

## WOODMEN ANTIS SHOW STRENGTH

Insurgents Muster Approximately 270 Delegates for Their Afternoon Caucus.

Woodmen insurgents organized their caucus this afternoon at Odd Fellows hall by the election of Phil Wilcher of this city as chairman and Frank B. Brummond of Joliet as secretary. Judge M. H. Cleary of Galena, chairman of the Illinois Woodmen assembly, called to order, and E. E. Pinkerton of Monmouth nominated Mr. Wilcher, who had no opposition. The temporary organization was made permanent. The meeting was voted an open one.

Delegations were seated by congressional districts, the Chicagoans, who arrived at noon, coming in late. Then the roll was called by districts and it was announced that 242 delegates, all insurgents, were present, not including Cook county. A delegate from Cook stated that 28 were on hand from that county and pledged the full 35 tomorrow in time for the camp.

E. S. Smith of Springfield, candidate for head consul, was called upon and spoke at some length, reviewing the history of the society, particularly during the last three years, and advocating election of new officers all around, the repeal of the Chicago rate clause, and the reenactment of the one which it replaced. Then Judge Cleary took the floor.

## PRESIDES AT THE OPENING OF CAMP

W. A. Northcott, State Consul, who formerly was head consul of the society.

## ACTIVE INSURGENT IN THE FOURTEENTH

B. E. Pinkerton, Monmouth Man who is member of Illinois Woodmen Assembly from this congressional district.

## GOOD PROGRESS MADE IN CLEANING ALLEYS

Commissioner of Streets Robert R. Reynolds says the alleys in wards from one to seven have been cleaned under his direction and that within the next 10 days the remaining alleyways of the city will be cleared of rubbish.

As soon as this is completed work will be begun on the streets. Many of these are in bad condition after the winter and several of the pavements have accumulations of dirt which will necessitate added labor in putting them in good shape.

## POLICE NEWS

Manuel Fermauch and Leamon Garcia, both Mexicans, held pending the identification of Mexican money found in their possession, were fined \$1 and costs each today in police court charged with disorderly conduct.

Jack Boyd, a chimney sweep, climbed on the roof of the Chicago, Milwaukee & St. Paul station last night while in an intoxicated condition. He cut several wires before the police arrested him. Today in police court Boyd was released when he agreed to clean the city hall chimneys.

## SILVIS SHOPMEN WIN OVER MOOSE LODGE BY 15 TO 0

The Silvis shop team of the factory league trimmed the Moose lodge nine in an exhibition game in Silvis Sunday afternoon, the final count being 15 to 0. Silvis secured second place in last year's factory race and with practically the same team in the field this year, and Pavel back on the mound as a twirler, will prove strong contenders for the pennant. The shop men pushed 10 runs across the plate in the opening round of the game Sunday and during the remainder of the fray merely toyed with their opponents.

Port Byron and Silvis will meet next Sunday at the Silvis grounds. Bruner, twirling for Port Byron, is going at a rapid pace, and a pitcher's battle is expected.

## ADDITIONAL MOLINE

occupied his new office in the city's new municipal building, and held court there.

The old city ordinance regarding the magistrate's office stuck under the nose of the police department, for in most cases where this is done a sort of a working agreement springs up between the two, consciously or unconsciously, which works great harm all around. The first thing one knows the magistrate is a mere instrument in the hands of the police.

**Favors Second Floor.**  
Mrs. Gustafson said that she would run the office in compliance with the city ordinance and start court every morning at 9 o'clock, but that he would not remain there throughout the day. If any one has any business to transact with him after court has adjourned they will have to find him at his private office.

The magistrate believes that the new office should have been provided in one of the second floor rooms instead of conjunction with the police station. Another evil is that people who desire to see him on business do not like to go past the desk sergeant's room and be the object of gaping visitors or pass the cells and bull pens. For that reason he believes that mistake has been made in locating the office.
