New York, Nov. 24.—Three speckled eggs of the common red breasted snipe have just been added to the collection of J. L. Childs of Floral Park, Long Island at an expense of \$1,000.

Common as is the bird on Long Island, its mottled olive brown eggs are very hard to get hold of. The snipe lays her eggs in rock crannies way up in the Arctic circle and Childs \$1,000 eggs were gathered by Eskimos in Fokelinen in the extreme northern part of Iceland.

RECEIVER NAMED.

Judge Pollock Appoints One for Smith Auto Co.

F. B. Clark, Secretary of the Company, the Man.

ACTION IS FRIENDLY.

Receivership Granted to Give Co. Chance to Reorganize.

A Splendid Car—Enterprise to Encourage.

Acting on the petition in bankruptcy filed by W. S. McClintock as attorney for Chicago, the E. F. Goodrich company of Akron, O., and the Long Manufacturing company of Chicago, Judge John S. Pollock Wednesday afternoon appointed F. B. Clark receiver for the Smith Automobile company of Topeka. Clark is the present secretary of the company. His bond is \$10,000.

Clark was appointed, subject to certain limitations, with instructions to keep down the expenses and to preserve the property from further attack pending the carrying on of the negotiations for the re-organization or liquidation of the company's affairs. If any of the plans for reorganization can be quickly disposed of.

A meeting of the directors of the company is called for next Tuesday in Kansas City for the purpose of considering resolutions consenting to the appointment of a receiver and to adjournment in bankruptcy if all plans for reorganization should fail.

The total indebtedness of the company is given at \$195,000. The tangible assets are practically the same amount, although some of the creditors claim they are worth more.

Following an embarrassment felt some time ago, the company called a creditors meeting which was held Nov. 5 in the directory room of the Central National bank building. About thirty-five persons attended the meeting and most of the creditors were represented. Prior to this meeting a plan for reorganization was proposed by O. H. L. Wernicke, president of the company.

CLAIM THE REWARD.

Men Who Found Hawley and Post Demand the Money.

St. Louis, Nov. 24.—Letters received yesterday by Lewis Spindler, commissioner of the Aero Club of St. Louis, to Toronto in the search for aeronauts Hawley and Post following the flight of the balloon America II from St. Louis October 17, announced that the hunters, Joseph Pednaud and Joseph Simrad, are claiming any rewards offered for the discovery of the missing balloonists.

The letter is dated Chicoutimi, Quebec and says these men, who were on a hunting expedition, found Hawley and Post and brought them back to civilization and that the return of the latter to their homes would have been impossible had they not been thus opportunely rescued.

The letter concludes: "We are informed that Mr. Harmon of the Aero Club of St. Louis offered a considerable reward to any one who would bring back to civilization dead or alive, the aeronauts of the American II, and we claim having a right to such reward."

"We authorize the National Bank of Chicoutimi to receive this reward and the manager, Mr. F. A. Gauthier, to sign any documents that may be required."

"We make the above declarations, knowing that they have the same force and effect as if they were made under oath and in accordance with the act of proof in Canada."

Disturbance on West Coast.

El Paso, Tex., Nov. 24.—Disturbances are reported this morning in the territory of Tepic, on the west coast, south of Sinaloa, and 4,000 troops have been dispatched there from the City of Mexico. These outbreaks are in a section which has heretofore been peaceful. The outbreaks are in several different localities.

Nothing can be heard from Yucatan and the great south country. Torreon and the country surrounding is quiet with the insurgents hiding in some remote places. No immediate trouble is anticipated.

No Danger to Americans.

Laredo, Tex., Nov. 24.—The revolution against the government of Mexico seems well in hand at all points along the border, but new manifestations of the revolutionary party are coming to light daily and the fact that they have been purchasing arms and ammunition for some time past is gradually being brought to light.

General Villareal, commander of the military forces along the border extending from Matamoros to Columbia, stated that the Mexican army was amply strong to cope with any situation and that in the event of a really serious situation presenting itself there would be no dearth of volunteers for federal service.

The Mexican authorities deprecate the fact that the tourist traffic has greatly decreased during the past ten days. They make the statement that there is absolutely nothing to be feared and that under all circumstances American lives and property will be protected.

Reyes Still in Paris.

Paris, Nov. 24.—General Bernardo Reyes, the Mexican soldier who came to France on a special military mission, was still in this city today and it is said has no intention of returning to Mexico at this time.

Reports that Reyes was going home to head the revolutionists had been circulated.

General Reyes was formerly governor of the state Nuevo Leon, where the enemies of President Diaz were especially strong. Though an avowed supporter of Diaz he was placed under surveillance by the government. Subsequently he was sent on the French mission.

Arms and Ammunition Seized.

Citrus, Nov. 24.—Arms and ammunition in large quantities, shipped from St. Louis and New York, have been seized by the government forces in the mining camps at San Pedro, Santa Barbara, and other points, according to reports received here today. These military supplies are said to have been shipped several weeks ago as mine supplies, etc.

It is asserted that more than \$75,000 worth of modern rifles, cartridges and high power explosives have been taken by the Diaz troops since Sunday.

CAUGHT A CROOK.

Police Arrest Chas. Heck on a Serious Charge.

Alleged That He Slugged and Robbed Real Estate Man.

Charles Heck, who is known to the police as an all around crook, was arrested in Parkdale this morning on a charge of slugging and robbing W. R. Kuykendall, a real estate dealer when the latter entered his room at 825 Kansas avenue about 10 o'clock Wednesday night. The police have been watching Heck in trading some other crimes, and Kuykendall's description of his assailant fitted Heck so well he was arrested promptly. At the police station Kuykendall said he was certain Heck slugged him and robbed him.

According to the story told by Kuykendall, who rooms over the drug store at 825 Kansas avenue, he entered his room Wednesday night and was about to turn on the lights, when two men grabbed him. He told the police that he wrestled on the floor with the men for several minutes and that they stole \$400 in money from his person and also took a gold watch and other valuables. When the police searched the room they found Kuykendall's watch on a trunk. When Heck was searched at the police station, the \$400 was not found on his person.

Kuykendall's face bore signs of the struggle in his room. There were finger prints on his throat where someone had choked him and his face was bruised and bleeding. He showed unmistakable signs of mistreatment and said the only possible motive for slugging him was robbery. Kuykendall said he was sure the men were in his room when he entered. A trunk in the room was still locked and except the signs of a struggle, there was nothing to indicate that the man's personal effect had been touched.

Kuykendall owns a blacksmith shop in Topeka and conducts a real estate office in the building in which he rooms. He came to Topeka several years ago.
