

The Daily Herald.

WILLIAM BISSELL, Editor.

WEDNESDAY, SEPTEMBER 27, 1882.

—Mr. Campbell, of Kirwin, made the HERALD a friendly call Friday last.

—The Stockton News was all Fair last week, publishing the constitution and by-laws and premium list. That is right, keep it before the people Bro Maynard.

—Judge Pratt returned on Thursday from Norton. Having a light docket it was disposed of in short order. The Judge reports some good showings in Norton, in the crop line and things fairly prosperous.

—Come to the Fair! Come from every where!! The managers expect to have the best Fair ever held in the Northwest. Each Township in the county ought to have exhibits, show what you have done and what can be done in Phillips county. It will pay you.

—Amos Ewell, Trustee of Solomon, made the HERALD a call Saturday. Mr. E has done a good work in putting in the Deer Creek bridge on the Marvin road. We hope soon to have as good a one on the road leading west at J. N. McIlvain's place.

—Rev. E. Goodrich of Freedom made the HERALD a pleasant call Friday. Mr. G. has charge of the M. E. circuit in the north part of the county, is a young minister of much promise. Although this is his first year in the work, he is recognized as among our best ministers.

—Andrew Baker, of Norton Co, who lives on the divide between the head of Deer Creek and Prairie Dog, raised this year, over 2,000 bushels of small grain and 2,000 of corn. Mr. Baker has lived Norton about three years and when asked by Judge Pratt how he managed to raise so much more than some others, said "I worked for it." More men might achieve success in the same way.

—Mr. Samuel Hebrew, of Bow Creek, passed through the 'Burg on his way to the B. & M. R. R., with the product of his creamery. Mr. H has shown what can be done by enterprise. We hope ere long to see this one of the great butter producing regions, and being located so near Denver and the Mountains it can be made to pay well.

—As Gov. St. John will speak at Phillipsburg, Saturday, Oct. 7th, the day recommended to hold the township primaries, we hope the committeeman from each township will make a call for an other day as they have already done in some cases. Kirwin has called the caucus for Oct. 9, which, probably, is as good time as any. Every Republican ought to attend the primaries, and see that good men are sent as delegates and, also, every Republican ought to hear Gov. St. John.

—We give below the names of the members of the Republican Central Committee selected at the County Convention, held October 1st, 1881, for one year. Sumner, C A Porter; Greenwood, H G Popejoy; Plainview, Chas Bowen; Kirwin, M H Johnson; Plum, Chas Turner; Belmont, S M West; Valley, J S Smiley; Rushville, Chas Collins; Walnut, Wm Gipe; Phillipsburg, G W Young; Deer Creek, I V Lee; Prairie View, Kingrey; Crystal, J D Matson; Glenwood, S M Bishop; Bow Creek, Sam Hebrew; Logan, Wm Drumhiller; Freedom, C D Heath Long Island, J O Dean; Beaver; J D Smith; Solomon, H C Edgecomb; Arcade, H S Granger; Mound, M Osborne; Dayton, G W Hays; Granite, Jas Goode; Towanda, Frank Gray.

—S. G. Pillsbury, of Long Island, is working fifty-five acres of sorghum of his own raising, besides a large amount for his neighbors. His arrangements for manufacturing are very complete, on a cheap scale. He gets from 100 to 150 gallons of syrup to the acre, which is worth fifty cents per gallon, thus making from fifty to seventy-five dollars to the acre. It costs no more to produce a gallon of sorghum than a bushel of wheat and as it weighs only eleven instead of sixty pounds it will favor shipment much better than wheat. It seems to us that this branch of industry ought to receive more attention at the hands of our people. Mr. P uses the crushed stocks for fuel to boil the syrup and the seed he finds to be about equal to corn for stock feed, thus adding another source of profit. We cannot here describe his machinery yet it is simple and complete.
