HELMBOLD'S FLUID EXTRACT BUCHU

Has acquired a world-wide fame.

ALL of my preparations are meritorious. A period of twenty years has proved this to be the case.
See remarks made by Benjamin Traverse, F. R. C. S. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla, its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic, with this invaluable attribute—that it is applicable to a state of the system so sunken, and yet so irritable, as renders other substances of the tonic class unavailable or injurious.
See REMARKS of the GREAT CHEMISTS AND PILL MEN OF AMERICA:

Wm. B. Warner & Co.,
15 North Third street, Philadelphia, Pa.

H. T. Helmbold:

Esteemed Friend—I congratulate you on having the handsomest and at the same time the Most Effective Pill that I have ever known for the purposes intended. WM. B. WARNER & CO.

H. T. Helmbold will remark, in conclusion, that his remedies are the result of long and careful study. The Fluid Extracts have been before the public twenty years. The sale of them in that time proves their value. All have been benefitted by them who followed my instructions, and to-day they stand unequalled in the extent of their sale, and unsurpassed by any medicament in the Dispensatory of the United States, not excepting a single Herb, Root, Plant, or Scientific Preparation.
Pharmaceutical I claim all mine to be, and have never patented a single one.
To dispel any impression or prejudice that might exist in the minds of many against my preparations, from the publicity given through advertising, and that I am and have been a druggist for a period of twenty years, and more conclusively to prove this see letter from the largest manufacturing chemists in the world:

November 4, 1854.

I am acquainted with Mr. H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise. WILLIAM WIGHTMAN.
Firm of Powers & Wightman, manufacturing chemists, Ninth and Brown streets, Philadelphia

ALL STAND ON THEIR MERITS.

The Pill I have thought of offering to the afflicted for ten years.
They are now perfect, and I shall stake my time, money and fame on their effectiveness. The inviting style in which the pill itself is made, the bottle, label, wrapper—all show with what care they have been prepared. After examination, no English or French preparation will show greater care, and I am really proud of them.
Instead of the nauseous-looking, carelessly prepared Pills vended generally, and put up in wooden boxes, and made generally, or offered by those having no experience as physicians, druggists or manufacturers of medicines, test the medicine offered by your obedient servant,

H. T. HELMBOLD.

FRANCE.

THE REPUBLIC A FIXITY, THOUGH COMMUNISTS, DEMOCRATS AND BONAPARTISTS ACTIVE—THIERS GIVES A STATE DINNER—COUNT DE PARIS TO VISIT HIM—FREE TRADE—THE MINISTER TO GERMANY.

PARIS, June 28—Bonapartist pamphlets are mainly addressed to and intended for effect among the ignorant electors, and are, to a great extent, devoted to the praise of the imperial generosity of the catholic church.

THE DEMOCRATS

are hopelessly divided.

THE COMMUNISTS

are still at placarding Paris with proclamations.

One of the secret press has been seized. Another

FRANCO-GERMAN FEUD

has recently broke out in Strasbourg. Even the women were engaged in it, and poured hot water on their enemy. Arrests were made and quiet restored.

Theirs has paid a visit to Marshal McMahon.

It is denied that the communists while in power forged notes on the bank of France.

FREE TRADE.

The Havre chamber of commerce has sent a protest to the assembly against the custom duties. Theirs intimated that the treaties with the foreign powers must be modified, owing to the altered circumstances of France.

FRENCH UNITY

The committee of united republican journals have issued an address to the electors of the department of the Seine, declaring that the republic is not merely a temporary expedient.

A regiment of foot gen d'armie has been disbanded.

REPRESENTATIVE OF FRANCE.

PARIS, June 28.—Gabriac goes to Berlin as the diplomatic representative of France. He will probably leave to-morrow for his post.

COUNT DE PARIS

arrived to-day and will call on Theirs to-morrow. He has sent Estaucelin to Trohodorf to make arrangements for the visit of De Cartres to Paris, and fix the date when both the princes may have an interview with Theirs.

A STATE DINNER

will be given by Thiers to-morrow after the grand review at Long Camps. All the generals and colonels have been invited. Bourbaki will probably be present.

GIRLS ARRESTED.

The police have arrested many girls in the cafes. Two hundred were taken into custody yesterday.

HAVRE, June 28—Gambetta has accepted a nomination to the Assembly, in the department of Lower Seine.

WASHINGTON.

THREE MILLION DOLLARS DUE FROM EX-COLLECTORS—HORACE CAPRON TO RESIGN THE AGRICULTURE COMMISSIONERSHIP FOR THE PURPOSE OF VISITING JAPAN,

DELINQUENT COLLECTORS.

WASHINGTON, June 28.—Of the amount due the government by ex-collectors, there is due from collecters appointed by President Lincoln, $800,058; appointed by President Johnson, $1,813,757; appointed by President Grant, $64,581.

THE PRESIDENT

returned this morning, and was early at the executive mansion, where he is attending to the correspondence accummulated during his absence. He will remain at the residence of Secretary Robeson while in Washington.

A CABINET MEETING

will be held to-morrow, when all the members will probably be present.

PERSONAL.

Horace Capron, commissioner of agriculture, to-day tendered the president his resignation, which takes effect the first of August. This is in accordance with a contract entered into two months ago with the Japanese government, through the commission sent to this country for the purpose of introducing and developing in that kingdom the industrial ideas of the United States.

Capron is empowered to procure models of all agricultural and industrial machinery, even to the appliances for railroading, and will take with him a geologist, civil engineer and other members of a corps for scientific and industrial investigation. The mission is preliminary to possible operations still more extensive, and is regarded by the president and cabinet as one of great importance, both to Japan and this country.

THE FENTON CORN MILL.—This establishment, corner of Commercial avenue and Twentieth street, is now in charge of Mr. M. D. Gunter, who having purchased and thoroughly refitted it, invites the attention of the public to the fact that he is now prepared to furnish dealers and families with the very best article of corn meal. Orders left at the mill or sent through the postoffice will receive prompt attention.
