENPORT

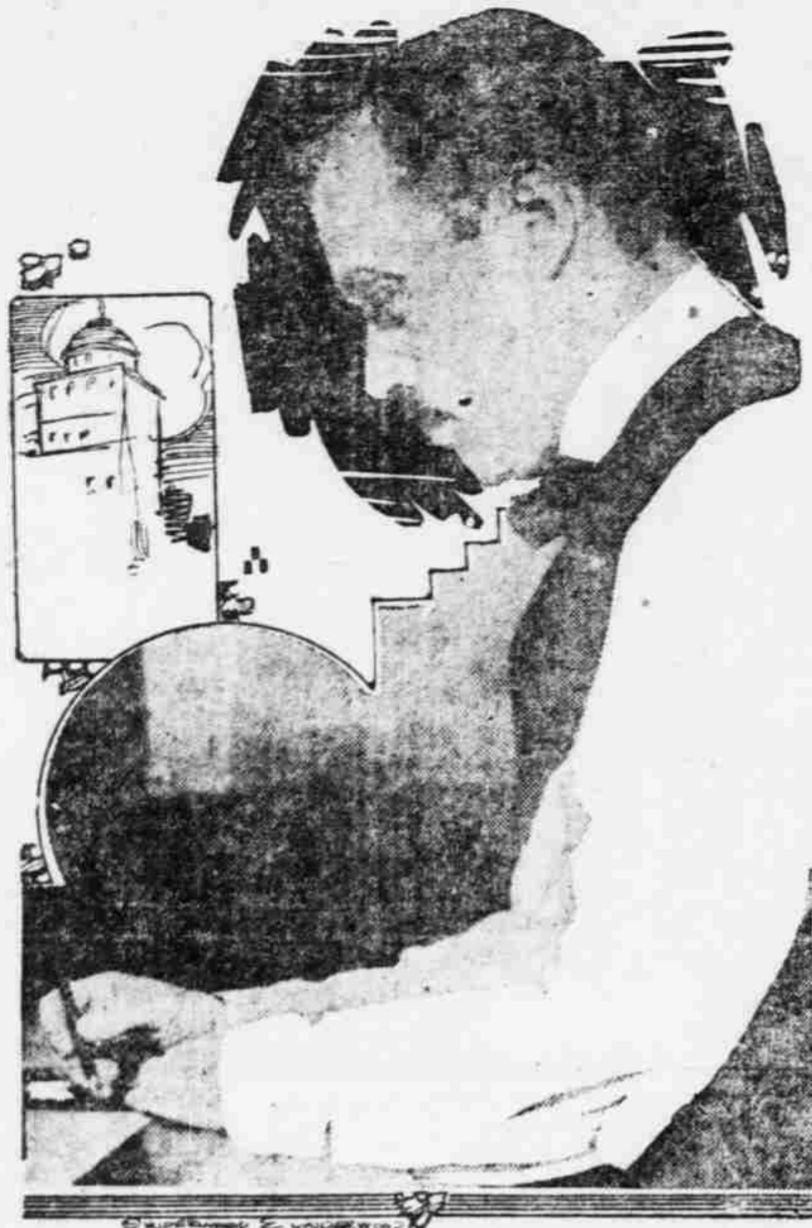

Counterfeiters Sentenced.—On government evidence charging counterfeiting, Walter James of Muscatine was sentenced to the Scott county jail for five months yesterday by Federal Judge Smith McPherson. Mrs. Eva James, held for being an accessory after the fact and who was alleged to have passed one of the bills on a Muscatine merchant, was sentenced to 30 days in jail, but this sentence was suspended over her. Both were found guilty of the charge when indictments were returned against them by the grand jury. It was alleged that James had taken several \$1 bills and had altered them so as to make \$10 and \$20 notes of them.

Death Held Accidental.—The result of the inquest held over the body of Thomas Moore, who was taken from the river Friday, was that the man came to his death accidentally, and by drowning in an unknown manner. The police have abandoned the murder theory. No startling testimony was submitted and practically no light shed on the manner in which the man met death. Witnesses who testified were Henry Lorenzen, proprietor of the Kaiserhof hotel, Mrs. L. W. Severin, 2601 Rock Island street, who was the last person to see Moore alive, George Cole, contractor, also residing at 2601 Rock Island street, Josie Moore, a sister of the deceased, Dr. L. F. Guider, J. J. Mariani, Frank Grootjens and Theodore Martens.

Leg Broken by Wagon.—Willie Bishop, a five-year-old boy, residing at 816 West Front street, suffered a broken leg when he was run over by a wagon owned by the Davenport Pearl Button company. The injured lad was removed to his home immediately after the accident and later was taken to Mercy hospital. According to witnesses, young Bishop was playing in the street with some other children and, without looking where he was running, collided with the wagon and was run over.

Theatre Contract Let.—The contract for the fine new vaudeville theatre to be erected by Tom J. Walsh at the northwest corner of Third and Ripley streets, was let in Chicago Wednesday afternoon to the Concrete Engineering company of Davenport. C. W. and George Rapp of Chicago are the general architects and Arthur Ebling of Davenport will be the local supervising architect. The cost of the new theatre, which will be the finest in Iowa, will be close to \$100,000. Work will be started next Monday and the theatre completed and ready for business by Nov. 1. The new theatre when completed will be taken over under lease by a stock company, with J. Harry Blanchard as manager. Only the best acts in the Western Managers' Vaudeville association will be

HIGH HONOR FOR YOUNG N. Y. ARCHITECT; GETS \$60,000 FOR SINGLE PIECE OF WORK

Guy Lowell at work in his New York office.

Guy Lowell, a young architect of New York City, is soon to receive a \$60,000 fee for his design for the new \$10,000,000 county court house for New York. The new structure will actually be two separate circular buildings, one within the other, the outer one modelled after the Coliseum in Rome.

booked. Popular prices, 10, 20 and 30 cents, will prevail.

Gets Bankers' Convention.—Davenport was selected as the meeting place of Group 8, Iowa Bankers' association, at the annual business meeting held in Muscatine. The convention was held here two years ago. The meeting brought out an attendance of over 150, the largest at any of the annual conventions of the group.

Transit Rates Affect Mills.—A change in the railings in transit rates has been announced by the western railroads, effective May 1. The change will affect a number of Davenport industries, but more especially those engaged in grain trade and using grain

as raw material. The readjustment which has heretofore been made periodically by the railroads, are done away with entirely under the new regulations. The four mills and malt and grain houses in Davenport are specially interested in the changes.

Obituary Record.—Advice received here yesterday from Grinnell, Iowa, state that Mrs. Mahala Barr, a former resident of Davenport, died at 5:30 o'clock Wednesday afternoon at the home of her son, Canada Barr, after a brief illness. Mrs. Barr will be remembered here by many friends, as she resided in this city for several years. The body will be brought to Davenport and will be laid to rest in the family lot in the Summit cemetery.

MOLINE

Share Increase in Wages.—The representatives of the unions who have been in Chicago for a number of weeks representing the Silvis shop employes in their demand for an increase of pay, have returned. The wage differences have been settled and the men will share in an increase to date from the first of March. The employes will not get the benefit of the raise until the first pay day after May first and then they will receive the back pay for the month of March. It is said that the differences were compromised and the prospects of a strike have been avoided.

New Houses in Silvis.—A contract has been awarded by the East Moline Land company to C. W. Hink for the erection of six new residences in the New Shops addition to East Moline. These houses will be modern in every way, two-story affairs, and will have a value of from \$1,500 to \$2,000 each. It is the intention of the company to later sell these places on the installment plan.

Eagles Open Reading Room.—The Silvis Aerie of Eagles has made arrangements to open a reading room in the Kuhn hall and reading tables will be placed in the hall immediately. In addition to opening a reading room, a pool table will be purchased and all members of the local aerie or visiting Eagles will have the benefit of this room.

Reviews Rare Volumes.—Two very rare volumes of rich historical charm and in circulation for nearly 200 years have been received by J. B. Oakleaf, the gift of a friend in Philadelphia. The works, printed on paper stained and yellow with age and bound in imitation leather, have to do with the military operations of Charles XII, king of Sweden. The story of the impetuous and warlike monarch, known in history as the "madman of the north," is written by Mr. Gustavus Adlerfeld, chamberlain to the king and as the title page states it was undertaken "by the express order of His Majesty."

Lodge Holds Election.—The Ladies' Loyal Moose circle No. 110, which will be an auxiliary organization to the Moline Loyal Moose lodge, No. 235, has been permanently organized by the election of officers. The local circle has 93 new members and more are expected to join before the charter is closed. The officers elected are: Worthy matron, Mrs. Sarah Fullmer; assistant worthy matron, Mrs. Dora Metz; past worthy matron, Mrs. Frank Ferris; deaconess, Mrs. O. E. Peterson; conductor, Miss Gertrude Sheets; secretary, Mrs. Lillian Beers; treasurer, Miss Myrtle Metz; inner guard, Miss Minnie Schenk; outer guard, Miss Rosie Damstetter; trustees, Mrs.

Now You Can Get Beer

Without that "SKUNKY" Taste or Odor

That offensive taste and odor in some beers is easily avoided. Light starts decay even in pure beer. Dark glass gives the best protection against light.

"While beer quickly deteriorates when it is exposed to direct sunlight, such deterioration, although greatly retarded, will eventually take place in diffused light. Beer exposed to the rays of the sun will very quickly acquire the so-called 'skunk taste'."

Extract from Proceedings of the Second International Brewers' Congress held in Chicago October 19-21, 1911. Vol. 1, page 300.

We have adopted every invention, every idea that could make for purity.

The Brown Bottle is only another step in Schlitz progress.

Our beer was first brewed in a hut. Today our agencies dot the earth. Our output exceeds a million barrels a year.

More and more people every year are drinking Schlitz. Why don't you?

Create A Charming Appearance

ANDALUSIA

Mrs. Melissa Johnson of Edgington spent several days last week visiting at the home of her niece, Mrs. R. G. Thompson.

Miss Katie Frei returned home Monday after a short visit with relatives in Rock Island.

Mrs. S. A. Leeman visited from Tuesday till Friday in Davenport, Iowa, with her daughter, Mrs. M. Myers and family and her son, Harry B. Leeman.

Mrs. Bell Herbert of Rock Island spent Monday and Tuesday with her mother, Mrs. S. Ruby, who has been quite sick, but is improving nicely.

Mrs. Guy Wait and son Myron returned to their home at LeRoy last Friday after concluding a two weeks' visit with relatives.

Joseph Bourgoine was able to take up his school duties again Monday after several days' illness with tonsillitis.

L. E. Ellison preached last Sunday morning. His subject was, "Where Are the Dead?" and his evening subject, "Hell: What and Where is It; by Whom and for Whom Was It Prepared?" His next appointment will be May 4 and everyone is invited to attend these services.

Melburn Routt went to Rock Island Wednesday.

John Mier of Buffalo was in the village on business Wednesday.

The Ladies' Cemetery association met at the home of the president, Mrs. Anna Spickler, to order gates for the cemetery. They placed the order with Mr. Routt for two double gates to be 12 feet wide, an arched gate next to the village, with the words in gold letters, "Andalusia Cemetery," and the other gate on the hill like it except the arch at the top. It is expected to have them in place before the last of May.

There is an epidemic of mumps among the school children and about one-third of them are afflicted.

Charles Huntley celebrated his 45th birthday anniversary last Sunday and a number of relatives took dinner with him.

A Change of Address.
The Lamp plumbing shop is now located in its new quarters at 619 Seventeenth street.—(Adv.)

Phone The Grocer

Next time you phone the grocer ask him to send you a can of Van Houten's Rona Dutch Cocoa. Then make this simple test:

Put only one-half a teaspoonful of Rona into a cup into which you have put one-half the amount of sugar you usually use. Add boiling water and see how Rona Cocoa dissolves instantly. Just sip that rich Dutch chocolate flavor. Now you can see why

VAN HOUTEN'S RONA DUTCH COCOA

exceeds all domestic Cocos. In the first place, it's more economical—you use only half a teaspoonful to the cup. And then it's much richer, smoother, finer. That's because of the Dutch process.

Try it tomorrow. Food today. Phone the grocer and make the test.

10c. and 25c. sizes.

Medicines that act nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.—(Adv.)

Heart Failure Jury's Verdict.—Heart failure was blamed for the death of Andrew Hooker by the coroner's jury. There was little evidence brought in to show the cause of his death and the verdict was more a matter of elimination than anything else.

Inn Nearing Completion.—Included in the plans of the Tri-City Railway company for improvements this season is the extension improvement of the line on Campbell's island to provide accommodations for the throngs that will be attracted to the new inn, now nearing completion. It is announced that the company intends to extend its tracks from the main entrance gate, where all cars are now compelled to halt, to within 200 feet of the new inn. The track will follow a direct line to the river from the gate. With its hands full caring for uncompleted improvements in Moline and along the interurban route it is not probable the Campbell's island extension will be in readiness when the inn is formally opened. This will be an event early in June. The track laying on the island, however, will be undertaken before the season is at an end, declare officials. Satisfactory progress is being made on the construction of the inn and the finishing exterior and interior touches now occupy attention of the builders.

Will Have City Market.—It is certain that Moliners will again be provided with opportunity of purchasing products of the farm and garden direct from the consumer at a municipal market. It was stated yesterday by Mayor M. R. Carlson that the city market would be in operation again this year and it probably will be opened by June 15 or earlier, all depending on the way the vegetable crops develop. With the early start that gardeners have had this season with their planting the prospects are that the green stuffs will be coming in earlier than usual. In this event the city market will be in operation earlier than June 15.

Taylor Ridge

Mrs. Charles Jehn and son Walter were in Rock Island Sunday.

The Misses Frances Ramsey and Miriam Dunlap, who are attending school in Rock Island, visited from Friday until Sunday with home folks.

Mrs. Reinhold Zwicker and daughter Alice visited Sunday and Monday at the home of August Hartman.

The Misses Julia, Anna and Nellie Hintermeister called at August Hartman's home Sunday.

Miss Marna McLaughlin visited from

Friday until Sunday with home folks at Le Claire, Iowa.

Mr. and Mrs. O. Heath were Milan callers Sunday.

Gus Hartman of Reynolds called at August Hartman's home Sunday at 11 noon.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all druggists.—(Adv.)

The Most Useful Machine on the Farm Is a Fairbanks-Morse Engine

It helps out wonderfully in the busy season when every minute of your time is worth money, and is mighty useful the year round.

You Need a Fairbanks-Morse Engine for,

| | |
|------------------|----------------------|
| Pumping Water | Grinding Feed |
| Cream Separator | Sawing Wood |
| Washing Machine | Grinding Bones |
| Churning | Cutting Roots |
| Threshing | Grinding Tools |
| Cutting Ensilage | Spraying |
| Shelling Corn | Running Water System |

General Work of All Kinds

Fairbanks-Morse Engines will give you the best of service. They are absolutely guaranteed as to Material, Workmanship and Power.

Horizontal Engines, 1, 2, 4 and 6 h.p.
Vertical Engines, 2, 3, 4, 6, 9 and 12 h.p.
Other engines, for every purpose, up to 500 h.p.
