

The Poor Rich.

During the past eight months the rich have had a hard time. A railroad director said recently that "It is a great deal harder for a man who has been living at the rate of two hundred thousand a year to get down to a fifty-thousand-a-year standard than it is for a man who has been living on \$15 a week to get along on \$10."

City's Annual Coal Bill Is Enormous

NEW YORK feels more than a merely curious interest in the oft-repeated prediction that the coal mines of the country will be exhausted in another hundred years, for the city is the greatest coal consumer in the world.

NEW DISTRICTS AND NEW RAILWAYS

WESTERN CANADA AFFORDS BETTER CONDITIONS THAN EVER FOR SETTLEMENT.

To the Editor—Sir:—Doubtless many of your readers will be pleased to have some word from the grain fields of Western Canada, where such a large number of Americans have made their home during the past few years.

The Aero-Plane Future Air Navigation to Be by That Type of Machine

By GLENN H. CURTISS, Sky Expert, and Member of Aerial Experiment Association.

The laws of the air are now known and balloons and dirigibles have been of vast service in their discovery, but within five years the heavier-than-air machine of the "aero-plane" type will have replaced the lighter-than-air craft.

Aerial navigation in its present stage is regarded by the layman as an art acquired through practice. This is due to impressions that have been gained through witnessing exhibition flights of motor-driven balloons, in which the dirigibility depends upon the agility of the operator and his ability to balance.

The background of social progress is now, as always, the human heart. This is the citadel to which advancing intelligence has driven the demons of greed and tyranny, cruelty and passion.

The new homestead regulations which went into force September, 1908, displace from the ranks of new settlers. It is now possible to secure 160 acres in addition to the 160 acres as a free grant, by paying \$3.00 an acre for it.

God Left Out Ignorance Comes In

By Rev. Thomas Edward Barr, People's Pulpit, Milwaukee.

The present tremendous anti-spiritual movement imports intellectual suicide. Practical godliness, the life of selfishness or superficiality, is not new. Every age has been burdened by the multitude who seem not to know or care if they have a spiritual nature or possibility.

Colombia's One Iron Foundry. The only iron foundry in Colombia, South America, is at Bogota. It is known as La Paradera and is operated on a small scale, native ores being smelted, the iron being subsequently remelted for casting purposes.

320 Acres of Wheat Land IN WESTERN CANADA WILL MAKE YOU RICH. Fifty bushels per acre have been grown. General average greater than any other part of the continent. Under new regulations it is possible to secure a homestead of 160 acres free, and additional 160 acres at \$3 per acre.

WESTERN CANADA FREE. The grain crop of 1908 will net many farmers \$20.00 to \$25.00 per acre. Grain-raising, mixed farming and dairying are the principal industries. Climate is excellent; soil conditions the best; railway advantages unequalled; schools, churches and markets close at hand. Land may also be purchased from railway and land companies.

Various "Schools" of Painters. The Munich Jugend has discovered five signs by which to detect the school to which a painter belongs: (1) If he paints the sky gray and the grass black, he belongs to the good old classical school.

15 YEARS OF SUFFERING.

Burning, Painful Sores on Legs—Tortured Day and Night—Tried Many Remedies to No Avail—Cured by Cuticura.

"After an attack of rheumatism, running sores broke out on my husband's legs, from below the knees to the ankles. There are no words to tell all the discomforts and great suffering he had to endure night and day. He used every kind of remedy and three physicians treated him, one after the other, without any good results whatever.

A Cure for Poison Ivy.

Before the skin blisters scrub the affected parts with a brush and soap and water. Then apply a saturated solution of sugar of lead in 50 percent of alcohol. The alcohol must contain some water. Pure alcohol would not dissolve the sugar of lead. This relieves the burning of the poison ivy, and it is supposed that the alcohol dissolves the poison and the sugar of lead neutralizes it.—Suburban Life.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one remedy that never has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and enabling the nature to do its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full particulars. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists.
