Day's News Happenings in Rock Island's Sister City

KING BROS. FIND AN ASTHMA CURE

Propose to Give It to Suffering Humanity Free of Any Charge.

TO LIVE ON CHOLERA CURE

Bucolic Benefactors Now in Double Role for the Good of the Entire World.

Henry and Joseph King, the brothers who are farmers on Bridge lane, and whose discovery of a remedy for hog cholera was told in these columns yesterday, appear, it seems, in a double role as benefactors for humanity, only this time it is for the real humans, not the animals, and in this latter case it is their intention to give the remedy—for asthma—absolutely free to anyone desiring it.

Details of the new cure are not available yet, because the brothers are thoroughly testing their discovery, but it is known that at least in one case, that of a Mrs. H. W. Johnson, the mother of E. W. Stratton, who works in Peterson's horseshoeing place on Sixteenth street, a cure was effected after the woman had been suffering for 13 years from the malady.

NOMINAL CHARGE ONLY. Furthermore, the brothers declined to take anything for the medicine furnished Stratton for his mother, save a merely nominal charge, so small, in fact, that it is hardly worth mentioning. Mrs. Johnson was said to be at the point of death when the remedy was administered, and she was so much improved at the end of a week that she was able to travel to her Erie home. She appears to have been completely cured, and is said to have cured two friends with what remained of the contents of the bottle.

The Kings have announced that they do not intend to make anything out of their discovery, but that they do propose to get something out of the newly discovered cholera cure.

PIGGER SHOWS HOW. That was brought about by one small pig which had slipped through a hole in a fence where certain herbs were growing. Watching this animal, and noting that he appeared to be immune from any cholera, the brothers concluded that the herbs mentioned were responsible for the cure. Putting this and that together—the remedy resulted, and, as related yesterday, seems to be what has long been desired by farmers.

TOOL CO. EMPLOYEES WILL PICNIC SATURDAY, AUG. 23

Saturday, Aug. 23, is the date set for the big annual outing of the employees of the Moline Tool company, with Campbell's island for the place. A meeting of the men was held Monday noon at the factory, and a committee appointed to arrange for all details of the justification. The committee is: Charles Hintz, Frank K. Smith, George Johnson, Roy Carstens, Henry Meeker, Edward Hagerman, and John English.

HORSE REARS; THROWS BOY

Will Gore Has His Back Sprained by Fall From Equine While Riding.

Will Gore, a 13-year-old boy living at 2330 Eleventh and three-quarters avenue, was riding a horse to water in the yard of the premises Monday noon, and as the animal was a trifle too slow in his movements to suit the lad, a sharp cut with a whip was administered. The animal reared, throwing the boy, spraining his back, and rendering him unconscious for a time. Dr. A. H. Arp was called in attendance. The boy will be confined to his bed for several days.

HENRY HICKS MAY DIE

Condition of Farmer, Hurt Two Weeks Ago, Is Very Grave.

The condition of Henry Hicks, the farmer living at Cambridge, who was hurt in a runaway in his hayfield two weeks ago, and later conveyed to the city hospital, is very grave, and the man may not live. He was for some time thought to be on the road to recovery, but suffering a relapse last

Sunday morning, he was removed to the hospital. The accident occurred by a horse being frightened by some of the farm machinery and running away, throwing the man out of the rig.

CORYN SLATED FOR HONORS AT BANQUET

Edward Coryn, recently made a knight of the Order of Leopold, by King Albert of Belgium, is to be honored by three societies, the Belgian-American club, the Belgian Workmen's union, and the William Tell club at a banquet which will probably take place in the Manufacturers' hotel on the night of Thursday, August 21. Neither the place or date, however, have been actually arranged as yet, but it is thought that the committees in charge will agree on the time and locality mentioned. Speakers of prominence both from Moline and other cities will be present.

FARMERS PICNIC TO BE HELD AUGUST 28

Lyford's grove, near Port Byron, is to be the scene of the annual farmers' picnic Aug. 28, this arrangement having been determined upon by the directors of the Rock Island County Farmers' association. Committees in charge of the various events have been appointed, and a program which will prove attractive to all who attend has been outlined. W. H. Ashdown is president and A. Sadoris secretary of the association.

CONTAGIOUS DISEASE REPORT MADE PUBLIC

Dr. Perry Wessell's report to the city commission, which was submitted Monday, shows that at the end of the month there were only two cases of contagious diseases in the city. Eleven such cases were discovered during the course of the month, among which were included three of diphtheria, and one each of scarlet fever, tuberculosis, typhoid and smallpox. Fifty patients are now in the hospital. One hundred ten were received during the month, and 112 discharged.

FIND NUDE MAN IN STREET

John Lind May Pay Penalty of Getting Drunk With His Life.

John Lind got drunk Saturday night and as a result was picked up in a nude and unconscious state Sunday morning in front of his rooming house, 1239 Third avenue, with his skull fractured, presumably from having fallen from the upper window in the night while under the influence of whisky. He was taken to the city hospital and operated on, but small hopes are given out for his recovery. He had intended going to Cedar Rapids Saturday night.

THREW IRON AT KIDS; FINED

Albert Miller, Linceman, Will Be More Careful in the Future.

Albert Miller, a lineman working for the Central Union Telephone company, became incensed at the annoyances of some children where he was working Monday, and picking up a piece of scrap iron, hove it in their direction. He said in court afterwards that he didn't intend to hit anyone, merely reckoning on scaring them, and as a matter of fact, he didn't hit anybody, either, but that didn't satisfy the mother of one of the kids, who had him arrested, charged with disorderly conduct. He was fined \$5.05.

DROUTH RUINS MELON CROP

But Other Good Things to Eat Appear and Partially Make Up.

The long continued spell of hot weather has put the crop of watermelons on the frit, as it were, and lovers of that delectable fruit will have to leave most of this season's supply to their imagination, as far as local producers are concerned, anyway. Tomatoes have appeared in abundance, however, and egg plant had also made its appearance. The scarcity of corn caused the supply the other day to vanish with startling rapidity, and spring chickens also speedily changed hands when brought to the local market.

JOHN HANSEN IS FOUND DEAD

Remains Discovered on Rear Porch at Home of Mrs. John Anderson.

WALKED TWELVE MILES

Wanted to Say Goodbye to Person Who Had Befriended Him in His Adversity.

John Hansen, aged 61 years, was found dead on the rear porch at the home of Mrs. Anderson, 1544 Nineteenth avenue, shortly after 5 o'clock this morning.

The old man had walked a distance of 12 miles from the county poor farm to the home of Mrs. Anderson, widow of his former employer, the only person he regarded as a friend. Knowing that he was about to pass to the great beyond, he started from the infirmary presumably Sunday night arriving at his destination yesterday afternoon in a half-dying condition. He said he just wanted to say good-bye to one who had befriended him during his adversity.

Mrs. Anderson allowed him to sleep in the barn, but early this morning being in the throes of death, and unable to walk, it is thought he crawled to the porch and attempted to make Mrs. Anderson hear.

Deceased is supposed to have a wife and a son living in Minneapolis and a nephew employed in one of the local factories.

CITY IS AFTER NEAR BEER MEN

Officials Working on Ordinances Which Will Place Product Under License.

City officials are determined to place the near beer men in the category where they belong, according to ordinance, that is, their product should be licensed just the same as any other alcoholic liquor, and to that end Commissioner Anderson proposed an ordinance at the meeting Monday whereby wholesalers would have to pay \$500 and retailers \$100.

Mayor Carlson wanted to go him one better, however, so he requested that the proposition of the commissioner be held over, stating that he himself was working in conjunction with the city attorney under the regular city laws, whereby they would have to ante the regulation \$1,000 to the city for a license.

BYLUND CHALLENGED BY 3 DIFFERENT MEN

Robert Bylund, champion welterweight wrestler of Moline, has received challenges from three different men recently, James Parnon, of Chicago; Walter Evans, of Peoria, and Thomas J. Rollowing, of Chicago, being the trio who are anxious to meet the local man on the mat. The match with Parnon has been partially arranged by the Olympic club, the intention being to stage it early next month. Parnon has been training with Gus Pappas. Evans met Bylund last spring, and now wants a return match. Not much is known of the last man named. Bylund is now in training for the bout with Parnon.

Pool Room Changes Hands

The billiard and pool rooms at Ninth street and Fifteenth avenue, formerly owned by Thomas Wagner have been sold to J. Vail of Davenport. The new owner took possession

'WARE MILK AND SEDUCTIVE "ICE"

Sample Analysis Shows Startling Results—Prosecutions Will Follow.

City Chemist L. A. Fritze, under the direction of Dr. J. H. Long, has made tests of thirteen milk samples and four samples of ice cream, which is being panned off on Moline patrons, as "pure." Eight of the milk samples did not contain enough butter fat and showed an excessive amount of bacteria. One dealer had gone so far as to use formaldehyde as a preservative in the milk he had on sale. This revelation will doubtless result in the payment of stiff fine by the offender with probably a jail sentence. Authorities are making a rigorous investigation and intend to punish the guilty dealers to the full extent. Arrests are expected to follow shortly and the names of those who have been found to "dope" their milk and ice cream will be published.

JEWELERS TO CLOSE WEDNESDAY NIGHTS

Moline jewelers held a meeting last evening and decided not to have their stores remain open after 6 o'clock on Wednesday evenings and evenings preceding holidays as has been the custom. The practice to close every evening except Saturday will be followed until Oct. 1, according to an agreement entered into at the meeting.

OBITUARY RECORD

HELEN E. EIB. Helen E. Eib, the 4-year-old daughter of Mr. and Mrs. John Eib, Hampton, died at her home early this morning. At a coroner's inquest, conducted this morning at the Allsbrow undertaking parlors by Dr. R. C. J. Meyer, death from natural causes was returned by the jury.

NATION, NOT STATE, WILL PROSECUTE BLACKMAILERS

Washington, Aug. 5.—The release from custody at New Orleans of the agents of the department of justice charged with accepting a bribe to prevent the arrest of former Governor Brito at Campeche, Mexico, means, it is believed by officials here, the transfer of the case from the state to the federal authorities. The meager official advices received by the department of justice lead officials to conclude that the state charge of blackmail originally preferred against Special Agent Matthews, J. L. Mott, his assistant, and the Mexican, Fernandez, practically had been dropped, and that the federal government would now investigate to determine whether any attempt had been made to solicit a bribe by those accused. This would be a federal offense. The charge of blackmail was originally preferred, it is said on the assumption that the telegram directing the arrest of Brito was a fake, but as this was a genuine dispatch, the allegation resolves itself into a question of alleged bribery.

ACCEPTS PASSENGER CUT

Great Western Gives Notice Ending Long Litigation Over Rates.

St. Paul, Minn., Aug. 5.—The Chicago Great Western railroad will, within 10 days, quit in effect, the new 2 cent passenger rates as ordered by the United States supreme court in its recent decision in the Minnesota rate cases. This announcement was made last night following a conference between Attorney General Smith, railroad commissioners, and officials of the Great Western.

The injunction preventing seven railroads from enforcing the 2 cent passenger rates, granted by Judge Sanborn, never had been dismissed in the case of the Great Western.

The state had filed notice it would seek dissolution of the injunction against the road, and many believed the result would be a long period of litigation.

HAD RUN OF WAR OFFICE

Therefore German Officer Talked Freely to Krupp Agents.

Berlin, Aug. 5.—Lieutenant Hogue, one of the seven ordinance officers accused of betraying military secrets, admitted yesterday before the court martial that he communicated five secret reports to Max Brandt, the Berlin agent of the Krupps. He said, however, he did not realize at the time the serious nature of his offense, especially as the Krupp people had a free run of the war office.

This was the chief feature of the testimony, which was concluded yesterday.

New York—Mrs. Henry G. Elliott, whose husband shot and killed her cousin, Ella Sidley, and then committed suicide near Macomb's Dam park Sunday, appeared at the Fordham hospital and after identifying the two bodies gave an order to an undertaker for their interment Wednesday morning.

All the news all the time—The Argus.

MILITIA CAPTAIN READY FOR WAR

Gets Army Clothes in Shape for Invading Mexico Some Time This Fall.

So strong is the belief of Captain R. E. Willis of company F, that the United States will invade Mexico this fall that it is understood he has taken his army clothes to the armory, ordered the men of the company to be in readiness to depart at very short notice, and appointed Lieutenant L. J. Quick a special recruiting officer.

All this is the result of talking with regular army officers at the recent encampment at Springfield, who, he avers, confidently predict that operations against the country of the Dons will be in effect by September at the latest.

Company F arrived in Moline Sunday morning tired but happy, and browned by exposure to the weather. Drills will be discontinued for six weeks in order to give all hands a chance to rest up from the arduous duties of camp life, and to make the rest more effective, the entertainment committee is planning for a series of dances to be held at the armory and club rooms.

Captain Willis won fifth place in the individual contest for marksmanship with a score of 83 out of 100, being topped by only two men, one from Rock Island and the other from Geneseo. In the battalion shoot, the Second, including teams from Moline, Geneseo and Rock Island won first place. It is understood that Fort Benjamin Harrison, located near Indianapolis, will be the scene of the encampment next year.

ONLY ONE BID FOR A POLICE RUNABOUT

Whether the city officials did not properly spend the amount necessary in printers' ink for advertising for bids for the new police runabout or not is an unknown quantity, but the fact remains that there was only one bid submitted, that of Fred Ostlund, which called for a Ford roadster, two passenger, at \$449. The necessary electric lights called for by the specifications will cost an additional \$25. Following the law relating to such matters, the final answer was deferred or the present, but in all likelihood the bill will be accepted.

MOLINE EAGLES PLANNING TO HOLD BASKET PICNIC

Some time in the very near future the Moline Eagles will hold a basket picnic, the event probably to take place at "The Elms," forty-sixth street and River drive. The affair will be for members and their families only. At the meeting of the lodge tonight final arrangements and the exact date will be announced.

Your Money and Your Future

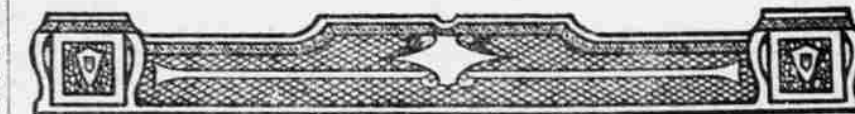

Neither will take care of itself. The money will take care of the future if you place part of every dollar you earn in a Savings Account in this strong bank at 4 per cent—even if you are able to save only a small amount each week or each month.

Make Our Bank Your Bank

H. E. CASTEEL, President, M. S. HEAGY, Vice Pres. H. B. SIMMONS, Cash.

CITY TREASURER HANDS IN HIS REPORT FOR JULY

The report of City Treasurer R. C. Shalberg for July, which has been handed in to the commission, shows a very healthy state of financial affairs for the city. The details given are: Balance on hand June 30, \$320,036.05 Received, 24,538.95 Paid out, 58,378.56 Balance on hand July 31, 286,342.45

ROSS WINS DIAMOND RING

East Moline Eagles Have Highly Successful Outing on Sunday.

Lloyd Ross of Moline was the lucky recipient of the diamond ring at the outing of the East Moline Eagles last Sunday. The affair was held in a grove at Second street and Railroad avenue, and it is estimated that fully 250 members and their families and friends were in attendance. The usual games were played and a general good time prevailed.

SHOPMAN MAY LOSE EYE

Matthew L. Murrin Victim of Accident While Employed at Silvis.

Matthew L. Murrin, one of the Silvis shopmen, may lose the sight of his left eye, due to a piece of iron flying off of one of the hammers at the works and striking him in the organ mentioned. Dr. Hanson of Silvis attended the man and had him taken to his

home, 509 Twelfth street, Moline. The accident occurred Sunday. It is hardly likely that he will regain his vision in that particular eye.

CORROBORATION

Of Interest to Argus Readers. For months Rock Island citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills as Rock Island residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Argus reader.

Mrs. A. J. Johnson, 410 Ninth street, Rock Island, Ill., says: "I still think as highly of Doan's Kidney Pills as I did in 1909 when I publicly recommended them. I had been suffering from weak back and pains across my kidneys. After being on my feet for any length of time, I was tired out. Doan's Kidney Pills were so highly recommended that I got a supply at the Harper House pharmacy. They gave me relief at once and three boxes made me well."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.—(Adv.)

The Bee Hive for Black and White Check Skirts

For the past two weeks our buyer, Mr. Deutsch, has been in the eastern markets selecting garments for fall and immediate wear—and already the new things are beginning to arrive.

Worthy of special mention is a splendid assortment of the popular black and white check skirts.

The newest ideas in draped, slashed and belted effects, stunning looking skirts in many different models, and in all sizes.

\$2.98 \$3.98 \$4.98 \$5.98

More White P. K. Skirts at 98c, \$1.69, \$1.98
