RIOT AND BLOOD-SHED.

The Great Packing-House Strike in Chicago Culminated Yesterday in

A Conflict Between Pinkerton's Special Police and Strikers.

Contradictory Statements as to Who Fired the First Shot, Each Side Charging the Other

With Responsibility For the Death of the Persons Shot by the Armed Policemen.

A New Phase to the Strike Situation at the Stock Yards—The New Men Walk Out.

A FATEFUL CLASH.

A Squad of Pinkerton Police Fire into a Street Crowd with Fatal Effect.

CHICAGO, Oct. 19.—The stockyard strike, which promised to pass into history as a bloodless one, has been attended by a sacrifice of human life. Terry Bagley and another man were mortally wounded by Pinkerton men this evening, and some 150 of the latter were arrested to await the disposition on a charge of murder. All but six were afterward released. Armour & Co.'s imported workmen, three or four hundred in number, went out this morning. They had made up their minds that they did not care to remain any longer if old hands were to come back. Their report of affairs was communicated to Mr. Cahaly who assured them protection if they desired to stay. They had concluded, however, though protection might protect for a while the other butchers would ultimately make it so unpleasant for them that they would be unable to work long and that they had better quit at once. A train was telegraphed for and before 12 o'clock the last non-union man had left the premises. As they were loaded on the train the chief clerk at Armour's main office told the men to remember their numbers on the rolls and assured them that if at any time they were needed two years they would be wanted work they would be given the preference.

The men were on the Lake Shore train, the bathers in the front cars, the guards in the three at the rear end. The latter had their rifle muzzles pointing out of the windows. There was a stop at Halsted and Fortieth streets and other cars and the train was switched back some little distance.

Quite a crowd of curious people had assembled and as the inmates of the train were recognized there were some jeering remarks made. As the train passed the point a Pinkerton man pushed his rifle out, aiming at the crowd, and raising the hammer the man fired his weapon and Terry Bagley fell mortally wounded.

The noise of the explosion caused an excitement in and outside of the cars. In a moment it was followed by a regular volley from the other riflemen and the crowd, which was largely composed of school children, fled in a panic. In the flight a man fell and was hastily carried away by his friends. He was also wounded. The train steamed off. Captain Markey, of the town of Lake police, was at hand with a few men and he would have arrested the man who fired the shot, but feared to stop the train, as a riot might have resulted. He telephoned to Twenty-second street station, however, and when the train reached there it was boarded by a detachment of Chicago police, who placed all the specials under arrest.

When the train reached the terminal station at Van Buren station there was another squad of police from Harrison street station and the whole crowd was marched to the armory. Capt. Markey telephoned in that he could identify the man who shot Bagley, and his presence was immediately awaited. Bagley, who was taken to his home at Emerald avenue and 42nd street, was still living late this afternoon, but his death was almost momentarily expected. He is an employing teamster engaged about the yards, has a wife and family and took no part in the strike.

The Pinkerton men say that the strikers made the assault, first with stones and then with revolvers, and that they had made no attack until they had been fired upon. Capt. Markey said, however, that the Pinkerton men did the first shooting and went out any provocation.

When the men were led into the Harrison street station, the city police began the work of asserting on the ones who did the shooting. Capt. Markey, three boys and a man who were present, all declared they could identify the man who shot Bagley. The specials were made to march before them, and two were picked out for identification in the shooting. The weapons of the specials were seized by the police. When the work of identifying the police began, the non-union men were set free.

After the boys had picked out two men, the whole force was led to the main court room where Lieut. Ripley and a Central station detective examined their rifles and revolvers to see if there were any empty shells to indicate that they had been recently discharged. One was found to have an empty shell on it and the bearer was standing in the court room. After the men had filed into the benches Wm. A. Pinkerton said:

Those of you who fired out of the car step here. One young fellow with a blonde mustache arose and walked up to his chief. No one else moved. As he came as this brave fellow, called Pinkerton, and the man within the railing said: I shot, no others volunteered. The two men who had first been picked out by the boys stood under guard of two policemen in the outer entry of the court room. Joseph Hill and Walter Andrews are the two men identified as two of the men who fired the shot. Richard Izdes, Guy Stevens, Robert J. Partrian and Stephen Pevner confessed to having shot into the crowd of strikers.

These six men were held at the armory; the remainder of the Pinkerton men and the workmen who were on the train were let go.

Captain Joy was in charge of the Pinkerton men when the shooting occurred. He was standing on the rear platform. He said the man picked out by the city police were not the guilty parties. He said also that strikers gathered about the car as they were about to be shot and began pelting them with stones and some of them shot also. We were sent down, said Captain Joy, to preserve the peace, not to

ENCYCLIC EXCERPTS.

The General Assembly Knights of Labor Spend Another Day in

Legislating For the Good of the Order—Will Adjourn Sine Die Today.

Weather Report.

WASHINGTON, D. C., Oct. 20, 1 a. m.—The following are the indications for Missouri: Fair weather, variable winds, colder.

For Kansas: Generally fair weather, variable winds, generally northerly, colder with a slight cold wave.

CAPITAL BUDGET.

WASHINGTON, Oct. 19.—The session of the cabinet today was devoted mainly to the consideration of estimates to be submitted to congress for the expenses of the government during the next fiscal year. The treasury department was represented by Secretary Manning for the first time since he was taken sick. Secretary Whitney was the only absentee.

GEORGE W. ADAMS' SUCCESSOR.

The president today appointed Crosby S. Noyes, editor of the Evening Star, to be trustee of the district reform school, vice Geo. W. Adams, deceased.

A CRITICAL RE-EXAMINATION.

Second Comptroller Maynard and Third Auditor Williams have just concluded a re-examination of accounts of the Signal Service from September 1, 1880, to July 1, 1886. The expenditures during that period aggregated \$1,865,333, and of this amount the accounting officers have disallowed and suspended items amounting to \$1,081,669. The disbursements were made by Lieut. Robt. Craig, Fourth artillery; Capt. M. Mills, Fifth artillery; and B. Jones, assistant quartermaster general, who consecutively held the office of disbursing officer during the period mentioned. The expenses disallowed as unauthorized by law were principally for telegraphing, the purchase of supplies and for the foreign franchise.

FOR AN HONEST FRANCHISE.

The department of justice has sent a copy of the following circular letter to each United States marshal:

Sir: In pursuance of a letter of the 5th inst., from the president directing the attorney general to take charge of the appointment of special deputy marshals, the performances of their duties and their compensation, together with the compensation of supervisors at congressional elections in November next, your attention is directed to the provisions of titles 24 and 26, chapter title 70, of the revised statutes. Under section 2022 and 2024, R. S. you have power to keep the peace, protect supervisors, preserve order, and supervise the law in the law in Orange have exhausted all supplies and funds and sufferers are constantly coming in. The relief committee have 300 now in charge; 150 more were expected last night from Johnson's Bayou. Such is the situation in Orange at present writing, and unless more relief comes immediately great distress will prevail. Parties returning from the coast report much thieving going on. Scarcely a trunk, valise or package can be found that has not been broken open and riddled of contents.

FINANCIAL COLLAPSES.

NEW YORK, Oct. 19.—W. R. Whitmore, former partner of H. H. Powers, a broker, today notified the stock exchange that he is unable to meet his contract. Street estimates of Whitmore's losses place them at \$30,000. Powers says the firm dissolved on Saturday last on account of transactions that came to his notice on that day.

George D. Barnore, William H. Loebe and Horace Walker, composing the firm of Barnore & Co., hope, made an assignment today with a net loss of \$24,000.

BOSTON, Oct. 19.—John F. Dukemeyer, bookkeeper for the clothing firm of Barbell, Young & Legalls, has joined the American colony in Canada—\$40,000 of the firm's money is missing.

BOSTON, Oct. 19.—Dorr, Allison & Co., dealers in grain and flour, assigned. Liabilities are said to be quite large, and are chiefly in the west.

BOSTON, Oct. 18.—The D. R. Sparks Milling company, of Alton, Ill., have failed. This company runs the National Mills of Alton, and elevators of Carleton, Medocia, and Plainville, Ill. Liabilities estimated at \$150,000.

JAIL DELIVERY IN MISSOURI.

ST. LOUIS, Oct. 19.—A jail delivery occurred at Maryville, Mo., last night, and three prisoners, Frank O'Brien, George Grant Wright, accused of outrage, J. T. Ainsworth, horse thief, gained liberty. After supper the prisoners were allowed to remain in the corridors for an hour, and at that time last evening the sheriff, noticing that unusual quiet prevailed, investigated its cause, and found M. F. Sweeney, a prisoner, about to crawl through one of the windows from which two bars had been cut. The above named prisoners had already escaped. They have not yet been captured.

Prompted by Dementia.

PATERA, Mo., Oct. 19.—Deftander's farm near this city was the scene last evening of a deplorable tragedy. Constant Deftander, the oldest son of the family, became demented some years ago, but was never violent. Yesterday evening he secured a revolver and went toward the orchard where his mother was returning with a basket full of apples. He made as if to assist her but suddenly drew the revolver and shot her in the head, then placed the weapon to his own head and fired. Both are expected to die.

The Exiled Prince.

CHICAGO, Oct. 19.—Prince Napoleon and party left France arrived in this city this afternoon from San Francisco. He will remain here a few days and then travel eastward.

THE TIE THAT BINDS.

Conventions, Conferences, Assemblies, Lodges, Societies and Orders

Meet in Many Places and Consult Together Concerning the Various

Ways and Means for the Betterment of the Material, Moral, Social and Spiritual Condition.

Not the Least Important Factor in the Make-Up of the Day's Transactions Was the

Proceedings of the Women's Mission Board in Session at Kansas City—Gratifying Reports.

CHURCHES AND SOCIETIES.

Women's Mission Board.

KANSAS CITY, Oct. 19.—The national convention of the Women's Christian board met this morning. Missions called to order by Mrs. C. M. Pearce in the absence of the president, Mrs. Dr. Jamieson. Various committees on mission work were appointed and the annual report of the children's mission board received. The general convention of Christian churches and the foreign missions convention will organize this afternoon and tomorrow. Nearly every state in the union is represented by delegates and a number are present from abroad.

The annual report of the Christian women's board of missions, which embodies the state and general mission work, shows an increase of \$1,666 in receipts over last year.

There are 539 auxiliary societies, an increase of 59 during the year with a membership of 11,000, being a gain of 2,327. There are also 153 mission bands. The report of the children's mission work for the year is very satisfactory. One hundred and fifty children bands have been organized. The children have nearly completed the fund for building a memorial chapel at Akabi, Japan, the first church of this denomination in heathen lands.

The reports from the frontier states and territories show satisfactory progress, and increasing assistance in that direction is invoked. The several missions in India have reported a flourishing condition.

In the afternoon session Rev. W. K. Azbell, general agent of the society, spoke upon mission work generally, and tonight the annual address was delivered by Mrs. H. L. Christian, of Chicago.

The board of managers of the general convention met this afternoon. General F. M. Drake, of Iowa, presiding, and the secretary's report shows 1,549 accessions to the church membership in the southwest during the year, and 6,388 accessions in the country. Sixty-two new churches have been organized and \$27,000 raised for home missions. A. M. Atkins of Indiana was elected president and W. H. Draper of Indiana was selected secretary of the general board of missions for the ensuing year. The opening session of the general convention will be held to-morrow.

The Free Will Baptists.

MATCOX, O., Oct. 19.—The fifth day of the Free Will Baptist general conference was opened with an address by Rev. J. E. Cox, of Hampton, Va., on "Our duty to the churches of our faith in the south." It was well received by the conference. An opportunity was offered any one to assist the work now in charge of the Rev. Mr. Cox and within a short time a sufficient sum was obtained for the success of the coming year.

Rev. J. Malverne presented the report on temperance, and notwithstanding the fears of some and hopes of others that a warm discussion would result, especially on the third party question, it passed without debate, its wisdom making it non-committal on the politics of the question. It was strong and clear and gave no uncertain sound as to the duty of all to destroy in temperance.

After this Rev. Dr. P. Bell commenced to raise \$10,000 for the Merril memorial fund at Harpers Ferry, W. Va., and very nearly \$2,000 was pledged on condition that the entire amount be secured.

The Congregationalists.

CHICAGO, Oct. 19.—At the Congregational convention this morning a petition from the Minnesota association on the enrichment of worship was presented and discussed. The petition claimed that the form of worship is very meagre, and as a result numbers have gone over to the Episcopal church. It was decided to name a committee to report on the subject at the next session.

Liquor Dealers' Convention.

CHICAGO, Oct. 19.—The national convention of liquor manufacturers assembled this morning and adopted reports of the special committee appointed to outline a plan of reform. The report provides that the association shall be known as the National Protective association, and that it shall be directed by a national committee of one representative from each state. Resolutions adopted declare that we most earnestly favor temperance, most strongly condemn intemperance and appeal to every member of the trade to make proof of this declaration by his daily life and the daily conduct of his business. The resolutions unambiguously oppose prohibition as an invasion of the rights of citizens and therefore wrong in principle and impracticable in policy. Instead of attempting to destroy a business that employs immense capital and supports a vast number of honest workmen, the efforts of our enemies should be directed to eliminating the evils existing in and resulting from the abuse of liquor. In this work we would unite. The closing resolution is in favor of abstention from liquor. It is in favor of abstention except in such places and at such times as united action is necessary to protect themselves and their business against such legislation as seeks to destroy their trade and not to remedy the evils therein existing.

Insurance Convention.

ST. LOUIS, Oct. 18.—The eleventh annual convention of the Mutual Benefit Life Association of America, held its first session today. Sixty representatives from eighteen states responded to roll call. President E. B. Harper, after preliminary proceedings, read his annual address. This, together with the appointment of various committees, consumed the morning session and the convention adjourned until two this afternoon.

The Rock Island Seating.

TROY, Kan., Oct. 19.—Track laying on the Rock Island road was completed to Main street in Troy this evening.

KNIGHTS OF LABOR.

The General Assembly Still Engrossed with Business Pertaining to the Order.

Richmond, Va., Oct. 19.—When the general assembly, Knights of Labor, went into session this morning no one could answer the question whether it would take final adjournment today or prolong its life until tomorrow. There now remains to be disposed of reports of only half a dozen special committees, committees on finances, appeals and grievances. With report of the committee on finance will come up the question of salaries for officers. Would-be prophets predicted a big fight over this, but those who are in best position to know how delegates feel, say it will be settled in a harmonious and peaceful manner.

The committee on appeals and grievances obtained the floor when the general assembly went into secret session and still held it when noon recess was taken. Their report relates to matters of general discipline that are of little interest to those outside of the order. A committee was appointed which sent the following telegram to Governor Oglesby, of Illinois, at Quincy, Ill., where the soldiers' home is being dedicated to-day:

The general assembly of Knights of Labor, in convention assembled, both the blue and the grey, send you greetings on the occasion of the dedication of the soldiers' and sailors' home at Quincy. May the duty so nobly done by your state be an incentive to other states to do likewise, until every needy hero may have the shelter of a home.

At the afternoon session the general assembly continued in consideration of the report of the committee on appeals and grievances and adopted a resolution deciding that members of the International Cigar Makers' Union must elect whether they will remain members of the union or of the order of the Knights of Labor, that they cannot remain members of both.

The report of the committee on finance was presented and adopted. It provides that the salary of the grand master workman shall henceforth be \$5,000 a year, and those of general secretary and general treasurer each \$2,000, and that the members of the executive committee and general worthy foreman shall receive \$4 per day and expenses while on duty.

A resolution was adopted providing that when the assembly meets tomorrow it shall remain in session until its business is concluded.

POLITICAL POINTS.

Clay County Democrats.

CLAY CENTER, Kan., Oct. 19.—The Democrats of Clay county nominated C. E. Gifford, of this city, for representative.

The Pinned Knight in Pittsburg.

PITTSBURGH, Oct. 19.—The train bearing Hon. A. G. Blaine, arrived here at 10:45 o'clock tonight. The party was met at the depot by the American club and escorted to the hotel where an informal reception was held. His voice was so hoarse that he declined to respond to a call for a speech. Tomorrow morning he will participate in the Republican demonstration.

Congressional Nominations.

NEW YORK, Oct. 19.—The following congressional nominations are reported: New York—Democrat, Second district, Felix Campbell, renominated. Fourth district, C. C. Mahoney, renominated. Fifth, Edw. H. B. Beiss, renominated. Eighth, Timothy J. Campbell, Ninth, S. C. Cox, (this nomination by the country Democracy, Tammany and German independent). Tenth, Gen. F. B. Spinola, Eleventh, Truman A. Merriman, Twelfth, W. Bourke Cockran, Fifteenth, Eberth L. Vied, renominated. Twenty-sixth, J. W. Downs. The Republicans of the Seventh district nominated John D. Lawson.

Knights of Pythias.

KANSAS CITY, Oct. 19.—The sixteenth annual session of the grand lodge Knights of Pythias, of Missouri, and fifth annual encampment of the uniformed rank, opened here this morning with large attendance.

Addresses were made by Mayor Kumpf, past grand chancellor, R. H. Woodbury, present grand chancellor, M. D. May and others, after which the lodge organized for routine work. A street parade will take place this afternoon.

All but one of the 113 subordinate lodges of the state are represented. The afternoon was devoted to street parade and this evening a ball was given at the Casino. The grand lodge, it is expected will adjourn on Friday. The fifth annual encampment of the uniform rank K. of P. of Mo., is being held in connection with the Grand lodge. Several Kansas divisions are present and participated in the parade this afternoon. A tournament and prize drill takes place tomorrow morning at Athletic park.

The Earth Afire.

ARLSON, O., Oct. 19.—A line of fire fully five miles long is sweeping over Copley swamps nearly five miles east of here. A forest of several hundred acres, great tracts of pasture lands, and many miles of fence are being destroyed. Much cattle are supposed to have perished. Several dwelling houses in line of the fire, it is feared, have been swept away. The surface of the earth is muck and it is burning fully three feet deep. The damage will be many thousands of dollars.

Fire in Troy, New York.

TROY, N. Y., Oct. 19.—An alarm at 4 o'clock this morning summoned the department to a fire in Converse, Collins, Merrill & Co.'s dry goods store, which started in the basement near Front street. The whole building was soon on fire and was gutted, all its contents being destroyed. The loss to Converse, Collins, Merrill & Co. is estimated at between \$20,000 and \$25,000, partly insured. Loss on building \$40,000; insured. Hotchkins loses his stock.

Stables and Horses Burned.

KANSAS CITY, Oct. 19.—The stable at the Inter-state fair grounds near this city were burned tonight. A number of horses were quartered there and three or four were burned to death. The total loss is placed at \$10,000.

There were but three horses burned. Their names had not been learned in this city at a late hour but they are not supposed to be animals of any note, the ransom having been saved. The insurance is about \$4,000.

Practical Prohibition.

ATLANTA, Ga., Oct. 19.—For the first time Atlanta is today a complete prohibition city. All the liquor stores were closed on July 1st, but several wholesale houses held over. They have been expiring gradually until today when there was only one in the city and that would have expired six days from now, but by decision of the supreme court of the state, today that store was closed. Two weeks ago the city council passed a resolution allowing the city brewery to deliver beer in the city to retail dealers on order. Mayor Hilger last night vetoed the measure, which now makes the city absolutely prohibition. The city authorities are mostly prohibitionists, and the law will be rigidly enforced.

A Bible Provoked.

ST. LOUIS, Oct. 18.—A Globe-Democrat special from El Paso says: Judge Manning, the new United States minister, has arrived in the City of Mexico, where he was warmly received by the American colony. His arrival has brought up a new discussion of the old Sotzwick scandal, and it appears by disclosures made by the most respectable American residents that the half of the scandal has never been told, and that the efforts of the eastern press to whitewash the envoy excite here only ridicule and amusement.
