THE NEW YORK STANDARD suggests a statue to Horace Greeley.

A LATE TELEGRAM to the New York Herald asserts that the last German expedition have discovered an open Polar Sea, free of ice and swarming with whales.

ON HIS TOUR through Maine, Portland maidens smothered Gen. Grant with kisses. If this were only the solid truth instead of a figure of speech, how grateful sensible people would have felt to the Portland girls!

GOV. PALMER was in Chicago during the current week, and while there made a speech before the republican central committee of Cook County...

THE PEOPLE OF MAINE who saw Gen. Grant on his recent tour through that state, were disappointed in his looks, and called him "that ordinary looking man."

A PAPER in Indiana asserts that the democrats of Texas indignantly refused to accept the new departure, and won. The democrats of Texas, in the most explicit language, accepted the new condition of affairs...

A COALITION of the democratic and republican parties in Chicago and Cook county is probable. The following nominations have been decided upon: Mayor, Joseph Medill, of the Tribune; city treasurer, David A. Gage...

THE DEMOCRATS of Jackson county have nominated Judge W. A. Lemma for the legislature, to fill the vacancy occasioned by the death of Hon. Mr. Schwartz. A better nomination could not have been made.

THE RESULT of the late election in Texas astonished and stunned the radicals. Herndon, democrat, in the first district, was elected by over 4,000 majority; Conner, in the second, by over 12,000; Giddings, in the third, by nearly 4,000; and Hancock, in the fourth, by over 5,000.

GEN. BEVERIDGE, the republican candidate for congress for the state-at-

large, is one of the weakest men intellectually, in Illinois. It is currently reported, and believed by all his acquaintances, that he did not know his sex until he became the law partner of Myra Bradwell...

THE PRAIRIE FARMER, pie eminently the farmer's journal of the west, has risen from its ashes among the Chicago ruins and is again sent out to its thirty thousand patrons. The destruction that overtook the Farmer office was complete—nothing saved except its list of subscribers...

In an editorial headed: "The Constitutional Issue for 1872," the Missouri Republican, of the 25th, instant, argues that, whereas all efforts to exalt the questions of tariff, reformation of the civil service, disposal of the public lands, the currency and taxation...

THE PASSIVE POLICY, suggested by the Missouri Republican, has not received the endorsement of many democratic journals, but the discussion created by the proposition has developed the fact that there is considerable demoralization in the democratic ranks...

THE CHICAGO TIMES of Monday contains a startling story of the burning of Chicago, a story wild and improbable at a first reading, but which is not devoid of the stamp of truth, and which calls for more than a passing interest from the public.

THE abolition of slavery in the vast Empire of Brazil marks an era in the progress of civilization. By an overwhelming majority the extinguishing act, which had previously passed the lower

House, passed the Brazilian Senate on the 27th of September, thus leaving the Spanish West India Islands the only part of the Western Hemisphere that is blackened by the accursed blot. The President of the United States, who resolutely sets his face against the liberation of Cuba, is responsible for the only remains of slavery that now exist in the Western World.

NERVOUS DEBILITY, With its gloomy attendants, low spirits, depression, involuntary emissions, loss of semen, spermatorrhea, loss of power, dizziness, loss of memory, and threatened impotence and sterility, is a disease of the most insidious character...
