EFFECTIVE COLD CURE.

Most Severe Cold or the Grippe Relieved in Several Hours.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

FOR STATE MONEY

Board of Control Has Plan to Have a Claim Adjuster.

Chairman Bowman Will Present Bill to Legislature.

FREITAG CASE HELPS.

Opens Way to Compel Maintenance of Asylum Inmates.

Also Brings Work Which Makes New Official Necessary.

Provision for a claim adjuster to investigate the financial condition of all the inmates of state hospitals and of relatives bound by law to maintain them, is made in a bill that H. C. Bowman, chairman of the state board of control, will present when the legislature convenes in January. It will be the duty of this claim adjuster, provided that the bill becomes a law, to file proofs of claims in counties where inmates are residents and to bring and try civil suits, whenever necessary, against estates and persons bound by law to maintain such inmates.

About a year ago the supreme court held in the case of August Freitag that the state could recover for his care and maintenance at the Topeka state hospital from the time of his admission until the time of his death. Prior to this decision the question had been a mooted one. Now that the precedent has been established, the board of control wants a claims adjuster to carry on the work, as there is no official to whom would fall the duties of attending to collections.

Since the present board of control took charge \$166,077 has been collected and paid to the state treasurer, \$33,301 having been paid in the fiscal year 1909.

Bowman Talks of Board's Work. Mr. Bowman in discussing the work of the board, especially as regards collections, said:

"The recent decision of the supreme court will make these collections much easier and eventually the state will recover a large sum from those who are able to pay without impoverishment, and the taxpayers will be justly relieved of some of the cost of public care."

"A thorough system should be put in in Kansas for the collection for the care of inmates."

"The lunacy act of Ontario provides that upon the admission of a patient to the asylum his estate at once vests in the inspector of asylums. In this way the inspector of asylums controls all the estate and is in a position to take from it the amount required to maintain the patient in the asylum, if the estate is sufficient. The inspector also has two special agents whose duty it is to travel from county to county investigating any case that is in the asylum. In this way Ontario has been able to secure a large amount of funds and property which otherwise they would be unable to secure. In the state of New York patients are divided. Private classes, public and private. Private patients pay anywhere from \$5 to \$10 per week and public patients are divided into two classes, those who pay \$3.50 per week and are called 'reimbursing,' and those who pay less than that, down to nothing. The state commission in lunacy appoints an agent for one district or more, according to the population and amount of work of the district. The agent for that district has an attorney. When our board was attending the National Conference of Charities and Correction at Buffalo we visited the Buffalo state hospital for the insane. The attorney for that insane hospital receives \$2,500 a year for his services, but he only devotes what time is necessary to the business of the insane hospital. The agent who sells hospital being simply one of his clients. The agent who looks up the financial condition of the patients and the relatives receives \$1,200 a year and expenses."

"The California state commission in lunacy appoints its attorney and pays him \$3,000 a year. His principal work is enforcing payments of maintenance from relatives that are able to pay but who refuse or neglect to do so."

Bill Bowman Will Introduce. The bill Mr. Bowman will introduce is as follows:

An act providing for claim adjuster for the state board of control and defining his duties.

Be it enacted by the legislature of the state of Kansas:

Section 1. The governor shall, upon the passage of this act, appoint, by and with the advice and consent of the senate, a claim adjuster for the state board of control, for a term of four years, commencing July 1, 1911. It

shall be the duty of said claim adjuster to investigate the financial condition of all the inmates of the Topeka state hospital, Oswatimie state hospital, state hospital for epileptics, state home for feeble-minded and state orphan's home, and of relatives bound by law to maintain them; and to prepare and file proofs of claim in the counties in which said inmates are residents and represent said institutions and the state. It shall be the duty of said claim adjuster to bring and try civil suits, whenever necessary, against estates or persons bound by law to maintain said inmates with the advice and consent of the attorney general, in order to enforce and carry out the provisions of sections 4,850, 4,851, 4,859, 4,878, 4,879 and 8,553 if the general statutes of Kansas of 1909.

Section 2. Said claim adjuster shall be an attorney at law and shall receive a salary of twenty-five hundred dollars per annum and necessary actual traveling expenses, payable out of the moneys collected and paid into the state treasury for the care and maintenance of patients, and shall have a room in connection with the office of the state board of control and the assistance of one of the stenographers of said board, aid authorized by the oath of office required by law of other state officers and before entering upon the discharge of the duties of his office shall give a bond for the sum of twenty-five thousand dollars to the state of Kansas for the faithful discharge of his duties, which bond shall be secured by three or more individual sureties; or he may give a bond with a good and sufficient surety company authorized to do and doing business in the state of Kansas, and the cost of said bond shall be paid by the state, which bond shall be approved by the governor and when so approved shall be filed in the office of the secretary of state.

Section 3. This act shall take effect and be in force from and after its publication in the official state paper.

INVITED TO COME BACK.

Secretary Payne of Kansas Day Club Writes to Original Members.

Topeka, Kan., Jan. 5, 1911.

The celebration of the fiftieth anniversary of the state and the twentieth annual banquet of the Kansas Day club will be held in Topeka, on January 31, 1911, and you, as one of the number who sat at the table of the first annual banquet of the club, are urged by the officers of the club to be present, and to make a one minute talk. This should be a grand reunion of spirit and sentiment, and I trust that you will make a special effort to be with us.

WALTER L. PAYNE, Secretary.

The above is a copy of the letter that Secretary Payne, of the Kansas Day club, is sending out today to all the members who attended the first club banquet.

Mr. Payne has received the letter of acceptance from Representative Watson of Indiana, but the outside speaker has not yet sent the subject of his address.

Morris P. Gould, of New York city, another outside speaker, will talk on the subject, "The Philistines of New York." Mr. Gould is secretary of the Kansas society of New York and is a former Kansas boy, having been reared in Pottawatomie county, Mo., Washburn and "carried" State journals. He is at the head of one of the big advertising agencies of the country with headquarters in New York city.

Following is the list of those who attended the first banquet:

For Breakfast Try "Sunkist" Oranges

Luscious Tree-Ripened Fruit

It is not sufficient to know that oranges are the most healthful of all fruits. It is quite as important to know the kind of oranges that are most healthful and most palatable. The very finest California oranges are now packed under the label "Sunkist." Please serve "Sunkist" oranges at breakfast tomorrow and learn the superiority of tree-ripened, seedless, fiberless oranges over the commonplace kind. Don't fail to save the wrappers.

There is so much "meat" and nourishment in "Sunkist" oranges and so little waste that, in addition to their extra fine flavor and goodness, they are really the most economical oranges to buy.

"Sunkist" Lemons Juiciest

Lemons differ as much as oranges. Filly, thick-skinned lemons contain very little juice. You waste money when you buy them. Please ask for "Sunkist" Lemons and note how uniformly sound each one is, and what a small percentage is skin and fiber.

Get This Valuable Orange Spoon

Save 12 "Sunkist" orange (or lemon) wrappers and send them to us, with 12 cents to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful design and highest quality. Begin saving wrappers today. If you desire more than one, send 12 "Sunkist" wrappers and 12 cents for each additional spoon. In returning, please send one-cent stamps when the amount is less than 24 cents; on amounts above 24 cents, we prefer money order, express order or bank draft. Don't send cash. We will be glad to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers for premiums.
