THE MAINE ELECTION.

The Republicans Sweep the State Despite the Coalition Between

Democrats, Greenbackers and Prohibitionists, and the Light Vote Polled.

In Virginia Party Politics was Ignored at the Prohibition Election. Whites and Blacks.

Democrats and Republican Aligning Themselves on Both Sides of the Question—"Dry" Wins.

The Republicans of Kingman County Choose Exceptionally Good Men for the Offices to be Filled.

POLITICAL POINTS.

Kingman County Republicans. Special Dispatch to the Daily Eagle.

KINGMAN, Kas., Sept. 13.—Last Saturday the Republicans of this county placed the following ticket in nomination: For representative, Hon. Frank Gillett, For county attorney, Wm. Ashbaugh, For probate judge, J. W. Willis, For clerk of district court, Edward Andrews.

For superintendent public instruction, Frank Robinson.

Maine Elections.

PORTLAND, Me., Sept. 13.—Advices from the principal cities in the state show that the weather is entirely propitious for the election. Bangor, Lewiston, Augusta, Bath and all the larger towns report a fine day.

BANGOR, Me., Sept. 13.—The election is progressing quietly. The prohibition vote is rather lighter than usual. Much culling is being done on local candidates. No estimate has as yet been made on the gubernatorial majority.

LEWISTON, Me., Sept. 13.—Indications are that a light vote will be cast in this city. The Republican party will undoubtedly have a majority.

PORTLAND, Me., Sept. 13.—The election is progressing very quietly, a light vote being cast. Bodwell, Republican, has the lead by about the usual majority. Reed, Republican, for congress, is thought to be running a little ahead of his ticket here.

AUGUSTA, Me., Sept. 13.—From the present outlook the Republicans will carry Augusta by about 600 majority. At 2 o'clock the returns showed about 475 majority. Prohibition vote very small. In Hallowell, Marston, Republican, for congress, is 120 ahead of his ticket. At 1:30 o'clock Bodwell had a very large majority. In Gardiner, Gustav Moore, Republican, will carry by about two hundred majority. Bodwell about the same.

EASTPORT, Me., Sept. 13.—The Knights of Labor nominated their master workman, who is also a prominent prohibitionist, as a candidate for representative to the legislature. The Democrats nominated the same man. In spite of all this, everything at this hour points to an increased Republican majority over the last election.

BATH, Me., Sept. 13.—The vote is light for governor. The representative vote is close, with indications that the Republican gubernatorial and representative ticket will have about 250 majority.

PORTLAND, Me., Sept. 13.—Thirty towns give Bodwell, Republican, for governor, 11,965; Edwards, Democrat, 8,978; Clark, prohibitionist, 679. The same towns in 1884 gave Robie, Republican, 12,741; Redman, Democrat, 9,781; Eustis, prohibitionist, 239. Republican loss, 1,172. Fifty towns give Bodwell 15,608; Edwards, 12,673; Clark 835.

Sixty towns give Bodwell 17,237; Edwards 14,022 and Clark 929, against Robie, in 1884, 19,378; Redman 14,582; showing a Republican loss of 1,651. An estimate of the gains in the First congressional district indicate that Reed, Republican, will have from 1,200 to 1,300 plurality. Sixty towns give Bodwell 19,416; Edwards 15,633; Clark, 1,038, against Robie, in 1884, 21,951; Redman 16,261. Prohibitionists 363; Greenbackers 809, and scattering 3; a Republican plurality of 3,791, against 5,690; a Republican loss of 1,899.

BATH, Me., Sept. 13.—Sagadahoc county gives Bodwell about 1,200 plurality and Dingley, Republican, for congress in the Second district, about 1,300.

LEWISTON, Me., Sept. 13.—Returns from a large number of towns in the Second district shows that Dingley, Republican, has been re-elected to congress by over 7,000 plurality over Garcelon, Democrat, and 3,000 majority over all. Dingley runs ahead of the Republican ticket and Garcelon far behind.

The Republican candidates for senators, Messrs. Hill and Sleeper, and for county officers, are elected. The Republicans have elected all of the eleven representatives to the legislature.

BANGOR, Me., Sept. 13.—For congress, Boutelle, Republican, has 1,808, and Lynch, Democrat, 1,333; Boutelle's plurality 435. Three Republican representatives and the entire Republican county ticket are elected.

PORTLAND, Me., Sept. 13.—One hundred and eighty towns give a Republican plurality of 7,073, against 10,705; a loss of 3,632. For congress the votes have not been received. The First district, 1,200 plurality for Reed, indicated others much larger.

FARMINGTON, Me., Sept. 13.—Franklin county gives a Republican majority of about 600 and elects a senator and four representatives in the legislature. Later returns may possibly give one Democratic representative.

DAMASCUS, Me., Sept. 13.—In Lincoln county, five Republican representatives and one Democratic representative are elected.

DOVER, Me., Sept. 13.—Republicans elect their entire ticket in this (Piscataquis) county by a majority of over 900. The Republican senator and representatives are all elected.

AUGUSTA, Me., Sept. 13.—Chairman Manley has sent the following telegram to the editor of the Tribune: The result of today's election is a far larger Republican majority than was anticipated. The largest, indeed, given in the state for the past fifteen years, excepting in presidential years. We expect seven or eight thousand plurality. The figures at this hour (11 o'clock) indicate a plurality for Bodwell of not less than 12,000, and not improbable 14,000. We have carried every congressional district, elected two-thirds to three-fourths of the legislature, thus securing us the senate, and county offices probably in

fourteen of the sixteen counties of the state. The Republican plurality in this city is the largest ever known, being more than 700 out of a total vote of 1,800. The total vote of the state will be above 137,000, which is extraordinarily large for an off year. Out of this aggregate the third party vote will not exceed 3,500, far less than was expected by the leaders of the movement.

The Republican plurality this year in towns is reported 9,532 against 13,490 in 1884, being a loss of 4,468. A similar loss in the towns yet to be heard from will give an aggregate of 127,000, divided as follows: Republicans 63,500, Democrats 53,500, Prohibition 3,300.

The labor ticket had no gubernatorial candidate nor congressional candidate in the Fourth district. But few figures of the congressional vote are in, and the labor vote will probably not be known until the official figures come in. All four Republican congressmen are elected by handsome majorities. The legislature will stand probably evenly divided between the two parties. Three Democrats, against a complete Republican senate in 1884. The Democrats will gain in the house in equal proportion, but the Republican will have a handsome majority.

Virginia Election.

WINCHESTER, Va., Sept. 13.—A large vote is being polled. Indications all point this afternoon to the election of the "dry" ticket. Much zeal is manifested on both sides. Negro holders of "dry" tickets are active, and their vote for the first time is much divided. All political distinction is obliterated, and Democrats and Republicans vote together on each side of the question. The election is progressing quietly.

LATER—The "drys" carried every ward in this city, and their ticket by 189 majority. The law goes into effect on the first of next May and continues two years. A variety of opinions are expressed as to the probable effect on the business interests of the city.

Dead Lock Broken.

MILWAUKEE, Wis., Sept. 13.—Tonight the dead lock of two weeks in the Second congressional district Democratic convention was broken by the nomination of Arthur K. De Lancy, of Dodge, on the 316th ballot. The vote stood 15 to 141.

Pitiable Palmtoes.

CHARLESTON, S. C., Sept. 13.—There is no change in the situation today, but strenuous efforts are being made to patch up the houses, and allow residents to be occupied and business to be resumed. Considerable excitement has been caused by the refusal of brick layers to work for less than five dollars per day.

The objection apparently is not so much to the amount asked for as to the work done, many of these claiming the advanced rate being insufficient.

At a special meeting of the city council today, Mayor Courtney reported that the amount of relief fund to this time is about \$200,000, and that it is necessary to see that the many sufferers it is hardly necessary to say to the aldermen of Charleston how small this sum would be when divided among the sufferers.

Gen. M. S. Crawford, U. S. A., of Philadelphia, who visits Charleston to see for himself the condition of affairs, is much impressed by the character of the loss by the earthquakes, and holds it to be beyond the usual estimates. There are no new developments in the strike, but all brick layers employed are now receiving \$3 a day, good, bad or indifferent.

Barge Lost on the Lake.

CHICAGO, Ill., Sept. 13.—A special dispatch published this morning says it is rumored that the barge Gracie Barker, which was carrying a number of passengers on board, sunk some where south of Grand Haven, Mich.

In marine circles here a good deal of interest is taken in the reported loss of the Barker, but all efforts to obtain positive information have proved fruitless. A dispatch from a reliable source, about eighteen miles south of St. Joseph, Michigan, states that a bottle has been picked up on the shore there containing these words: "Gracie Barker sinking off shore. All hands I fear will be lost."

LATER—Another dispatch has been received stating that another bottle containing a similar message has just been found in the same place.

The Gracie Barker was originally intended for a pleasure yacht. She was built at Grand Haven in 1879, and was owned by Captain Vanderhoff of Chulaivoix, Michigan. She has been running between South Haven and Grand Haven, Michigan, for many years, carrying 250 people. From the best information she had one hundred persons on board.

The Barker has not arrived at Muskegon at 2 o'clock this afternoon, so says a special to the Chicago Evening Journal, and partially confirms the fears that she is lost.

Seven to One for Impeachment.

PHILADELPHIA, Pa., Sept. 13.—The committee of the common council, charged with investigating the allegations of malfeasance in office of Mayor Smith, reported to the city council this afternoon recommending that he be impeached. The report was signed by seven members of the committee. One member dissented and presented a minority report. The grounds on which the recommendation for impeachment are based are the receipt of money for licenses and the neglect to pay the same into the city treasury, failure to enforce the ordinance in regard to pawn brokers, permitting his private secretary, John L. Linton, to receive and retain public moneys, etc. Private Secretary Linton has tendered his resignation.

Good Pair to Draw From.

ST. LOUIS, Sept. 13.—Two embezzlements were brought to light in this city today. T. J. Chotard, a young man of good family and greatly respected heretofore, was arrested this morning in a house of ill fame by a detective in the employ of C. P. Burrard & Co., commission merchants, 110 North Main street, by whom Chotard was employed as confidential clerk. An examination of his books showed he was short \$2,000.

Ernest Voss, clerk of the druggist, Mueller, at No. 800, Pine street, has also been found to be an embezzler, having disappeared with \$1,500 of his employer's money. He has a wife and family in Germany.

Shocks in Ohio.

CHICAGO, Sept. 13.—A special from Akron, Ohio, says the people living in the coal mining regions, embracing four towns and quite a large range of country, were awakened at 4 o'clock Sunday morning by long rumbling sounds, accompanied by shocks of earthquake so distinct that houses were terribly shaken and articles on shelves were thrown to the floor. Several years ago the earth settled several feet without apparent cause in this region, and the frightened people fled, fearing they would be swallowed up.

Certainly, Why Not?

MONTREAL, Ont., Sept. 13.—The recorder gave judgment today deciding that the members of the Salvation army have a perfect right to parade the streets and sing.

Weather Report.

WASHINGTON, Sept. 14, 1 a. m.—Indications for Missouri: generally fair weather, nearly stationary temperature, winds generally southerly.

For Kansas and Nebraska: generally fair weather, stationary temperature, variable winds generally southerly.

Oh, the Beautiful.

SHEPHERD, Mich., Sept. 13.—The first snow of the season fell here yesterday. But has all melted off.

CAPITAL BUDGET.

CALL UP THE COURT.

WASHINGTON, D. C., Sept. 13.—Messrs. Good, Chairman of the House of counsel for the government in its suit to test the validity of the patent held by the American Bell telephone company are now in the city and have had several consultations with Acting Attorney General Jenks, in regard to the case. Judges Jackson and Sage will sit at Cincinnati next Monday to hear arguments on the pleadings in the case, including the special plea as to the jurisdiction of the court and a demurrer to the government's bill.

NICKELS AND PENNIES FREE.

The director of the mint has issued the following circular in regard to the issue of minor coins. Five cent nickel pieces and one cent bronze pieces will be forwarded in the order of application from the mint of the United States at Philadelphia to points reached by the Adams Express company free of transportation charges in sums of \$30 or multiples thereof upon receipt of a collection by the superintendent of that mint of a draft on New York or Philadelphia, payable by his order.

To points not reached by the Adams Express company, and when delivering under its contract with the government is thus impracticable the above coin can be sent on same terms by registered mail at the applicant's risk, the registry fee on same to be paid by the government.

THE NEW PUBL. PRINT.

Thomas E. Benedict, of New York, today filed with the secretary of the interior his official bond in the sum of \$100,000 as public printer, which was approved. Upon the state department being notified of this fact, his commission was issued. Benedict will take charge of the office to-morrow.

TAKE DUE NOTICE, ETC.

Acting Secretary Fairchild has issued a circular to custom officers calling attention to section 10 of the oleomargarine act, making provision for the collection of an internal revenue tax of 15 cents per pound on all imported oleomargarine in addition to the regular import duty, and also providing that this additional tax must be paid before the removal of the goods from the custody of the government.

LITTLE PHIL'S OPINION.

Gen. Phil Sheridan in a few days will go to Leavenworth, Kan., to attend the annual shooting competition between teams of the regular army. A reporter of the Post asked him about the fate of Geronimo. I do not yet know, he said, whether any conditions are attached to his surrender. There is no doubt about what ought to be done with him. He is entitled to no mercy or consideration. If he cannot be dealt with summarily he will probably be removed east of the Mississippi, to Florida perhaps, the very place where he doesn't want to go. The Dry Tortugas would be a good reservation for him.

Two Hearts—One Thought.

NEW YORK, Sept. 13.—James G. Blaine, Jr., youngest son of Ex-Senator James G. Blaine, was married in the Rectory of St. Leo's Roman Catholic church in this city last Monday afternoon to Miss Mena Nevins, daughter of Col. Richard Nevins of Columbus, Ohio. The ceremony was performed by Father Thomas J. Duckey, pastor of the church, the contracting parties having satisfied him that there was no impediment to the union. The bride is the daughter of a prominent family in Ohio. Her maternal grandfather was Hon. Samuel Medary, long editor of the Ohio Statesman, territorial governor of Minnesota before its admission as a state, and territorial governor of Kansas under Buchanan. Young Blaine is the favorite son of his distinguished father. He is about twenty years old and has not yet completed his college course. Miss Nevins is a young lady of nineteen with fair hair, handsome presence, and an exceptionally beautiful face. She was educated at the convent of the Sacred Heart in Cincinnati. She is said by her friends to be a young lady of many brilliant mental and social accomplishments. Miss Nevins some time ago adopted the Catholic faith.

Vicious Sluggers.

CHICAGO, Sept. 13.—The six-round glove contest between Paddy Ryan and Frank Glover, the champion heavy weight of Illinois, took place at Chalmers beach tonight. It resulted in a regular slugger's fight, and was stopped by the town of Lake police at the end of the second round. One of the referees decided that Ryan had the best of the fight, the other declared it a draw. The fight took place on a boat upon which a twenty-four foot ring was made. He raised from the start to the finish. The fight was a vicious one on the part of both men, it being necessary for the referees to rush between them with umbrellas and clubs and lead the men apart. The fight was stopped at 10:50 p. m., and the drenched and disgusted 1,500 spectators made a rush for the train.

Up by the Snail.

KANSAS CITY, Sept. 13.—The Kansas City Inter-state fair opened auspiciously today with a good attendance. There is a full line of exhibits in the various departments, the livestock display being particularly creditable. An additional feature will be a street parade of the Flannegan club Tuesday, Wednesday and Thursday evenings, and a trades' procession Thursday night.

The case of the Missouri Pacific train wreckers came up today at Wyandotte and was postponed till December.

Following His Boss.

NEW YORK, Sept. 13.—George W. Alter, the confidential clerk and business manager of Ex-Alderman Jahn, was brought from police headquarters to the general sessions court today. He was arraigned at the bar charged with perjury. He pleaded not guilty and was then sent to the toms prison to await trial. No bail was fixed in his case.

No Pay, No Boat.

BATH, Me., Sept. 13.—The workmen in the New England ship building company's yard went out on a strike this morning on account of a cut of wages. The men, 1,500 in number, are out by order of the Knights of Labor. Superintendent Hyde says the company will stand by the determination to make the cut in the yard.

Will Resume Work.

WILMINGTON, Del., Sept. 13.—The strike of the Wilmington mercantile workmen, which began March last has been practically ended. The men will resume work.

OVER THE OCEAN.

ENGLAND.

LONDON, Sept. 13.—The sculling match between George W. Lee, of New Jersey, and Neil Matherson, the Australian oarsman, took place today on the Thames Championship course. Lee won.

It is remarked that although the Emperor Francis Joseph is at Prezmye in Galisia and the Czar at Brest, Litoresk, in Poland, not more than 250 miles apart, neither has given any sign of a desire or intention of meeting the other. In fact, neither has sent the other greetings even by deputy.

The Neue Freie Presse, of Vienna, complains of the Czar's breach of courtesy towards Austria. It says it is noteworthy that Russia military maneuvers taking place at the precise corner of the Russian domains, which would be the principal theatre of war in event of a Russian conflict with Austria. The emperor Francis Joseph, was at the same time reviewing an equal number of Austrian troops, the total being over 60,000 men, at the point which would be naturally chosen as the Austrian base of operations in the same event. Thus we see, says the Neue Freie Presse, two rival camps and two rival courts almost within sight of each other.

James Round, Conservative, member of parliament for Harwich, has given notice of his intention to call the attention of the government in the house of commons to the seizure by French authorities, at Havre, of English fishing vessels.

Sir J. Ferguson, under foreign secretary, stated in the house of commons this evening that the government had sent orders to Lord Lyons, the British ambassador at Paris, to use all possible efforts to obtain the release of the British fishing boats detained at Havre by the French.

Lord Randolph Churchill announced in the house of commons this afternoon the appointment of a royal commission of inquiry into the necessity of civil service reform in the British government.

The Scottish Protestant alliance will meet to consider Lord Randolph Churchill's reply to its protest against the appointment of Mr. Henry Matthews to the hon. secretaryship, which was brought on the ground that he was a Roman Catholic. The Rev. James Paton, director of the alliance, has addressed a letter to Lord Randolph Churchill, in which he says: You have penned an insolent reply to a respectful public document. Although you are now a cabinet minister we observe with astonishment and regret that you have not laid aside those weapons of abuse which you to-morrow harked your way to power. It is a national calamity when men, pitched forth to high positions, are destitute of decent manners.

Mr. Paton concludes his letter by saying that the alliance founded its protest on the same grounds as those upon which the exclusion of Roman Catholics from the throne is founded.

The lord mayor of London has received a letter from Phelps, the United States minister, forwarding a cable message from Secretary Bayard expressing President Cleveland's grateful acknowledgement for the generous action of the lord mayor and city of London in behalf of the Charleston sufferers. M. N. Rodheld and Sen have contributed 500 pounds and Baring Bros., the same amount to the relief fund. It is probable that a large sum will be realized.

The parcel land bill as redrafted shows serious evictions on payments into court of half the rent due. Many Gladstonians disapprove of the amount of the reduction. The Parnells assert that the full value justifies a demand of over 50 per cent reduction.

Mr. Gladstone has privately announced that he will return to London Saturday and that he hopes to take part in the debate on Monday. It is understood he will support the Parnell bill.

Ireland.

DUBLIN, Sept. 13.—Three moonlighters raids took place last night, all close to the headquarters of Hon. Sir Redvers Buller, William Baffe, bullif, who had made himself very obnoxious by the cruel treatment of women evicted, went early to attend mass in Bellemea chapel. When the men and women who were to be chapelled Buller's presence they became very indignant. The men dragged him from the building. When they had him outside they turned him over to the women, who were beating for a chance at him. Among these women were twelve that Baffe had evicted. These women were furious and fell upon the bullif and beat him unmercifully. Subsequently the priest, who is also president of the national league, admitted the latter fact to hear mass, and this merry toward the unfortunate man at most caused a rebellion against the priest.

Father Fahy, a Catholic priest, of Woodford, was arraigned today for having threatened the owner of property in Woodford, from which the tenants had been evicted. He was found guilty and the court gave him the choice of giving bond for his good behavior for six months or of going to prison for the same period. The priest chose the latter alternative.

France.

PARIS, Sept. 13.—The French authorities at Havre have just seized eleven fishing boats for infringing upon international maritime and fisheries laws in the channel. The Le Paris says the boats were seized in reprisal for the recent arrest by the British authorities of French fishing boats off Folkestone, on the other side of the channel.

HAVRE, Sept. 13.—The English fishing boats arrested by the authorities here were taken into custody for infringing the law which forbids foreign fishing vessels to enter French ports except when compelled to by stress of weather or want of provisions. It is denied that the arrests partake of the nature of reprisals for arrest of French fishermen in English waters.

MARSEILLES, Sept. 13.—A dynamite cartridge was exploded at midnight last night in the principal gateway of the Marseilles docks, doing some damage. The contents of the cartridge was evidently sulphur.

Bulgaria.

SOFIA, Sept. 13.—The national assembly met today. The Russian agent received the czar's reply to Bulgaria's proposals. The czar says Russia will recognize the Bulgarian regency and assist the union of Bulgaria and Eastern Roumania on the condition that no acts of violence be committed. Russia advises that public opinion in Bulgaria be allowed to calm down before the new prince is elected to the throne. The Russian agent has not yet communicated with the czar in reply to the Bulgarian government, because the relations between the present Bulgarian ministers and him is very strained. During the sitting of the national assembly today, several deputies proposed that the Bulgarian government send a telegram to the czar requesting him to communicate with the Bulgarian government, instead of through his agent.

The German banking house declined the proposal from the Bulgarian government for raising a loan for that country.

Austria.

VIENNA, Sept. 13.—During the celebration of early mass in Pilgrimage church in Rodna, Transylvania, yesterday, by accident the altar curtains were set on fire by the candles and consumed. The people rushed from the building trampling the weak under foot, and numbers of occupants of the galleries leaped down on the heads of the crowd below. Several hundred persons were injured; many of them seriously.

Later particulars from Rodna show that fifteen persons were crushed to death and thirty were severely and 100 slightly injured during the panic in the Pilgrimage church.

A Terrible Squeeze.

SCRANTON, Pa., Sept. 13.—The Marine shaft colliery of the Delaware and Hudson Canal company was the scene of an extensive cave-in this morning, by which it is feared a number of men have lost their lives; how many it is impossible to say and the suppositions varying from six to nine. There seems to be but little question of the death of one of them, an elderly man named John Schaefer. A number of men were cut and bruised by the falling of rock and coal in making their escape up the slope. For several weeks a squeeze has been going on in the chambers on the left hand side of the mine; the right hand side being safe as supposed.

This morning about sixty men went to work in the right hand chamber. After they had been at work some time it was noticed that the squeeze was extending in the direction of where the men were working and they were at once notified of their danger, and all started for the foot of the mine. Two falls occurred and it is not known whether the missing men were caught by the falls or had returned to the back part of the mine. If they returned there is hope of their being saved, but if they continued toward the foot of the shaft they were undoubtedly killed. The cave in covers live or six acres.

So far as known the names of the missing men in addition to Schaefer are as follows: John C. Gardner, 30 years old, married, John Young, miner, 55 years, married and three children.

Pat McNulty, miner, married, seven children. Cormick McGee, 55, miner, married, two children. Patrick Cavanagh, aged 45, married, six children. Patrick Murphy, laborer, aged 25 years, single. Patrick Harrison, laborer, aged 35 years, single.
