FROM THE FRAUDS and embezzlements now going on among the Grant officials.

THE JONESBORO ADVERTISER charges that Bouton, of the Gazette, has been "hired and paid to do up the 'dirty work of the Union county rig'."

"THE IRON-CLAD OATH and the 'fourteen amendment,'" says the Chicago Tribune, "have ceased to operate, 'except for evil' and that continually."

COL. JOHN MARTIN, of the Paducah Kentucky, is mentioned by rumor as a probable candidate for congress in the Paducah district.

BAD BEAST BUTLER, an alliterative expression containing a complete description of the character of the great political sensation of Massachusetts, has become the favorite epithet of the anti-Butler radicals.

WE CLIP THE FOLLOWING from the St. Louis Democrat: The Times charmingly takes up the cud for the Tammany Democracy.

THAT OLD BOOK, which has been called The Book, like the democratic newspapers of the land, contains attacks upon Grant, which the radical party must, to be consistent, denounce as assaults upon the integrity of the union and the great amendments.

THE METROPOLIS TIMES calls upon the chairman of the democratic senatorial committee of this senatorial district to call a convention to nominate a candidate for senator.

WE SYMPATHIZE with the Jonesboro Gazette. It must be in a bad way, if what the Jonesboro Advertiser says about it is true.

THE JONESBORO ADVERTISER is an anxious inquirer after truth. "Will Bouton tell us," shouts the Ad., "where 'Lieut. Gov. Dougherty sacrificed the 'public good to his own improper good'?"

SENATOR MORTON, in his speech at Cincinnati, in reply to Mr. Groesbeck, says: "Unconstitutionality is the harp of a thousand strings upon which the 'democratic party are forever playing."

THE TIME HAS COME FOR THE FRIENDSHIP OF PEACE—THE TARIFF, AND HOW IT SHOULD BE ADJUSTED—REDUCE THE BURDEN—GRANT ENDORSED—LITTLE SAID AND MUCH LEFT UNSAID.

THE QUINCY HERALD is indebted to Mr. H. S. Davis for "a peach as a peach." It is of the late Burnard variety, measures 1 1/4 inches in circumference, and weighs 124 ounces.

THE NATIONAL CONVENTION of spiritualists met at Troy, N. Y., on Wednesday last. The following were elected officers: Hannah F. M. Brown, Chicago, president; H. T. Child, Philadelphia, secretary; Levi Weaver, Baltimore, treasurer; R. T. Hall, New York, Edward S. Wheeler, Boston, Geo. A. Bacon, Boston, Susan Waters, Bordentown, N. J., board of trustees.

A CORRESPONDENT of the Chicago Times describes the famous town of Greeley in this way: "Greeley is a lovely town. Its 'site is a dead level, while all around it stretches a plain that is equally level, and equally dead. It resembles nothing so much as a lumber yard, which, suffering from mania a potu, has gotten up and staggered, and shaken itself indiscriminately over a 40-acre lot. A couple of hundred houses stand in the centre of a plain."

MUCH OF A GOOD thing, to go back on it, square. Here is the way the gentle Stella dishes up her poetry: TO COUSIN EMMA.

THE RADICALS. PLATFORM OF THE ILLINOIS WING.

RESOLVED, That the party which preserved the union from dismemberment, abolished slavery, and established the civil and political equality of all men before the law, is entitled to the thanks of patriots, the confidence of the nation, and the gratitude of mankind; and, while the measures by which these noble results were rightfully accomplished must be sacredly maintained, the time has come when the enemies engendered by the war should yield to the friendships of peace.

RESOLVED, That the continuation of the political disabilities imposed for participation in the rebellion longer than the safety of the republic requires not only tends to perpetuate feelings of unkindness among the people, but is incompatible with that principle of political equality which lies at the basis of the republican creed, and the members of the house of representatives from this state deserve the thanks of their people for their unanimous support of the bill for the general removal of political disabilities, which passed that body at its recent session by a vote of three-fourths of its members.

RESOLVED, That, as it will be necessary and desirable to obtain from duties on imports a large portion of the revenue needed to defray the expenses of the government, to pay the interest on the national debt, and the principal of political equality which lies at the basis of the republican creed, and the members of the house of representatives from this state deserve the thanks of their people for their unanimous support of the bill for the general removal of political disabilities, which passed that body at its recent session by a vote of three-fourths of its members.

RESOLVED, That the large surplus remaining in the treasury after the payment of all the expenses of the government, including the interest on its public debt, and the cost of the civil and military public burdens, and that in effecting that reduction regard should be had to relief from that species of taxation which, while it adds but slightly to the revenue of the country, taxes heavily its labor and productive interests, and we heartily approve the bills repealing the duty on coal and salt which have already passed the house of representatives.

RESOLVED, That we refer with pride and admiration to the eminently wise, patriotic, honest and economical administration of President Grant, and we confidently commend it to the approbation of the entire country.

RESOLVED, That we congratulate the administration of the general government on the reduction of taxes and the public debt at the same time—a result which only could have been accomplished by an honest and efficient collection and disbursement of the public revenues; that we endorse and approve of the general policy of the national administration and of our state government in the conduct of public affairs, and that the republican party, without any new departures, is equal to the correcting of existing abuses and the perfecting of needed reforms, and its mission will not have ended till they are accomplished.

RESOLVED, That the recent exposures of fraud in the government of the city of New York, unparalleled in the history of civilized communities, prove that it is unsafe to trust the democratic party with the practical administration of public affairs, and it would be to follow their political principles, and the recent elections in California and Maine show that the American people are generally of this opinion. The resolutions were unanimously adopted.
