

NORTH SIDE NEWS

Give Grant School Clean Bill of Health.
Conditions There Sanitary Say City Health Officers.
PLUMBING ALL RIGHT. Inspection Visit Follows Talk of Bad Conditions.
Hold First Civic Club Meeting of Year.

"Conditions at Grant school have nothing to do with the prevalence of diphtheria which has been confined this season to the pupils of the school. The plumbing is in good shape and other equipment of the building is sanitary."
 This is the report made by the city sanitary department this afternoon after Mr. H. B. Hogebloom, city physician, and Wm. F. Conkita, city plumbing inspector, investigated the school this morning. The official visit followed talk that bad plumbing, damp basement or other things might have caused the outbreak of diphtheria. So far the three cases this season have been confined to pupils of the school. It is also stated by some city physicians in the past several years, every case of this disease has been confined to west of Kansas avenue, the territory from whence come the Grant school patrons. Others claim otherwise. However, the agitation reached such a stage that the health officers were asked to look into the matter.
 Mr. Vanderpool, city sanitary sergeant, said that the inspection was un- founded and that the prevalence of the disease into the school was not significant.
 "Dr. Hogebloom told me that the plumbing and other equipment at the Grant school was as good as any of the other schools of the city," said Mr. Vanderpool this afternoon. "The sanitary conditions there are a great deal better than in many homes. The idea that bad plumbing or other causes in the school itself were responsible for the spread of the diphtheria is all nonsense."

Notes and Personal.

The first civic club meeting of this year will be held tonight at the Central hotel. Much of importance will come up and a large attendance is desired. The club was organized a year ago this month. It has had much good work since and plans will be discussed for future undertaking tonight.
 Ladies' exchange, home made bread, cakes and pies. McClintock & Stanley.

 J. L. Newton of Severn is visiting at the W. C. Thompson home at 1225 North Jackson street.
 The Grantville school is closed down this week on account of the illness of the teacher, Roy Grayson.

MANY AT POULTRY SHOW

Large Attendance—Officers of Various Associations Chosen.
 The Topeka Poultry show is attracting a large number of visitors. The attendance today has thus far exceeded that of previous days this week. Although, according to the management, the record of yesterday—1,300—netted half as much coin as did the entire show three years ago.
 Topeka has been further honored, the local show having been given a place on the list of official exhibitions in place of the famous Chicago show by the National Barred Plymouth Rock association, in session Thursday night.
 The official shows are now those held at Philadelphia, Baltimore, Boston, Buffalo, New York and Topeka. The Chicago show was not able to place on the list of official exhibitions in place of the famous Chicago show by the National Barred Plymouth Rock association, in session Thursday night.
 The official shows are now those held at Philadelphia, Baltimore, Boston, Buffalo, New York and Topeka. The Chicago show was not able to place on the list of official exhibitions in place of the famous Chicago show by the National Barred Plymouth Rock association, in session Thursday night.
 The official shows are now those held at Philadelphia, Baltimore, Boston, Buffalo, New York and Topeka. The Chicago show was not able to place on the list of official exhibitions in place of the famous Chicago show by the National Barred Plymouth Rock association, in session Thursday night.

At the annual meeting of the Rhode Island Red Club of America, the following officers were chosen: I. A. Whitty, South Bend, Ind., president; G. P. Coffey, Topeka, Mo., vice president; W. F. Burlingame, Laramie Falls, Wt., secretary and treasurer; E. L. Prescott, Hazard, Conn., D. W. Rich, Mt. Pleasant, Iowa, and J. C. Borden, Topeka, Mo., members of the executive committee.
 At 2 o'clock this afternoon the Kansas branch of the American Poultry association met at the Topeka Hotel, presided over by N. R. Myers of Leavenworth, the president. Prof. F. S. Jacoby, head of the department of poultry husbandry at K. S. A. C., gave an address on "What the Poultry Department of the State Agricultural College Can Do for Kansas Poultry Men."

This afternoon six homing pigeons, the property of Frank Weightman of Kansas City, were liberated in front of the Auditorium. A crowd of poultry and pigeon fanciers and show visitors watched the birds as they soared gracefully, circled to get their bearings and then started out in a direct line for Kansas City. The owner of the birds was of the opinion that it was not long before they would be back to make the flight. Mr. Weightman agreed to wait the moment the first bird reaches its destination.

While perhaps many have been said about the poultry show that the excellent exhibition of pigeons by the Western Pigeon club, the management should be given credit for getting together the best display of pigeons which has ever been seen in Topeka. There are more than 700 birds on exhibition, and the judge, Robert Joos, states many of the birds show a stage that is not only in any of the large eastern shows.
 Roy Payne, the secretary and superintendent of the show, has the largest number of entries, and he deserves much credit for the result accomplished. George Burghart, the president of the association, has some high class pigeons on display.

JUST WHY SHE KISSED HIM.
Premature Rain Leaves Theater Audience in Doubt.
 In Kansas City, Jan. 6.—"I'll tell you why I kissed you." Kersplash.
 It was a scene in the "Goddess of Liberty" which never had been rehearsed. Joseph E. Howard and Violet Seaton were the principals. The audience never learned why Miss Seaton kissed Mr. Howard. The reason was a sudden rain storm.
 In the scene it is supposed to rain, but not on the actors. There is a tree under the branches of which they are supposed to take refuge. As the rain scene was approaching its climax, in another moment both would have been under the tree. But the stage manager turned on the rain.
 Kersplash.
The Case of Mrs. Jackson.
 To the Editor of the State Journal. In reporting the divorce proceedings of Mrs. Annie B. Jackson against her alleged common law husband, in yesterday's issue of your paper, you refer to the fact that she is a member of the Christian Science religion and declared that she believed a common law marriage was as binding and sacred as one performed by a minister of the gospel. Will you kindly grant me space to say that Christian Science does not teach, countenance nor excuse such conduct. In the Christian Science text book upon the subject of marriage Mrs. Eddy says: "Marriage is a legal and moral provision for generation of human kind. It is indissolubly to the marriage covenant is the social source of all races," "the pestilence that walketh in darkness." "The law of the Lord is pure, and the law is not defiled." "The commandment, 'Thou shalt not commit adultery' is no less imperative than the one 'Thou shalt not kill.'" WILLIS S. McKINSTRY.

Falling Walls Bury a Fireman.
 New York, Jan. 6.—The falling wall of a fire swept factory building on Grand street, today buried a fireman on the ground floor in its debris. Chief Croker and a squad of firemen, who narrowly escaped the crash, extricated the man, who was but slightly injured. The fire caused damage estimated at \$150,000 and a tieup of traffic for some time.
