AN APPEAL FOR AID.

Dr. John Fitzgerald, President of the Irish National League of America.

Issues an Address to All Irish-Americans in which He Makes

FITZGERALD'S ADDRESS

To Members of The Irish National League of America.

LINCOLN, Neb. 2.—The following address the officers and members of the Irish National League of America was issued today by President Fitzgerald, in response to Chas. S. Parnell's appeal:

The third convention of the Irish National League of America held at Chicago on the eighteenth and nineteenth of last month has now become a matter of history; the spirit of harmony and the abrogation of personal views were pleasing characteristics of this greatest gathering of our race that ever assembled in this country. This feature of the vast assembly amply disproved the malicious report industriously circulated and hoped for by our enemies, that dissension and dissension found a home in our ranks. The resolutions adopted not only voiced the sentiments of the convention but met the hearty approval of the press and people of this nation. The expressions of unlimited confidence in Mr. Parnell, the approval of his line of policy, and the earnest pledge of continued support of that policy until such time of the people of Ireland through their recognized leaders pronounce its method a failure, met the unqualified approbation not only of the Irish race throughout the world, but also of all lovers of human freedom.

Mr. Parnell's approval of the wisdom, patriotism, moderation and union that characterized the convention; so also the Irish embassadors that honored that body with their presence declared that its proceedings would not only clear the hearts of the Irish people at home, but also greatly aid the cause of Irish autonomy with English, Scotch and Welsh statesmen and the masses of their people.

It was in the hope of accomplishing this latter result and strengthening Mr. Parnell's position that a large number of Irish patriots filled their individual opinions in order to fully and fairly test the line of policy adopted by our countrymen at home; they are victims of foreign tyranny and most interested in this fight for life and liberty. The struggle, short or long, they will continue to receive from their kindred here earnest and substantial support in any manner they may indicate consistent without duties as American citizens. The great honor conferred on us as it was unmerited, but since friends of Ireland assembled, that any action of the presidency would greatly increase the membership of the league and refute any insinuation that the organization might be used as a political shuttlecock in American politics.

It shall be my earnest desire to aid the other newly elected officers; not only to maintain the past efficiency of the league, but if possible to render more serviceable the course of our motherland.

Urgent as was the necessity that brought forth such generous responses to the parliamentary fund, there now exists a more urgent demand on the Irish race throughout the world. On the twenty-fourth of the month the very government of England decided, by the rejection of Mr. Parnell's land bill, on the eviction and consequent starvation or banishment of thousands of men, women and children.

Lord Salisbury and his government will now discover that their can never starve, exterminate or subdue by coercion the Irish people. The fight is on; evictions for non-payment of impossible rents have commenced; God's creatures are being rendered homeless and turned out on the road side, but they shall not die the death prepared for them by heartless tyrants.

I therefore appeal to every Irish man and woman with Irish blood coursing in their veins to aid in resisting this inhuman brutality. Let every branch of the league start an anti-eviction fund and send the contributions to the national treasurer, Rev. Chas. O'Leilly, Detroit, Mich.

Branches should be started in every town and village in the country, in the workshop and on the railroad. Rich and poor should unite in this humane and patriotic work. Organization is necessary to resist organized tyranny. Let the twenty million of the scattered Irish race, whose hearts beat true to Erin and liberty until under the leadership of Chas. Stewart Parnell and in the Irish National League present a united and determined front to that government whose queen only a few days ago intimated that the blood and treasure of her empire would defend home rule in Ireland, while denying home rule to Ireland, and while she is content with appointing a commission of inquiry into the system of Irish land robbery.

Let the good work commence at once. State delegates should lose no time in organizing their several states, while national councils and branch officers should be putting in their efforts to increase the roll of membership. Secretaries of branches will please notify the national secretary, John R. Sutton, Lincoln, Neb., of all remittances to the national treasurer, and all changes in branch officers.

I respectfully request of the American press, a continuance of the invaluable assistance heretofore rendered the league, and I most earnestly ask the Irish-American press to arouse our countrymen to the imperative necessity of united, decisive and prompt action in aid of the anti-eviction fund.

I append an appeal from Hon. Chas. Seward Parnell, whose forcible terms should awaken a response in the hearts of every friend of the oppressed, and more especially in those of my fellow countrymen.

I remain, yours faithfully,
JOHN FITZGERALD,
President National Irish League of America.

CAPITAL BUDGET.

WASHINGTON, Oct. 2.—The president today appointed Joseph A. Wagner to be pension agent at Knoxville, Tenn., vice Robert Taylor resigned; Frank P. Arbuckle to be register of the land office at Lamar, Col.; J. H. Dougherty of Texas, Dell Bushyhead of Indiana Territory, and Malcolm McCochin of Arkansas, to be appraisers of the right-of-way of the Gulf, Colorado and Santa Fe railway through the Indian Territory.

OF INTEREST TO BREWERS.
Commissioner Miller, of the internal revenue bureau today decided a question of great interest to brewers. It was in regard to the construction of beer barrels. Section 3242 of the revised statutes provides that such barrels shall be provided with two pigot holes one of which shall be in the head and the other in the side of the barrel. Manufacturers in Massachusetts and elsewhere have, however, for a long time been making their barrels with both pigot holes in the side of the barrel. This was done for the sake of convenience and with no intention to defraud the government. The practice has been tolerated by the authorities as not prejudicial to public interests. Other brewers have recently, however, complained against it as a violation of the law, and the department after a thorough investigation has decided that it must be stopped. The Massachusetts brewers made a formal request that the department postpone action until they shall have had an opportunity to obtain congressional sanction to the practice. Commissioner Miller notified them that he felt bound to enforce the law as it stands, and he had no authority to grant their request for non-interference.

ADmiral PORTER ILL.
Information received here is to the effect that Admiral Porter is lying very ill at Newport, the result of the carriage accident at Milford Springs, Massachusetts, ten days ago.

SECRETARY MANNING.
Col. Lamont says Secretary Manning was expected to leave the latter part of next week, but possibly may not come until the first of the week following.

THE K. OF L. CONVENTION.
RICHMOND, Va., Oct. 2.—The approaching meeting of the National Assembly K. of L. has been the absorbing topic of interest here for some days. Already many nights have been devoted to the preparation of resolutions, including delegates from New Orleans, Kansas City, St. Louis, Troy, Amsterdam, Lebanon, Pa., Bossburg, Pa., and Brooklyn. Each organization brings with it a contingent of men. It is expected that by Monday morning all the delegations will have arrived, all the hotels be filled and many delegates have private quarters.

The sessions of the assembly will be held at the drill hall of the First Virginia regiment, the largest hall in the city. They will start at 10 o'clock on Monday morning for Richmond, Va., to attend the general assembly of the Knights, which will convene in that city Monday next. General Secretary and Treasurer Turner left for Richmond last evening.

A Great Strike Coming.
HARTFORD, Pa., Oct. 2.—Thursday a further demand by General Master Workman Powderly was forwarded by circular letter to Cox Bros. & Co., operators at Drifton; to Derringer & Goewens, and to A. F. Sorensen, Sons & Co., operators at Hazleton, Md. Pleasant and Latimer. In the circular Powderly says:

"I address you for the purpose of making the final request that the men receive an advance of wages. I know that it is impossible to longer check the ardor of the men and a strike is inevitable unless some thing is done to avert it. The men have been waiting on our advice and deferred from striking for some time, but their patience being exhausted, we can no longer prevent them from making the effort to adjust their wages.

The operators addressed recognize this as the last appeal, but make no acknowledgment. There is no longer a doubt that a date has been fixed for the strike. Master Workman McGarvey, of district assembly No. 37, has received positive advice from Wm. M. Bailey to get everything ready so the order to strike may be obeyed at the earliest possible date. The day fixed is Wednesday, October 6th, next, at 12 noon.

Brief, But Pointed.
New York, Oct. 2.—General W. T. Sherman with his family are stopping at the Fifth Avenue hotel. When asked if he would make any reply to the open letter of Jefferson Davis to J. T. Schurz, the Maryland historian in which Gen. Sherman is declared to be a falsifier, the general said with emphasis: "No, indeed he is not." The matter touched upon by Davis was settled in the newspapers two years ago. Yes, some of them twenty-five years ago. Davis' record and mine are known, and from them people can draw their conclusions. Davis' own book shows him to be a traitor. His letter is altogether beneath my contempt."

Pattison on Pools.
HARRISBURG, Pa., Oct. 2.—Gov. Pattison has addressed a letter to Attorney General Cassiday on the action of the anti-trust pool, and requesting him to move against it to the Congress. In the course of his letter the governor says: "My attention has been directed to the fact within the past fortnight that certain corporations chartered by the commonwealth of Pennsylvania, acting in concert, have ordered two advances in the price of anthracite coal. It has been ascertained that these corporations comprise what is known as the anthracite coal combinations, by which six corporations were in effect pledged in writing to restrict and regulate the production of the coal and maintain and advance its price.

The governor also called attention to the trust line pool which he says by its arbitrary power holds a perpetual mortgage over the material interests of the country.

Has No Such Intention.
New York, Oct. 2.—The Post's special from Philadelphia says: The Pennsylvania Railroad company, said an official of that company this morning, does not contemplate the establishment of any new steamship line as reported, and has not purchased nor does it intend to purchase the rights or franchises of the Inman line.

POLITICAL PALAVER.

The Leavenworth Republicans Performed a Clever Little Coup Yesterday

By Which They Will Scoop the "Dry" Vote in November.

The Dickinson Republicans Indulged in a Little Family Spite Oven, a Resolution and Adjourned

Informally—Senator Sherman Received in Louisville, Ky., With Great Eclat by the Republicans.

The Submissionists Capture the Prohibition Convention at Sedalia—A Cute Caper.

Mulvane Murmurings.
Special Dispatch Daily Eagle.

LEVENEWORTH, Kan., Oct. 2.—The Republicans county convention of this place held a grand rally at this place last night. Mr. Reynolds was chosen chairman, Reed, Morris and Jewett made speeches. Jones, Capenter and Wright were all present and would all have made speeches but for the lateness of the hour. Ed Jewett's talk was highly satisfactory. The people down here see the point. Mr. Thomas may be a very good man, but the Democrats are only desirous of his election because he is the probats judge who issues the whisky permits.

Leavenworth Republicans.
LEVENEWORTH, Kan., Oct. 2.—The Republican county convention nominated a full ticket today and embodied in their platform a plank which calls for the enforcement of all laws upon the statute books. A feature of the resolution was one endorsing that part of the Atchison county Democratic resolutions which pledges that faction of the party to prohibition. It is the first instance in this state where anything the Democracy has done has been endorsed by Republicans, and its adoption was passed amid much enthusiasm.

Dickinson Republicans.
ARTHUR, Kan., Oct. 2.—The Republican county convention of Dickinson county convened here today to nominate candidates. Every man nominated by the county convention is for Judge Wilson for congress.

A resolution endorsing Anderson was introduced and after a four hour fight, in which there were a dozen tie votes, the convention broke up in a row without adopting the resolution.

Hon. Harry Hillison Flora and Hon. Wm. Ramsey were nominated for representatives of the Sixty-eighth and Sixty-ninth districts respectively.

Nebraska Republicans.
OMAHA, Oct. 2.—The Republicans of the Third congressional district, today nominated G. W. Edors.

Senator Sherman at Louisville.
LOUISVILLE, Ky., Oct. 2.—Senator Jno. Sherman, by invitation of the Republican state executive committee, arrived here this morning and opened the congressional campaign of the Republicans. He was tendered a public reception at the Galt house in the early afternoon and afterwards participated in the ceremonies of laying the cornerstone of Louisville's new custom house. At night Leiderskrantz was packed from gallery to stage with an enthusiastic ovation. Mr. Sherman was applauded throughout his address. He was introduced by Walter Evans, ex-commissioner of internal revenue.

In closing his address, referring to the political contest in this district between the Republicans and A. S. Willis for the nomination of the Democrats to compromise and settle their differences by voting for the Republican nominee, Augustus Wilson.

Missouri Melange.
SEBASTIA, Mo., Oct. 2.—The county prohibition convention met in this city today, but was captured by the submissionists. The Republican candidate for representative for the eastern district who pledged himself to vote for submission, and nominating Judge H. P. Smith for county judge at large, adjourned. Both the candidates for representative from the western district are Prohibitionists.

Another Zig-Zag Route.
SOUTH FARMINGHAM, Mass., Oct. 2.—It is learned this morning that H. A. Simonds, president of the Franklin County National bank at Greenfield, Mass., resigned on account of the investigation of the bank's affairs. The only thing in the nature of a strike occurred today at Amesbury. As the cash boys' party in number, in the retail department of the Amesbury packing houses, received their cash envelopes today each of the youngsters notified the paymaster that he expected an increase from \$4.50 to \$5 per week from now on. As fast as the boys made known their ultimatum they were told that the house would struggle on without their assistance. The juvenile strikers then adjourned to the railroad tracks near by where they elected a chairman. He straightway appointed a "strike committee" consisting of five boys, varying in age from 8 to 12 years. The committee did its work well, for the superintendent went out on a search for boys to fill the places of the disgruntled cash boys he met with nothing but blank refusals.

Earthquake Resume.
CHARLESTON, S. C., Oct. 2.—It may be interesting to recall the fact that since the introductory shock on August 27 at Summerville there have been exactly thirty-one distinct shocks of earthquake. Shocks occurred on thirteen days. The above record does not include any of the slight tremors, many of which occurred and more imaginary.

No shocks here today. At Summerville last night there were several retortations, but no positive earth tremors. The weather here today is cool and slightly cloudy, a fresh northeasterly breeze. Everybody is busy and business is picking up every day. The community generally regard the disturbances at an end.

Weather Report.

WASHINGTON, Oct. 3, 1 a. m.—Indications for Missouri: Fair, weather; southerly winds; slightly warmer in the eastern portion, nearly stationary temperature in the western portion.

For Kansas and Nebraska: Fair, weather; southerly winds, becoming variable; stationary temperature in the eastern portion, slightly cooler in the western portion.

DANVILLE, Va., Oct. 2.—There was a heavy frost in this section last night. Reports from the surrounding country are to the effect that one-third of the crop is still in the field, of low land tobacco, and is damaged by frost.

In Carolina.
RALEIGH, N. C., Oct. 2.—A special to the News and Observer from Asheville, reports frost; tobacco crop considerably damaged.

In Tennessee.

PLEURO-PNEUMONIA.
Dakota Quarantines.
BISMARCK, Dak., Oct. 2.—Governor Pierce issued his proclamation forbidding the importation into the territory of cattle from Chicago not accompanied by certificate of health from the office of the Illinois state veterinarian or United States inspector.

The Plague in New Jersey.
VERONA, N. J., Oct. 2.—Nine cases of pleuro-pneumonia have been discovered among the cattle on the farm of Wm. Chase, two cows have died and three are dying. Three more were taken sick yesterday. The farm is surrounded by other farms on which there are droves of cattle.

No Danger From Canada.
WASHINGTON, D. C., Oct. 2.—Commissioner Coleman, of the department of agriculture, today received the following communication from the chief inspector of stock of Canada from Montreal touching the condition of Canadian cattle: I notice by newspaper reports that the question of placing an embargo on cattle entering the United States from Canada is being discussed. Knowing as I do the Canadian is entirely free from pleuro-pneumonia or any other contagious disease of cattle, and that everything that was capable of carrying the disease from contact with infected animals in quarantine, has been destroyed by burning instantly—the cattle sheds, fences, feed, clothing and bags, as well as manure—no traces were taken sick yesterday. The farm is surrounded by other farms on which there are droves of cattle.

Kentucky Quarantines.
LOUISVILLE, Oct. 2.—The state board of health has quarantined against cattle from Illinois.

Minnesota Quarantines.
ST. PAUL, Oct. 2.—Gov. Holland has issued a proclamation establishing quarantine against Illinois cattle.

Missouri Does Not.
KANSAS CITY, Oct. 2.—A Jefferson City special says at a meeting of the state board of health today, it was decided that a quarantine against Illinois cattle is not at present necessary.

No New Developments.
CHICAGO, Oct. 2.—One of the great herds of cattle quarantined at the Phoenix distillery was found dead yesterday morning. An autopsy resulted in a verdict that the animal had pleuro-pneumonia. The state veterinary inspection of the Harny farm today brought to light no new cases. All the cows there had been isolated and found to be improving. Numerous small herds also inspected. No pronounced case of pleuro-pneumonia was found among them, but several sick cows were isolated. Only a few shipments of cattle were certified to at the stock yards. The dullness was attributed to the usual absence of heavy dealing on Saturday.

The Strike Did Not Begin.
CHICAGO, Oct. 2.—The week of expected strikes and lockouts at the Union stock yards ended this evening with the working forces of the great packing houses and kindred institutions still intact; yet some of the smaller concerns have practically stopped their machinery for an indefinite period, and one firm, Shields & Neil, has packed up and moved to Nebraska, unable to longer withstand the difference between eight and ten hours work.

That concert of action on the part of the packers is contemplated was freely admitted by them today. What the exact nature of their movement is would be divulged if made at all. According to careful estimates made today the effect will be that in the neighborhood of 25,000 men, not to speak of those employed in kindred occupations, will go out of the city without a chance of earning their daily bread. A strike occurred today at Amesbury. As the cash boys' party in number, in the retail department of the Amesbury packing houses, received their cash envelopes today each of the youngsters notified the paymaster that he expected an increase from \$4.50 to \$5 per week from now on. As fast as the boys made known their ultimatum they were told that the house would struggle on without their assistance. The juvenile strikers then adjourned to the railroad tracks near by where they elected a chairman. He straightway appointed a "strike committee" consisting of five boys, varying in age from 8 to 12 years. The committee did its work well, for the superintendent went out on a search for boys to fill the places of the disgruntled cash boys he met with nothing but blank refusals.

The Races.
CHICAGO, Oct. 2.—The special trotting meeting at Washington Park today was attended by over 8,000 people. Weather and track were perfect. All the admirers of the old time sport and the lovers of the trotting horse and red sulky seemed to be in their element. The first event was for a special sweep stakes of \$2,000 each and a silver cup valued at \$500. Entries: Ohal, Dick Stauffer, Jennette and Editor. The horses got away to a fair start with Ohal at the pole and in the lead, a position which he held to the last quarter where he was headed by Stauffer, closely followed by Editor. This position, however, was not long maintained. Editor closed up and passed Ohal coming under the wire a neck behind Stauffer, Ohal a bad third, with Jennette taking the dust from the crowd. The second and third heats were virtually a repetition of the first except that Ohal took second in the second and third heat and placed in the third. Following is a summary:

Dick Stauffer..... 1 1 1
Editor..... 2 4 2
Ohal..... 3 3 3
Jennette..... 4 2 4
Time 2:16 1-4, 2:17 1-4, 2:16 1-4.

The second race was the great event of the day. A grand special sweepstakes, \$500 entrance, with \$3,000 added by the club. The starters were Oliver K, driver, Paul Doble, Harry Wilkes, driver, Van Ness, Bell F, driver, W. H. McCarthy. The start was an even one with Oliver K at the pole. At the half mile Oliver K went into the air and Wilkes took the lead, keeping it to the finish, with Oliver K a good second, and Bell F well in the rear. In the second heat Oliver K was on Wilkes' wheel from the start to the finish, without a break, but was out trotted by the little one. Bell F was a bad third all the way round.

In the third heat the horses got off to a good start and trotted the heat in the same order as mentioned in the second. Summary:
Harry Wilkes..... 1 1 1
Oliver K..... 2 2 2
Bell F..... 3 3 3
Time 2:16 1-2, 2:17 1-4, 2:16 1-4.

Unknown Craft Sunk.
GREENSBORO, W. Va., Oct. 2.—A report comes from Lake Superior that on Wednesday 4 during a heavy gale the captain of the steamer City of Green Bay, while being beset in a plover, when he had landed for shelter, saw a vessel go down with all hands. He could not make out what kind of a craft it was, but supposed it came from Verie Island.

Criminal Neglect.
New York, Oct. 2.—The King's county grand jury today handed in an indictment against chow chasers W. H. Day, Theo. W. Hines and Joe. Hayes, who they accuse of the crime of willfully neglecting to provide safe and suitable accommodations, care and attendants for certain insane persons under their care, custody and keeping. The commissioners accused of misdemeanor by indictment will be tried at the general session. The فرمان of the grand jury reported that the grand jury had officially visited the Bush Institute August 29th, and found it in a wretched condition, endangering not only the health and well-being of its inmates, but through imperfect sewerage connections it is a source of danger to the city of Brooklyn. By their report the board of supervisors of Kings county were requested to provide new quarters for inmates. Failing in this they will be held accountable for neglect.
