INGALLS AT ANTHONY.

Special Dispatch to the Daily Eagle.

ANTHONY, Kan., Oct. 21.—According to announcement Senator Ingalls met the citizens of Harper county in this city today, and talked to them in his happy vein of matchless eloquence for more than an hour. (His address was necessarily abbreviated in order to enable him to catch the train that should bear him to another appointment.) Despite the threatening weather a great multitude of people turned out to greet the senator and hear him speak. His address was a statesmanly effort and was received with tumultuous applause.

Republicans at Saratoga.

SARATOGA, Kan., Oct. 21.—Hon. J. L. Speer addressed a large meeting at Travis hall last night. His speech was an able and convincing effort on behalf of Republican principles, and brought forth round after round of applause from the audience. Every Republican who heard it left the hall feeling proud of their old party and its grand record. If the writer is correct in his estimate Pratt county will give to Gov. Martin and the whole state ticket (Tim McCarty not excepted) a larger majority than it did for Blaine in 1884, which was 325.

Fixing the Responsibility.

CHICAGO, Oct. 21.—Several statements from different eye witnesses are unfavorable to the Pinkerton guard who did the shooting as they were leaving the stock yards Tuesday. Captain Markey, of the town of Lake police, says the shooting was utterly unjustifiable and there are seventy witnesses to prove it. When the train pulled out of the yards near Allerton's, the Pinkerton guard, who did the shooting, called the switchmen and others in the vicinity all the vile names they could think of. I have the names of fifty police who can identify a large number of them as disreputable characters.

Episcopal Convention.

CHICAGO, Oct. 21.—When the convention of the Protestant Episcopal church was called to order President Dix submitted two communications from the national council of the Congregational church recently in session in this city relating to Mormonism, and on the subject of family and divorce. The resolutions were referred. The house directed the secretary to acknowledge receipt of the communications and advise the officers of the council of the action of the house.

Going Back to Work.

CHICAGO, Oct. 21.—Coopers at the stock yards who have shown an inclination to strike for eight hours, held a meeting last night and resolved to go back to work on the ten-hour system accepting the wages offered—\$3 per day. Pinkerton's force is rapidly being reduced in numbers, and today will probably witness the departure of the last hireman. Employees of the Union Stock Yards company's blacksmith have resumed work at ten-hour system, while section hands have also gone back being satisfied that they could not win.

ON TO RICHMOND.

RICHMOND, Va., Oct. 21.—The presidential party arrived at Elba station, West Broad street, shortly before noon, where they were met by the governor and reception committee with proper escort and courtesies. A few minutes drive brought the party to the fair ground and at the head of the line filed into the main entrance a presidential salute of twenty-one guns was fired by the Richmond Howitzers. Inside the gates, drawn up in line, were the military, consisting of a regiment of Virginia volunteers, Richmond light infantry Blues, and three companies of visiting soldiers, also a battalion of colored troops.

A Fatal Salute.

FREDERICKSBURG, Va., Oct. 21.—President Cleveland passed through this city this morning on his way to Richmond, and was cordially received by a large crowd of people. While firing a salute in honor of the president the cannon was prematurely discharged and Jas. Wheeler who was manning the charge was seriously burned and mutilated and is expected to die of his injuries.

A Statement Contradicted.

CHATTANOOGA, Tenn., Oct. 21.—Hon. James G. Blaine, in his speech at Pittsburg yesterday referred to Chattanooga as a point in the south where colored laborers are paid 69 and 79 cents per day. The Daily Times, in commenting on this speech, says: Careful investigations here reveal the fact that the lowest wages paid to colored laborers in any industry is 99 cents per day, and this rate covers only a few at the South Freeder iron works.

Removed Election Schemes.

NEW YORK, Oct. 21.—The Times this morning says: A rumor was circulated yesterday that the city would be tied up on election day and most of the shops and factories closed in order that laboring men might show their power. It was said that men who took the day off would take possession of the polls early in the morning and would either intimidate voters who were not in favor of Henry George or manage to keep them outside the polling places until their patience was exhausted and they were compelled to go away from their places of business without voting. Some of the leaders of the George movement predicted the rumor as ridiculous and without foundation, but it was admitted that something of the kind had been talked about several days ago. It was stated on good authority that two or three days before the election card-drivers and cardholders' train bands would ask companies to make such arrangements that they might be able to go off in batches to vote during the day, as it has been ascertained that the companies were opposed to George and would try to prevent the men from going to the polls. Should the companies refuse to grant the request the men will tie up and take the day off. It was said that these workers would also take the day off.

Maine's Liquor Law.

PORTLAND, Me., Oct. 21.—The law court has given unanimous decision that the state law is violated by the sale of beer at the soldiers' home, and the state courts have no jurisdiction over liquor intended for sale at the home. This reverses the decision of the municipal court at Portland.

CHICAGO, Oct. 21.—The inquest on the body of Terrence Bagley, who was killed Tuesday by Pinkerton men was begun today at the 23d street police station. State Attorney Grinnell and his assistants were present on behalf of the state. Capt. Markey, of the town of Lake, police, testified that he was on the train that carried the Pinkerton men. He rode as far as 39th street, when he got off and returned to the Stock Yards, west of the head of the shooting. He attributed his not hearing the sound of the shooting to the noise of the train.

Did you notice any crowd standing at Fourth street as you went in? asked the coroner.
