ADDITIONAL TELEGRAPH

Missouri Pacific Projects.

KANSAS CITY, Oct. 16.—The morning papers will publish interviews with Mr. Jay Gould and Vice-President Hopkins, besides other information, going to show that important changes in the Missouri Pacific are coming. Mr. Gould says that the subject of the removal of the general office to this city from St. Louis was agitated some time ago, but the matter was deferred on account of Mr. Hoxie's illness. While he does not say that the change will be made, the information is that it is altogether probable, though not yet decided upon. Negotiations are in progress looking to the purchase of ground near the city and the concentration here of the shops now located at Atchison and Parsons, Kan., and Pleasant Hill and Nevada, Mo. In that event the present shops would be retained at St. Louis and probably at Sedalia, as a junction point. The system is being rapidly extended throughout Kansas and north into Nebraska as well as south toward Texas, making this the natural center. A lsne has been completed 250 miles westward across Kansas; and contracts have been let for grading to the Colorado line. From thence the present objective point is Colorado Springs, Colorado, the road extending midway between the Kansas Pacific and the Santa Fe lines.

It is understood that the purchase of sixty acres of land near their old distillery in the east bottoms is being considered, upon which to place switch yards, round houses and machine shops if brought here. Mr. Gould stated that contracts had been let for the building of another bridge across the Kaw in West Kansas City and that vicinity might be decided upon as the location for an enlarged plant of the company. The party will leave here tomorrow for Omaha but will return again later in the week. Mr. Gould spoke in glow
