GOV. HOFFMAN'S PROCLAMATION.

New-York, July 11.—Gov. Hoffman arrived in the city to-day, and late this evening issued the following proclamation:

By John F. Hoffman, governor, a proclamation.

Having been only this day apprised, while at the capital, of the actual condition of things here with reference to the proposed procession to-morrow, and having, in the belief that my presence was needed, repaired hither immediately, I do hereby issue this proclamation.

The order heretofore issued by the police authorities in reference to the said procession, having been duly revoked, I hereby give notice that any and all bodies of men desiring to assemble and march in peaceable procession in this city to-morrow (the 12th inst.) will be permitted to do so, and they will be protected to the fullest extent possible by the military and police authorities.

A military and police escort will be furnished to any body of men desiring it, on application to me at my headquarters, which will be at the police headquarters in this city at any time during the day. I will see all persons to abstain from interference with any such assembly or procession, except by authority from me, and I give notice that all powers as my comm., civil and military, will be used to preserve the public peace, and put down at all hazards, every attempt at disturbance.

I call upon all citizens, of every race and religion, to unite with me and the local authorities in this determination to preserve the peace and honor of the city and of the state.

(Signed) JOHN T. HOFFMAN.

ARMS AND AMMUNITION CAPTURED.

New-York, July 12.—Several breech-loading rifles, a large quantity of cartridges, four trunks and several cases containing wearing apparel and other articles were left last evening at the house of the Good Shepherd Roman Catholic reformatory institution, on East 89th street, by an ex-priestman. Captain Clinchy was informed of the fact, and a book possession of the property. Conjectures are that the articles were left there by mistake, and that it was intended for some of the men who were to participate in the attack to-day.

The police authorities have knowledge of arms being conveyed to various localities in the city during the day, which are supposed to have been distributed during last evening to those who are expected to use them to-day.

THE STREETS.

The day opens cloudy with a dense fog overhanging the city.

The streets present a novel appearance—not unlike the days of draft riots of 1863.

SOLDIERS

in fatigue uniform are hurrying in every direction to report for duty to their respective regiments.

MOUNTED POLICEMEN

are patrolling the streets and heavy squads of police are moving to designated points in the city.

EXTRAORDINARY PRECAUTIONS

are being taken to preserve the peace, and the authorities appear to be working with harmony and energy.

PRINTED CIRCULARS

containing the plan of the proposed attack upon the Orangemen, have fallen into the hands of police, and they now have a perfect knowledge of their intentions.

At a late hour last night a number of HIERNANS got into a row among themselves in their hall on Prince street. A number of them were severely pumelled.

THE REGULAR TROOPS

at Governor's Island, Forts Hamilton and Schuyler and other forts in this vicinity have been placed under arms and ordered to hold themselves in readiness to march at a moment's notice.

GEN. McDOWELL

has promised a hearty co-operation with the state authorities.

TROOPS UNDER ARMS.

The 1st, 2nd, 7th, 9th, 17th, 22d, 71st and 84th regiments of national guards are now assembled in their armories.

GEN. SHALES AND STAFF

had just arrived at the police central office where headquarters will be during the day.

GOV. HOFFMAN AND STAFF

established their headquarters at Clark's hotel.

THE ORDER PROHIBITING THE ORANGEMEN'S PARADE REVOKE BY THE GOVERNOR.

The revocation of the order of Superintendent Kelo by Gov. Hoffman, and the Governor's proclamation, were received by citizens of all parties with expressions of the highest satisfaction.

POLICE FORCE AVAILABLE.

Last evening each captain of the police was required to make out a schedule of his available force, from which were selected three-fourths of the aggregate complement of men who were ordered to report at the police headquarters at six o'clock this morning, with two sergeants, a roundman and three-fourths of the patrolmen under his command. This will bring to the police headquarters 38 captains, 65 sergeants, 39 roundmen and between 1400 and 1500 patrolmen. This force will be formed into three battalions of ten companies each, commanded by inspectors Dilks, Walling and Jameson, while the supreme command will be vested in Superintendent Kelo.

Besides this large force of police, the PRECINCT DETECTIVES

have been ordered to report to Captain Moray, of the detective force, and with the central office detectives, will act as SKIRMISERS.

Their duty will be to note the movements

of the Orangemen and Hiernans and when anything of note occurs to report it to the central office, from whence it will be transmitted by telegraph to the central office.

Besides the instructions in the general order which has been given to the public, the police have received from Superintendent Kelo secret instructions in regard to the disposition of the force to-day.

A BATTERY

of light artillery has been brought over from Governor's Island and stationed near Castle Garden.

SEVERAL BATTERIES

of mounted bowitzers from the navy yard have been placed upon the tugs in the harbor, and are now lying opposite 27th street, in East river.

A DETACHMENT OF

UNITED STATES MARINES

has been placed on tugs, and are now awaiting orders from the arsenal, corner of 35th street and 7th avenue. Col. James Cronin is in command.

ONE HUNDRED AND THIRTY ROUNDS

of ammunition for small arms have been issued; one hundred and sixty rounds of canister for twelve pounder field pieces, and a large amount of ammunition has been measured out at the arsenal. Each soldier will be furnished with forty ball-cartridges and will carry

ONE DAY'S RATIONS AND KNAPSACK.

Cannon will be placed at different points along the route of the procession, and will be guarded by heavy detachments of troops.

One battery will be stationed at the corner of 8th avenue and 23d street, but the location of the others is not ascertained.

The police will be most exclusively used in

PROTECTING INDIVIDUALS

and preserving order on the streets before and after the parade.

A battery of light 12 pounders is now

CROSSING FROM BROOKLYN.

It is supposed to be from Fort Hamilton.

ALL MARINES

at the Brooklyn navy yard have been placed under arms.

PREPARING FOR THE RIOT.

New-York, July 12, 11:30 a.m.—The streets in the up town districts have the appearance of a holiday.

Groups of loungers are to be seen on nearly every corner, gangs of men, five and six in number, may be seen going in the direction of the western part of the city.

THE ASPECT OF AFFAIRS LOOKS

VERY THREATENING.

The men in the marble and stone yards along East river have nearly all left the city. It is supposed that they are going in the direction of the western part of the city.

New-York, July 12, 10 a.m.—In the vicinity of the police headquarters all is bustle and excitement.

The police under the command of the various captains assembled to upwards of fifteen hundred strong. Three hundred have been ordered to twenty-ninth precinct under the command of Capt. Barrett, and 50 more were sent to fourth precinct for the purpose of guarding Harper's building.

Among the personages who visited the central office this morning, were Gov. Hoffman, Mayor Hall, Sheriff Brennan, Assistant District Attorney Fellows and several other leading politicians.

There have been no disturbances up to this hour.

THE MOUNTED POLICE

were kept busy all morning carrying orders from one point to another.

There are about twenty stages kept in readiness to convey the police to any part of the city as soon as possible.

The building is nearly filled with reporters from all the city papers.

In the vicinity of Hiernia hall very few persons have made their appearance.

In front of Fourteenth and Spring streets

AN EFFIGY

of a man trimmed with orange colors was suspended to a telegraph pole. It was cut down by order of Capt. Waleott of the sixth precinct.

New-York, July 12, 11 a.m.—The Irish castle laborers on the boulevards have suspended work and are

MARCHING NOW TOWARDS A BODY.

Inspector Jameson, with 250 men, has been sent to Forty-second street and Eighth avenue to intercept them.

THE NATIONAL GUARD

is out in full force, each regiment being stationed at its respective armory, ready for any development that may arise.

HOW THINGS LOOK IN JERSEY CITY.

New-York, July 12.—The streets of Jersey City present this morning an aspect ominous of trouble. Thus far no disturbances have occurred, but the indications are that evening will witness

RIOT AND BLOODSHED

at every street crossing.

Congested around the liquor stores are groups of Hiernans, who maintain a sullen silence. Some hundreds are lingering about Washington hall and their headquarters.

Everything is quiet at present.

The Orangemen are engaged in preparations for the procession, which will move at 2:30 p.m.

RUMORS OF RIOT.

New-York, July 12.—12 m.—Rumors are rife of rioting now going on in the upper part of 9th avenue.

The rumor creates great excitement.

THE RIOT COMMENCED.

New-York, July 12.—12:15.—The riot has commenced at last.

Two hundred and twenty-five men were immediately picked out and placed under the command of Capt. Holden, of the 15th regiment, who was ordered to proceed to the above point and disperse the mob.

The second report was from the 32d precinct and stated that the

RIOTERS WERE MARCHING

through the Boulevards and had attacked some Italian and Swiss laborers in the vicinity of 143d street and 9th avenue.

SUPV. KILGALD AND GUN-SHALER

immediately held a consultation and Gen. Shaler ordered some companies of 71st Regiment, Col. Kelo. Fellows commanding, to proceed to and guard that point.

The last order had barely been given

when another report was received that the Fenians had collected

ABOUT THE FENIAN HEADQUARTERS,

between Nineteenth and Twenty-first streets, where a large quantity of arms are stored and clamored loudly to be given their arms.

This was refused when they threatened to pull down the place. 150 officers were put in stages and sent over there.

AT FIFTH REGIMENT ARMORY

in Chester street, a large crowd collected and signified their intention of taking arms. 100 men of the regiment were in the armory to each of whom were dealt out 40 rounds of cartridges this morning.

Seeing that the regiment were prepared to get them one drawy Irishman said: "Come, boys, it's a grand day for the seven-thirty and get the lads and clean out the d—d d—d!" A majority of the mob then started out under the leadership of this man to get the lads.

PRINCE STREET

is alive with men speaking in whispers who, when they see a stranger coming, keep silent.

There was a report of a

FIGHT AT HIERNIA HALL

but before the police reached there it was stopped and all quiet.

AN IMMENSE MOB.

Large bodies of police have left in stages for the scene of the affray.

THE MOB GATHERING.

New-York, July 12, 1:50 p.m.—Two Ribbonmen were killed and several soldiers wounded.

Harper's building has been attacked. The mob have pressed the conductors on the Eighth avenue railroad into service. The telegraph wires have been cut. Severe fighting is now going on.

FORTY PERSONS KILLED.

New-York, July 12, 2 p.m.—About forty persons were killed during the riot to-day. The total number of wounded is unknown. Fifteen are known to be mortally wounded. At the sixteenth precinct there were sixteen dead bodies this evening, which were removed to the morgue.

At the morgue there are at present forty bodies, but only one man has been identified as H. C. Page, of the Ninth regiment, who is the advertising agent of the Grand Opera, Chas. Pettit, Chas. Bucklin and Mr. Archibald, killed at the sixteenth precinct. The remainder are supposed to be rioters.

COL. FISK WOUNDED.

Col. Fisk was at the head of his regiment, and was wounded during the affray, under the following circumstances: The colonel was with his regiment during the morning. About two o'clock he went to see Governor Hoffman about the running of the Pavonia ferryboat. He returned about 2:30 p.m. and took command of his regiment. While on collision on Twenty-first street took place, and while he was in the act of giving orders, he was struck with a club. One of his ankles was broken. He was at once removed to a private house. The wound disabled him, but is not dangerous.

Captain Spencer of the Ninety-eighth regiment, is reported, was struck at the same time, and seriously but not fatally injured.

SEVERE FIGHTING.

The mob opened fire, killing and wounding several soldiers when the military returned fire, killing 8 and wounding 13.

Two boys and a lady were shot.

Sixteen citizens and 3 soldiers were killed.

While coming down the avenue at the corner of Twenty-third and Eighty-fourth streets the regiment fired upon the mob, killing and wounding 12.
