JAIL BIRDS FLOWN.

ESCAPE OF TWO PRISONERS FROM THE COUNTY JAIL—WHO THEY ARE, AND HOW THEY DID IT—LIBERAL REWARD OFFERED.

Our readers will recollect, that, about two months ago, a daring attempt was made to rob the grocery store of Mr. D. Arter. The burglar's name is James L. Murry, and he is evidently an experience cracksmen.

—The famous Rev. Mr. Turney complimented us with a call last Tuesday. The Reverend gentleman, now on the Metropolis circuit, had been in the direction of Chicago looking after his great book on the Sabbath. He ascertained with regret that the plates and MSS. of the work had been destroyed by the late Chicago fire.

—On Wednesday night, with Charlie Williams, another thief, Murry succeeded in breaking out of the county jail and making his escape. Understanding their business, they managed, in some mysterious way, to pick the lock of their cell and get into the hall. They then went noiselessly to work, and effected an exit through the wall, breaking a hole in the brick masonry large enough to admit the passage of their bodies.

—Those French Cherries, in syrup, so popular with connoisseurs are sold by Jergensen.

—Go to Jorgensen's for imported Dundee orange marmalade, the celebrated London crystal vinegar, in quarts, and choice Genoa figs.

—Where are you going? To the place number 53, Ohio levee, where they keep the best fresh oysters, fish and game, and the finest wines, liquors and cigars to be found in the city.

—Whatever may be said about fine beef, and however thick praise of the beef of other butchers may be spread, the fact remains that Nick Williams will not admit that any other butcher in the city keeps for sale as fine beef as that which he sells at his popular meat market at the corner of Poplar and Twentieth streets.

—A printer, named Carothers, having indulged too freely in Barclay's Saratoga water, was mistaken by Officer Sheehan for a drunken man and was arrested.

—The boards of registry for the two city precincts, will meet in their respective precincts, on Tuesday, October 31, to revise and complete the poll books.

—The county court declare the county too poor to fill the court house square to grade. Of course the court knows herself, and we submit to its judgment, but the filling of the square would add so much to the appearance of the court house that we shall ever pray, etc.

—County Jailor Fitzgerald is tearing mad. He has always boasted that no prisoner could escape his vigilance.

—The proposition to authorize the county court to issue bonds to build a new jail is meeting with considerable opposition.

—It is rumored on the streets that Phil. Howard has had a change of heart, and will soon go into training for the ministry.

—The Chicago Beer Saloon, Wm. Schick, proprietor, Nos. 26 and 28 Eighth street, is a favorite place of resort with all lovers of Weiss Beer, Liquors of every description, and all kinds of foreign and home wines.

—Peter Saup has opened a brannew oyster saloon, 102 Commercial avenue, where he will keep on hand constantly fresh oysters, the largest and most delicious in the city, which he will sell by the case, can or dozen.

—D. Lampert has removed his shop from Ohio Levee to Eighth, between Commercial and Levee, and he now invites his friends to one of the best fitted shops in the city.

—The goods, embracing all styles, and made of the best imported stock, of French and Curraey kid, Tampeco morocco, and B. Grain Goat, French morocco, Gloire kid, calf serge and velvet serging.

ITEMICAL POLITICS.

—The suggestion of a glass of beer for the stomach's sake, took away the breath of Mr. Miller, radical candidate for clerk, and his recovery was for some time doubtful.

—The friends of Mr. Miller are promising the people of Cairo, that, if he should be elected county assessor, their property will be assessed down and the county precincts be assessed up.

—Those French Cherries, in syrup, so popular with connoisseurs are sold by Jergensen.

—Go to Jorgensen's for imported Dundee orange marmalade, the celebrated London crystal vinegar, in quarts, and choice Genoa figs.

The Sallin when coming down the above Bird's Point struck an obitruous of some kind which tore her skag loose, made her take considerable water, was run over on the bar in shallow and an examination was made when was found to not be injured as bad as at first thought and she was brought port. GENERAL MATTERS.

Chief of Police Myers entertained the public near THE BULLETIN office yesterday with a free pommus exhibition.

A funeral of three persons passed along Washington avenue yesterday afternoon. It was small but solemn.

The sinking of the steamer, "Sallie," in our harbor yesterday was an event which gave great pleasure to the juvenile portion of the community.

The rise of a drop in the Ohio river has made navigation between Cairo and Paducah safe. On this little flood, the natty steamer, "Fisk," sails over the rocks of the chain just as easy as pulling a tooth.

We have been pelted with about a dozen heavy rain showers since last Sunday; but yesterday afternoon the weather cleared, and we had a magnificent evening. Talk about pleasant weather! We, of Cairo, can beat the world in the article. In comparison with our fall weather, that of Italy is scrub stock.

Those of our readers who will have the pleasure of examining the New American Cyclopaedia, will need no recommendation from us to become subscribers to this valuable work.

Its character will at once entitle it to an interest in it as well as the excellent and thorough manner in which the plan has been carried out. It is a library, complete in itself, containing full and reliable information on every known subject. History and Biography, the arts and sciences, literature, the professions, trades, inventions, politics—in short every conceivable subject is explained or described, in terms plain, practical and intensely interesting.

The corps of editors, among whom will be found the most distinguished scholars and writers of our age and country, were selected each for his own special work, which plan has been found to have the most admirable results, as each subject is treated with an accuracy, interest and truthfulness which could have been arrived at in no other way. In type, size, binding, etc., no pains have been spared to make the volumes attractive and convenient. The works is sold to subscribers only and the price list ranges from \$5 00 per volume extra cloth to \$9 00 for full Russia leather binding. The price is remarkably low, considering the merits of the cyclopaedia and the vast amount of pleasure and profit its possession cannot fail to bestow. Mr. Henry W. Allen, the agent, is now in the city and will canvass for the work.
