NEW YORK.
REV. MASON GALLAGHER FOLLOWS REV. TRICAL—THE QUARREL IN THE RADICAL PARTY—THE TAMMANY FRAUDS—THE TRIUMPH OF THE SITUATION—WHO KILLED PRINCE? ETC.

THE EPISCOPAL TROUBLES.
New-York, September 11.—Rev. Mason Gallagher, associate minister of the Fifty-second street church, follows the example of Rev. Thrall by tendering his resignation as minister of the Protestant Episcopal church. He takes the same views that Thrall does, namely: that the existing liturgy of the Episcopal church has objectionable features, from which the new union prayer book, which the secessionists adopt, is purged.

THE RADICAL QUARREL.
Chairman Cornell, of the state republican committee, is charged by the Tribune, today, with having uttered six falsehoods in his letter upon the re-organization of the republican party of this city; and declares that in his Saturday's communication he has repeated his former misrepresentations. It thinks Cornell and Murphy have done, and are now doing, serious injury to the republican party.

THE TAMMANY FRAUDS.
Public attention is again directed to the extortionate charges of the sheriff. There have been already paid to the sheriff for the first half of the year 1871, by order of the board of supervisors, the sum of \$30,000. It is alleged that according to the sheriff's bills, the amount of whose fees is limited, that for committing prisoners is \$40,390. At the rate allowed by law this gives him credit for having imprisoned, in six months, 2000 people, and it is calculated that at this rate, by Christmas, allowing for no moral improvement in the people or the sheriff's office, one-tenth of the gross population of New York will have suffered in either the tombs or Ludlow street jail.

THE DEPUTY SHERIFFS ARE SAID TO BE PROTESTING AGAINST THE IMPOSITION, and say that this monopoly of fees by the sheriff leaves them a bare subsistence. One of the rumors in relation to sheriff Brennan is that he is to be sacrificed by the Tammany ring, and be displaced at the next election. There is a strong feeling of opposition shown him in his own ward by politicians who control the ward.

THE TRIBUNE ALLEGES THAT THE PUBLIC SCHOOL SYSTEM IS TAINTED WITH THE FRAUDS AND ABUSES OF THE TAMMANY RING. It says that the school department has been demoralized—all but ruined by the corrupting influences of those who control public affairs. Notable features of the system are said to be the waste of money, discouragement of attendance by scholars, creeping into the schools of a sectarian spirit, and awarding contracts for book supplies to party favorites. It is understood that application will soon be made to Judge Barnard for compelling the production of the books containing the list of accounts with a view to getting information touching the payment of claims to city authorities, and if the facts in the case warrant it, suit will be begun against the officials for the recovery of such moneys as have been illegally subtracted from the treasury.

CONTROLLER CONNELLY DENIES THAT HE IS GUILTY, IN ANY WAY, OF THE MALFEASANCE OF WHICH HE IS CHARGED IN THE POLICE JUNCTION SUIT. He sets up as a defense in the case that he has been wholly governed in his conduct by the laws passed by the last legislature. He avers that he has always been governed in the administration of his office by a conscientious regard for the public interests of the city.

commercial gentleman, who will, it is understood, appear as a witness for claimant when the case is resumed in November.
GARRIBALDI ON THE SITUATION IN FRANCE.
The Turin Gazette says the present situation in France causes Garibaldi much affliction. He speaks with contempt of Victor Hugo, Louis Blanc and Jules Favre, and desires them old and worn out. His son Menotti is in the export business; he seems to have absolutely renounced politics.

The river is still falling, and during the past 48 hours has fallen 10 inches. The Mississippi is falling, and owing to the low stage of the river, the following rates of freight have been adopted by the St. Louis steamers loading at St. Louis for New Orleans: flour, 75c; pork, \$1.25; whiskey, \$2.50; hay, 50c, and pound freight, 40c per cwt.
Business on the landing was good.
The City of Quincy departed for New Orleans with a splendid trip. She had in tow a heavily freighted barge.
The Belle Memphis was 24 hours behind time, caused by grounding several times. She came out drawing scant five feet, and reported that as being all the water there is in the river. She received several tons freight here, but did not take all that was offered on account of being so far behind time.
The Dick Johnson did not arrive till late Sunday afternoon. She was delayed on one of the sand bars, and spent considerable time discharging 1,800 pkgs. freight at Paducah.
The Spray, from Louisville, came out with a barge in tow, and re-shipped all her cargo here which was about 175 tons.
The Utah is making a trip to Vicksburg for the packet line. She came out in 22 hours, drawing 4 1/2 feet. She added considerable freight here.
The St. Joseph, for Memphis, arrived

with a fair trip and received about 100 tons here. She lost 24 hours by being aground at St. Genevieve tow head.
The Emila La Barge had a good trip for St. Louis. She discharged 100 bales of cotton at the I. C. R. H. wharfbont.
The Grand Tower, from Memphis, had a slim up stream trip.
The Pauline Carroll had a light trip. She had 1,536 bars of railroad iron for St. Louis.
The Andy Johnson came up flying light. The J. L. Hyatt passed up with a tow of empty coal barges.
The Jas. Fisk, Jr., brought down the Mallie Ragan's trip from Paducah. The Ragan turned back from Paducah.
The May Lowrie was aground some time at Herculaneum; she had a good trip for Red River. She did not add any freight here.
The Lida Norvall came down light from Metropolis.
The R. P. Walt is certainly having a hard time of it. She left St. Louis last Thursday for Vicksburg and has not arrived here yet. She was aground at the Barracks for some time, and is now reported hard aground at Brooks.
The latest advices from the Susie Silver is that she is hard aground at Turkey Island.
The Fisk has a coat of blue paint applied to her whistle and it blows as well as ever.
Jolly Hard, the well known second-clerk of the Tyrone, is going into the mule driving business. He leaves Nashville to-morrow for Keokuk with fifty head.

Sunday night while Mr. Kirkpatrick, of the steamer Indiana, was asleep, some mean thief entered his stateroom and stole his gold watch and ten dollars in money.
There are one hundred and fifty dangerous snags between here and Vicksburg that show above water.
Al. Maynard, second clerk of the Rapidan No. 2, took an over dose of morphine in mistake for quinine, and came near dying. He is now better and it is thought he will recover.
