MORE RAILROAD DOPE

(Continued from first page)

that the entire right-of-way for the road across Haskell has been arranged for, with the exception of about two miles. Latest rumors are that the road will go south of the present town of Santa Fe, and there branch, one line going west and the other southwest through Stevens and Morton counties. Stevens county is busy this week arranging to submit a proposition to the officials of the Santa Fe for the new road through that county. It is said that the right-of-way will be given, and the people promise not to go after any more roads if the Santa Fe will build through Hugoton. This is the proposition that will be put up by the Stevens county boosters. It does not call for a bond issue, though the railroad may later demand it. It seems as though Stevens should be careful about making a contract with the Santa Fe which would keep out or even tend to discourage any other roads. Stevens county could use two lines just as well as one, and there are three others headed that way. Of these, the Wichita Falls seems to be the most promising. And while that road has not asked for bonds along the line in Oklahoma, it might be a good inducement for the people of Stevens county to offer them within the next year.

MORE VOTES

As a special inducement to the people of this community to stimulate the voting in our piano contest, we have decided to run the voting for subscriptions on the following schedule:

One new subscription	1500 votes
One renewal	1000 "
New subs. for 2 yrs	3500 "
Renewals for 2 yrs	2500 "
New subs. for 4 yrs	7500 "
Renewal for 4 yrs	5500 "

There are a number of communities where the contestants have fewer friends, but whose friends are more loyal than in the more thickly settled communities. In order to give these a fair chance to win one of many valuable prizes we have decided to make the above schedule. The Democrat is the biggest weekly paper published in this section of the country, and the broomcorn news is alone worth many times the price of subscription.

Notice

There will be a meeting of the Goodfellowship Club at the office of Ellsaesser & Henry, Tuesday evening, November 28 at 7:30 for the purpose of arranging a Christmas treat for the poor children of Liberal. Ervin Clippings

4 miles east of Lorena, Okla.

The pretty weather continues and the farmers are improving the time sowing wheat and topping maize and kaffir.

A number of neighbors gathered at the Burch home Wednesday night. Mr. Burch had received a barrel of fine apples from Missouri last week, and music and apple eating were the order of the evening.

Grandma Rupert and son Jasper went to Liberal Thursday enroute for Dallas, Texas.

Joe Spradling was a visitor at the Ervin ranch Sunday a. m.

The Hibs boys called at the Magee home and at the Ervin ranch Sunday afternoon. For some reason the roads seemed to be thronged with autos Saturday and Sunday.

W. M. McWethy and family spent Sunday at the Burch home.

Charley Stricklin and wife called at the Burch home Sunday evening.

Mrs. James Smith and babies spent Sunday at the Yarberr home.

Bro. Gray went to Liberal the 16th enroute to Anadarko, Okla. to hold a revival.

Mrs. Ernest Hynen and children spent Sunday at the Atkison home.

Friend Smith and wife called at Dr. Messersmith's Sunday evening.

A. G. Stewart and family and W. B. Abrams and wife spent Sunday at Charley Johnson's.

J. F. McWethy and family spent Sunday at Mr. Cullins. They called at Mr. Cullins' in the evening.

The writer has just received some fine samples of Graham flour and corn meal made at the new mill in Floris, Oklahoma, by J. M. Austin, the miller. We would advise all to patronise the home production.

The Hart Power engine pulled in at the Ervin ranch Wednesday morning. The force came from Liberal to thrash kaffir corn and maize.

The Dave Boyd threshing outfit is threshing kaffir corn and maize in the district east of us.

This weather is delightful, but it is a little too windy for broom-corn seeding and maize gathering.
