With orders from Judge Urmey to leave the city at once J. E. Centers and Edward Williams crossed the city limit line at top speed this morning.

The police believe they have something that they have been looking for. A man giving his name as George Dayton, was arrested last night for investigation.

On November 19, the board of control has announced that it will let the contract for wiring, plumbing and heating for the new cottage at the Girls' Industrial school at Beloit.

The contract for supplying the charitable institutions of the state with 8,000 bushels of Idaho Pearl potatoes was let by the state board of control Monday afternoon to J. E. Brewer of Abilene.

A painter by the name of P. J. Ryan who was arrested last Thursday night for fighting down near the river with two other painters complains of the article written for this paper which stated that the man was drunk.

Thinking that he was home in his room on the side of the city, Ryan was arrested last night by Ed Reddick was arrested last night on Kansas avenue by Officer Frisbane.

Dr. W. F. Brown did not finish his remarks last evening on Kansas avenue at that time speeding his machine at the rate of thirty miles an hour.

It is because the present injunction and contempt proceedings thereunder suppress free speech and free press that I feel it my duty to enter an emphatic protest.

Attorney General Jackson, in an opinion given today, holds that the hotel and restaurant men of the city must stop serving imitation maple syrup, imitation buckwheat cakes, chicory instead of coffee and oleomargarine instead of butter.
