

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of **Dr. J. C. Ayer** and has been made under his personal supervision since its infancy. *Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.*

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

The Kind You Have Always Bought In Use For Over 30 Years.

SNAPSHOTS

A certain former Washburn student, who is now a temperance lecturer seems to have among his other equipment, a good press agent. C. E. Snyder, who has been elected to the legislature from Leavenworth, is a brother of C. W. Snyder, president of the Topeka State bank. County Clerk S. G. Zimmerman beat Stanley Medlicott two votes for the honors of the county majority, at the election held one week ago today. But two more games of Washburn's football schedule will be played in Topeka, the Aggie game November 21 and the Oklahoma game, Thanksgiving day. It appears that the city will have a new patrol wagon at last, although the affair will cost but \$375 which suggests that it will not be of the automobile type. Petitioners are out already by candidates for city office who seek signers in accordance with the provisions of the new primary law which applies to city as well as county elections. As a timely warning, so that due precautions may be taken to prevent disasters, the statement is made that Friday will be the 13th day of the month, hangmans day doubled. W. W. Gowman, secretary of the Kansas Bankers' association will deliver an address at the meeting of that body which is being held in Hutchinson today on "Ourselves and Others." The indications are that the price of dancing lessons will be increased in Topeka during the winter; at any rate the city council is considering a license of \$50 a year for dancing schools. According to the estimate made by the state board of control it will require 2,500 bushels of potatoes to supply the wants of the patients at the state hospital for this single food product. A new catch basin has been installed at the corner of Sixth and Western avenues which will help some, as in the past a jake has existed at this corner following every rain of any importance. A sample of the "liveliest" bunch of business men in the United States will be in Topeka Wednesday and Thursday to attend the annual meeting of the Kansas-Missouri Hotel Men's association. The charge for the first offense in riding a bicycle across the state house grounds has been reduced by the city council to one dollar, the former minimum price of five dollars being considered too high. Counselman Tandy, who had been searching for his wagon ever since Halloween night, found one section of the vehicle yesterday on the east side and the rest of the wagon on a front porch of a house on Topeka avenue. Two more opportunities will be given Topeka football enthusiasts to see the Washburn team in action on the home grounds. The State Agricultural college eleven plays in Topeka on the 21st and the Oklahoma team on the 26th of this month. J. W. Friddy, an old soldier, and resident of North Topeka, is circulating a petition which will be presented to W. R. Stubbs when he becomes governor, asking him to appoint Mr. Friddy commissioner of elections, the position held at this time by C. H. Titus. Building permits were issued today to J. W. Moffett, for a \$1,800 residence at

SAVED THE TREE.

Attempt Made to Destroy an Historic Elm.

Its Spreading Branches Cover the Drive in Aburndale.

SPRANG TO RESCUE.

Councilmen Indignantly Voted Down the Proposition.

Plat of Southwestern Route in City Is Filed.

The mistake of a former city engineer in giving a grade to the street car company on Madison street between Tenth and Eleventh streets, some five years ago, before the street was paved, will cost the city \$358. The petition of the people living on that street to have the car tracks lowered was acted upon by the council some weeks ago by ordering the street car company to lower their tracks to grade. The company responded with a communication which stated that they had been given their present grade by the city engineer, but that they would lower their tracks if the city would pay the bill which they estimated at \$532. The street and walks committee looked the matter up and discovered the record of the grade given by the engineer. There was nothing to do but pay, at last night's session of the council, so the city clerk was instructed to advertise for bids for the work under the estimate of the city engineer that the job could be done for \$358.

Jordan's resolution to have the old elm tree in the Drive at Aburndale cut down aroused a storm of eloquent protest in the council. It was a business proposition versus sentiment and the latter won by the knockout route, as it should. Jordan declared that the tree was so large that its spreading branches covered the sidewalk on the Drive and thereby kept the sun from drying out the mud. Stanley sprang to his feet and spoke earnestly in behalf of the tree. He declared that it was a crime to cut down a shade tree and that for his part he wanted to go on record as opposed to any such act of vandalism. General Hughes took the fight for the tree and after expatiating upon its beauty and usefulness called upon a resident of Aburndale who was present to express his sentiments in the matter. W. A. Hancock, the spokesman referred to, responded with alacrity. He said: "Gentlemen, there will be a revolution in my ward if you have that old elm tree cut down. Many years before this house was built on this townsite that tree stood there a landmark for miles around. It is the pride of the Fifth ward. The men and little children of this city for 50 years have found rest and pleasure in its bountiful shade and love the tree as an old and faithful friend. Several years ago a man who was a politician, a Hun and a barbarian secured an order from some benighted city council to have this tree cut down. The man, armed with his axe, came to the side of the tree one day, but before he had struck two blows at his victim he was surrounded by angry residents of that vicinity, his axe taken from him and he hustled away from the tree. He confessed to a friend afterwards that he feared for a time he would be lynched. Gentlemen, that tree is the pride of the Fifth ward and we will resist its destruction by every possible effort."

Blakely spoke with feeling for this tree and for all shade trees. He would see the road changed and a side street opened. "Jog" made there than to have the tree cut down. Hughes declared that he would like to see a tree of that size and that it was not a bit of need in sacrificing the tree. Jordan, as a last effort, spoke slightly of the noise and dust which would be caused by the cutting of a tree, but the sentimental side of the councilmen had been touched and they voted down the resolution aimed at the old tree. It stands as a monument to the efforts of the people to protect shade trees instead of one destroying them. These are the chief glory of this city.

C. K. Holliday, for the Southwestern railway, introduced maps and profiles of the route of the proposed road through the city and asked that the council approve them at the earliest possible moment. They were referred to the street and walks committee and the city engineer. A special meeting of the council will be held Wednesday night of this week to hear the report of this committee. The maps show that the road will enter the city at Bolles and quit at Twenty-third to Union street where it crosses Shunganunga creek and skirts the fair grounds to Topeka avenue. It proceeds in a curve to Monument street and passes directly by the Fourteenth and Fifteenth streets. Local members of the railway board who were present at council last night, expressed their approval of the project. The engineer was rather favorably impressed with the new material.

From Lawrence comes the complaint that the Washburn football team is not in the same class with the eleven from the hamlet and a suggestion that the university team will refuse to play Washburn another year. This plan is not an annual affair and is only heard once in a while for a short period after the K. U. players have won a game from Washburn. It will be remembered that there was no complaining of that kind last season when Washburn won the annual game with a score of 12 to 5.

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of Mother's Friend prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with little suffering.

Book containing information of value to all expectant mothers mailed free.

BRADFIED REGULATORS CO. Agents, Ga.

some debate the ordinance was passed. It had the O. K. of the fire marshal attached.

Stanley's resolution that the alley through Westlawn park from Arch to West street and between Tenth and Eleventh streets be vacated was referred to the streets and walks committee.

Hughes spoke long and eloquently in behalf of the resolution to turn the old council clock over to the State Historical society and it passed unanimously, but not before Stanley had taken on an amendment to include the old patrol wagon with the gift.

Janitor J. S. Weir of the city hall read his report of how he had had the seats, poles, chairs and wainscoting of the building painted and varnished by "trusties" from the city jail at a saving to the city of \$75 in labor. The janitor was commended for his management of the building.

The mayor appointed Wm. Henderson, J. H. Squires and G. M. Mitchell as appraisers for the opening of Roosevelt street. He also re-appointed R. L. Coffran as a member of the electric light commission. These appointments were affirmed by the council.

The ordinance proposed making it unlawful for any one to expose goods for sale or buy goods in front of any store in the city was killed in committee.

The petition to vacate Burr street from Second street to the Santa Fe right of way was killed in committee, also the petition to vacate the alley west of East Locust street from Fourth to Fifth street. The ordinance providing a license tax of \$50 per year for dance halls was also killed in committee.

Hale Ritchie, owner of the triangular tract of land east of the Missouri Pacific tracks between Fifteenth street and Euclid avenue, and containing 5 1/2 acres, offers to sell it to the city for \$2,500 for park purposes. The proposition was referred to the streets and walks committee.

Street Commissioner Snyder's estimate of \$60 to repair the bridge over Ward creek in Aburndale was approved.

A petition to pave Harrison street with brick from Second to Third street was read and referred to the streets and walks committee. The petition contained eleven signers.

F. A. Brigham, mayor of Oakland, in answer to Mayor Green's invitation to come under the wing of the city of Topeka, replied in the negative. As a reason given for declining the honor the mayor of the independent little suburb declared that his city was free of debt and did not wish to unite with a city carrying a heavy bonded indebtedness for public improvements. He added that if Topeka was governed by the commission plan that he thought he might be glad to come into the fold. Mayor Green wrote to the Oakland mayor under the instructions of the council.

The ordinance calling for the issue of \$40,000 in bonds for the new electric light plant was passed.

Bids for building the new police patrol wagon according to specifications were opened and read. The contract was awarded to T. F. Lannan, whose bid was \$375. The other bid was from Rehkopf Bros., in the sum of \$397.

Kuta's resolution to build a stone walk across Kansas avenue at Twentieth street was killed in committee.

The petition filed last summer to open Swygart street from Fourth to Fifth street for public travel was killed in committee.

The ordinance opening Roosevelt street was passed by the council.

Council adjourned to meet Wednesday night of this week in special session.

COURSE TELLS OF BABY'S SUFFERING

Raw with Eczema from Birth—Fearful Itching Lasted for Months—Treatment Futile—Walked the Floor with Him Night and Day—Wasted Away and Got Little Rest.

PERMANENTLY CURED BY CUTICURA REMEDIES

"The first time I went out as a nurse was when a baby boy was born. He was perfectly raw all over with humor. The doctor gave us some ointment to use, but he got no better. The baby seemed to be suffering terribly, and at times I had to walk the floor with him night and day, fearing for my husband to carry him when I could not. His poor little head became covered with crusts and the doctor decided it was eczema. The fearful itching went on for months, and the little fellow was wasted to a skeleton and could get almost no rest. At last I decided to try the Cuticura Remedies, bathing him with Cuticura Soap, using just as little water as possible; then I applied the Cuticura Ointment, and gave him small doses of Cuticura Resolvent. This relieved him almost at once and in a comparatively short time the baby was well and happy. He was healthy and fat as a fine boy, in the High School, and he has never had any return of the disease. I have since known of a number of other mothers who have been cured by Cuticura, but none, perhaps, as severe as this one. I have always recommended Cuticura most highly for this kind of disease, and I hope to do so. Mrs. Elizabeth Howe, Nurse, 70 Grove St., Chelsea, Mass., Nov. 15, '07."

DISFIGURING Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and itching of scalp, as in itchy scalp, all demand a remedy of extraordinary virtues to successfully cope with them. That Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent are such stand proven by testimonials of remarkable cures when all else has failed.

Cuticura Soap (Use to Cleanse the Skin, Cuticura Resolvent (Use to Treat the Skin, and Cuticura Ointment (Use to Treat the Skin) are sold throughout the world. "Pasteur Drug & Chem. Corp., Boston, Mass. Mailed Free, Cuticura Book on Skin Diseases."

AFTER THE MILK MEN.

Secretary Crumrine Turns His Attention to Leavenworth.

C. A. Greer, a Leavenworth milk dealer, was arrested at Leavenworth Monday by the county officials on complaint of the state pure food authorities who have examined Greer's milk and found it to contain formaldehyde. H. L. Rodenburg, another Leavenworth milk dealer, will also be arrested for putting water into his milk. The Rodenburg milk tested 2.60 on butter fat, and the minimum is 3.25.

CLEAR THE COMPLEXION OVERNIGHT

Pimples, Rash, Eruptions, Etc. Quickly Eradicated by New Skin Remedy.

Since its discovery one year ago, **Stallman's Dresser Trunk** has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialist who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use Stallman's for these minor skin troubles can now avail themselves of the special 50-cent package, recently adopted to meet such needs. Both the 50-cent package and the regular \$2 jar may now be obtained in Topeka at G. A. Snow's and other leading drug stores. Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

OPPOSE PARCEL POST.

Senator Curtis Says He Favors Protecting Small Retailers.

The small retail merchants and farmers of Kansas will be interested to learn the views of Senator Charles Curtis on the probabilities of the enactment of a parcels post law by congress. Senator Curtis says: "I think that there is a great danger of the enactment of a parcels post law. The only argument in favor of it seems to be that it will help the big catalogue houses send in their goods at lower rates to farmers. I believe in protecting the small retailers, who pay the local taxes. The catalogue houses fool the people by sending in cheap and inferior goods, and representing that these goods are equal to those sold by the home merchants. The catalogue houses put very low prices on their goods because they deal in just that class of shoddy stuff. "I think it is very likely that congress will enact the law proposed to put in a low postage rate for packages sent on rural routes. This would allow the rural route carriers to take the goods of the local merchants out in their wagons and deliver them to the farmers along the routes. It would be a great convenience to farmers to have goods delivered for them from the local merchants and would help the local merchants. The farmer could telephone in his order to the grocer or the dry goods store and have his goods sent out on the rural route. "After that plan has been tried, if it proves successful on the rural routes, it may be found wise to apply a similar to write generally throughout the country."

SHAWNEE BOYS' CORN CONTEST.

It Will Be Held at the Auditorium on November 28.

At the meeting of the committee held in the city court room Saturday it was decided to hold the Shawnee county boys' corn contest at the Auditorium November 28. It is expected that at least 200 boys will take part in the contest. There will be two departments in the contest, one for boys under 14 years of age and the other for boys of from 14 to 20 years. In the first named department there will be special cash premiums, ranging from \$1 to \$6. Every exhibitor in this class will receive a nice pocket knife. In the class for the older boys are offered similar cash premiums to those offered for the younger lads, there will be the especial inducement of sending the twenty firsts of Manhattan to take part in the state boys' corn contest. Transportation and board for the trip will be paid by the committee. Besides the above awards there will be eight special premiums offered for the best bushel of corn raised in Shawnee county by any person of any age.

TO BRING BACK ALIENS.

Steamship Lines Will Try to Induce Foreigners to Return.

New York, Nov. 10.—Steamship agents and the various bodies which encourage emigration are bestirring themselves in view of the betterment in business and in the labor market. Cablegrams and letters are being sent to Europe informing scores on the other side that there is increased industrial activity here, the result of all of which is that there will probably be a corresponding increase in immigration. The steamship agents have instructed their offices abroad to notify these aliens who bought prepaid tickets that conditions were better at their coming back to the United States. Immigration has grown somewhat lately, but the steamship men think that there will be no marked augmentation for at least many months or before next spring. But the report that some of the big plants in Pennsylvania and the middle west need more help induce many foreign laborers to return soon, it is thought.

WHY BRADY RESIGNED.

He Was Requested to Leave the Vestry of His Church.

Toledo, O., Nov. 10.—Cyrus Townsend Brady has made public his reason for resigning from the Trinity parish church in Toledo. It is that he was implicitly asked to leave the vestry meeting last Easter because he objected to certain arguments that were somewhat heated in character, whereupon he withdrew from the meeting. Investigating further, he learned that the parish was incorporated under the laws of Ohio and therefore the vestrymen elected their presiding officer.

Pierce Retires From Frisco Board.

St. Louis, Nov. 10.—H. Clay Pierce has retired from the St. Louis & San Francisco board of directors on account of ill health. George T. Boggs, the Rock Island assistant secretary at New York, succeeds him. All other directors were re-elected.

Closing Out Trunks of All Kinds

Our Trunk Department must be out of commission by the 1st of December—Holiday goods are to have the space it now occupies. Every canvas-covered, flat-top Trunk in this store is on sale at materially reduced prices. This includes all of our Stallman Dresser Trunks and fibre and rawhide bound Trunks, too. If you are going to need a Trunk between now and the first of the year, buy it NOW and save money.
