The first on the program was a musical number by Mrs. J. A. Campbell which was very much enjoyed, then the president's address of welcome after which Mrs. Petro gave a humorous reading that was well received. A very pleasant feature was a short talk by Mrs. Morris, the first president. A symposium by the club of books read during the summer was very interesting. Two new members were voted into the club, Mrs. T. E. Joseph and Mrs. C. E. Jordan. After refreshments and the social hour the club adjourned to meet October 17 at Mrs. Scotten's home west of the city. If the weather is unfit the meeting will be with Mrs. Hale.

FOR A BIG PARADE

One Is Being Planned by Revival Forces.

Marshall's Band Will Lead the Procession.

DAY FOR THE CHILDREN

City Schools Will Be Dismissed on Monday.

Street Car Company Will Furnish Free Transportation.

Outdoor and Opera House Meeting Tonight.

Parades will be a feature of the revival services in the city. An illuminated parade, in the evening with possibly Marshall's Military band leading, is one of the features promised. The time has not been settled upon, it had been planned to hold it Friday evening but later plans look forward to setting it for some evening next week. Mottoes and inscriptions of an illuminated character will be carried.

Then there is the children's parade. Monday afternoon will be a rallying day for the school children under the banners of the revivalists. The city schools have been granted a holiday on that day and all of the school children have been requested to assemble at the various districts and from there go to some central point close to Eighth and Kansas avenues and after marching a short distance in the business district will gather about the north steps of the state capitol building where Governor E. W. Hoch will address them. He will be followed by Dr. Chapman.

The street car company has agreed to furnish free transportation to all of the school children from these district points to the central point, thus obviating any fatiguing journey on the part of the children. The march along the business streets will be short so that no fear of wearying those participating need be entertained.

On the north side the children will gather at the big tent and take the car at Gordon and Kansas avenue, on the east side they will probably assemble at the Third Presbyterian church, taking the Fourth street car to Kansas avenue, at the Central Congregational church those living in that portion of the city will gather preparatory to taking the cars down town. It is expected that all will have gathered at the central meeting point at 2 o'clock. The address will take place shortly after that time.

The newspapers can take credit for establishing Dr. Chapman in his career as evangelist. By reading a newspaper account in the Albany papers of a Moody revival Dr. Chapman, who was then pastor of a small church in upper New York, was induced to enter in upon a career as an evangelist. "I don't think that has ever been related to anyone before," said Dr. Evans, pastor of the First Methodist church. "Dr. Chapman told it to me himself quite inadvertently during a conversation last evening. I think that is quite a creditable achievement of the newspapers because Dr. Chapman is recognized today as the foremost evangelist of the world."

This Is Their Busy Day.

This is a mighty busy day for the revival forces. There is going to be a marshalling of forces such has never yet been seen. All of these who have been in attendance upon the district mass meetings over the city will assemble at the Auditorium shortly after 9:15 this evening. From the Auditorium this great gathering of people will march over to the corner of Sixth and Kansas avenues where a brief street service will be held followed by a service at 10 o'clock in the Crawford opera house. A street service of this character and magnitude is something unique in the religious history of the town.

The real work of the day commenced at 2:45 this afternoon when the women met to attend the women's prayer meeting in the First Presbyterian church. At 3:30, at the same place, a mass meeting, open alike for both men and women, was led by Dr. Chapman. "Why Our Prayers Are Not Answered," is the subject chosen for the address.

At 7:30 o'clock Dr. Chapman will preside over the usual Auditorium meeting. Dr. Toy will be in charge on the east side at the Third Christian church, Dr. Ostrom will lead the forces in the Central Congregational church in the southwest district, while on the north side the usual evening services will be held by Dr. Frank Granstaff at the tent. At 9:15 promptly these services will be concluded and those in attendance will adjourn to assemble at the Auditorium. As soon as all have arrived at the Auditorium, the congregation will march in a body to Sixth and Kansas avenue, the place chosen for the street service, Dr. Chapman will devote about half an hour to this service.

The after meeting tonight will be held in the Crawford opera house at 10 o'clock and will be in charge of Dr. Henry Ostrom.

By holding a street service such as is outlined it is hoped to cater to the needs of those who are found on the streets at that hour and who could not otherwise be induced to attend the district meetings. The plan has worked to a flattering degree of success in other cities and it is trusted that results will attend the effort which is to be put forth here.

Last Night's Meeting.

"There is peace and comfort on the other side," said Dr. Wilbur F. Chapman last evening to some 2,500 people in the Auditorium. He was speaking of the Christian's death: "Meeting our friends in heaven." "Would you know how the Christian dies?" he continued. "You will find it by reading in your Bible. There is nothing hard about it. Simply crossing the river in the boat and over to the other side. God is with you all the time. He is with you to the river, with you in the boat and over to the other side. There is a peace there that neither art, science nor wealth can bring. A comfort that none of these possesses. Have you that assurance of peace tonight?

"Will we meet our friends over there? Will we know them? Yes, I am sure of it. I am sure that we will meet them. I am sure that we will know them. The Bible tells me so.

"No matter what your sin has been. It makes no difference, God will forgive all. He cares not what you have done.

"Pardon from man and Divine pardon are two different things. Back of reformation is that other thing, a consciousness of laws broken and violated. Reformation, simply itself, will not save."

Following the address the usual short after-meeting was held. A good proportion of the audience remained. Mr. Fred Butler sang as a vocal solo, "Face to Face." The choir sang in its usual happy style.

Central Congregational Church.

The people living in the southwest section of the city are just beginning to realize that they have a preacher of power in their midst, as evidenced by the increase in attendance. The audience last night was larger than on any week day night since this series of meetings commenced.

Dr. Ostrom preached on the theme that has furnished the inspiration for the best works in art, music and literature—that theme of themes, "Redemption." It would be futile to attempt to quote the sermon. Such sermons cannot be properly displayed in print any more than the masterpieces of the great painters could be adequately pictured by the power of the pen, and must be heard to be appreciated.

The meetings at this church bear all the appearances of regular revivals—trained chorus of mixed voices, director of chorus and soloist, organization of ushers and assistant ushers, and all that, but are entirely free from anything that approaches the sensational or sentimental. Dr. Ostrom prefers to call them religious business meetings and there is nothing cut and dried about his method of conducting them as so far no two meetings have been conducted along the same lines.

THINKS DEAN MAY STAY

Congressman Curtis Believes Roosevelt Idea Will Prevail.

Congressman Curtis indicated to an intimate Topeka friend the other day that President Roosevelt's favored idea of continuing men in office who had served well, would play a prominent part in the fight between J. S. Dean and Harry Bone for the appointment as United States attorney. Curtis is quoted as saying, "and though I did not specify any particular ones, I mentioned appointments which would have to come soon. The president spoke of the plan which he is fond of following, namely to let men succeed themselves who have served well."

Harry Bone is hard at work in his candidacy and is receiving hundreds of endorsements for his appointment. He is carrying on an active letter campaign.

NEW TENOR FOUND.

He Is Expected to Equal Caruso and De Reszke.

New York, Oct. 5.—In the person of Isaac Boutman, a humble street huckster of the East side, and who is a young compatriot of Jean De Reszke, the famous Polish singer, it is believed that a great tenor has been accidentally found who will electrify the dramatic world and rank with Messrs. Caruso and De Reszke.

"After a course of proper instructions," said Dr. H. Holbrook Curtis, an authority on voice and who made the "find," "I believe he will rank one day with our greatest tenors."

"He is marvelously gifted," said Miss Frizi Scheff, who has sung with all the great tenors of the world, "and he will equal Caruso or De Reszke. He shall have a stage name—Caruske, a combination of Caruso and De Reszke, for he will equal them both," and as Raphael Caruske young Boutman has passed into the care of Charles Dillingham. Miss Scheff's manager, who will educate him for the operatic stage.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did, what did you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it with Cantharrides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

CAMPAIGN FOR POOR.

Salvation Army Will Organize for Work Monday.

The Topeka Salvation Army will on next Monday afternoon commence one of the best and most far-reaching campaigns to help poor and needy people which has ever been started in this city.

Though for several years the army has supplied hundreds with clothes and food, no method has ever been systematized to reach them all. So on next Monday afternoon at 2:30 o'clock every mother in this city is invited to come to a meeting at the Salvation Army hall at 312 Kansas avenue.

The poor and needy ones are especially wanted. Their names and addresses will be taken. They will be asked to inform the Army of the number of children they have and how far they are able to care for them. In other words a directory of the suffering people in the city will be made up. Then clothes and food will be furnished wherever necessary.

Ensign E. LaPount, the wife of Lieutenant LaPount, one of the men in charge of the local branch of the Army is at the head of the movement.

"We have been helping mothers and children particularly for a long while," she said today. "But we want to systematize our work. I want to form a big organization of mothers. I want rich and poor alike to be members. I want to find out who the needy mothers are, and I want to know how we can help provide for them and their needy children. There is a great deal of suffering in this city, and I think that the very best way to alleviate much of it is to get right into the homes.

"This is my plan," continued this hard working little woman. "We will have a meeting every Monday, which we will denominate a business meeting, for that is what we intend it to be. It will be our business to find out who is in need and who needs help. Then it will be our business to see that these suffering ones are looked after.

"The meeting will be held on every Monday afternoon. We will not skip a single time. Our plan is to elect officers and committees to look after various duties. Once each month we will give a supper to which every mother in the city and her children who need help, are invited. But on every Monday we will give away clothes. For next Monday, our first meeting, we have a large lot of clothing, some of it worn a little, but all in condition to be used by people who need better garbs. The people from whom we have solicited have been very kind to bring us these large contributions. It has helped us immensely to get our movement started. But we want to keep it up. That is the reason I want all mothers alike to come. Some are to help and others need help. The contact between the two will do a whole lot of good. I hope that the people of the city will see what the point to our plan is and will help us in every way possible to make this mothers' organization a success. We believe that we have hit on a good plan to help the suffering. We can give to people who really need help and are deserving, all the clothes which can be brought to us. Just now we are being helped splendidly. Not a day passes but a half-dozen or more bundles are received. We hope that it will be kept up. We know that if the mothers of the city who can help take an interest in our meetings we will be well supplied."

White Sox President Objected to Being Counted Out Too Soon.

Chicago, Oct. 5.—President Charles A. Comiskey of the Chicago American League club, is aroused over the action of the National baseball commission in announcing details and dates for the world's championship series between New York and Philadelphia before the outcome of the American league race is settled, and announced last night that as a result he would not now allow his team to play in the world's championship series, whether or not it won the American League flag.

CONGRESSMAN GOULDEN

FINDS QUICK RELIEF THROUGH

DOAN'S KIDNEY PILLS

Hon. JOSEPH A. GOULDEN

Hon. Joseph A. Goulden is Member of Congress representing the Eighteenth New York District. Mr. Goulden is a naval veteran and one of the trustees of the Soldiers' Home at Bath, N. Y., and has held several other honorary positions of public trust. His name stands for sterling integrity.

Having used Doan's Kidney Pills himself with entire satisfaction, Congressman Goulden does not hesitate to recommend them. He writes us the following:

Foster-Milburn Co., Buffalo, N. Y.

Gentlemen: As many of my friends have used Doan's Kidney Pills and have been cured of bladder and kidney troubles, I feel it my duty to recommend the medicine to those who suffer from such diseases.

From personal experience I know Doan's Kidney Pills will cure inflammation of the bladder, having experienced relief the second day of using the medicine.

Yours truly,
(Signed) J. A. GOULDEN.

Doan's Kidney Pills Cure Topeka Bad Backs

Testimony of Topeka People Proves Their Merit

A bad back is a back that aches after every little exertion. Sick kidneys cause that kind of a weak back, and a kidney bad back will never be strong and sound until the kidneys are cured.

Backache is really kidneyache—the aching of overworked, inflamed, congested kidneys. It comes right in the small of the back, where the kidneys are located. Sometimes the ache is heavy and dull. Again it changes to sharp, darting pains, like the thrusts of a knife. It seems impossible to stoop or lift, or bend the back. All night the aching keeps up, leaving the sufferer tired and lame in the morning.

Backache is a warning that should be heeded. It calls attention to the fact that the kidneys are giving out, that diabetes, dropsy and Bright's Disease are threatened. Don't wait. Help the kidneys at once. Cure them with Doan's Kidney Pills, the great American kidney specific. It is the one remedy that is recommended by residents of your own city.

TOPEKA TESTIMONY

Thomas E. DePul, proprietor of confectionery, at 122 West Eighth avenue, Topeka, Kan., says: "I did not express myself one bit too emphatically in praise of Doan's Kidney Pills in the statement I gave six years ago. I had suffered for years with kidney trouble which started with a dull bearing down aching across the small of my back and gradually growing worse until at times I was often confined to my bed for a week or ten days at a time. Doan's Kidney Pills relieved me of the terrible sufferinz and corrected a difficulty with the kidney secretions which had been very distressing and annoying. While I have had attacks of backache since, I have never been bothered with the kidney secretions as formerly. Whenever I have noticed backache I have used Doan's Kidney Pills and from the way they have always relieved me I am and will continue to be an ardent advocate of this remedy."

WILL FOUND A HOME.

Anna Eva Fay to Start One at Great Barrington, Conn.

Unlike the usual commonwealth institutions, not only in management but aim, Miss Anna Eva Fay, who is at the Crawford theater this week giving her mysterious exhibition of "Somnolency," has purchased a 180 acre farm at Great Barrington, Conn., and there will establish a home for men, women and children. The undertaking, the first announcement of which was made today to a State Journal reporter, will cost several hundred thousand dollars and to raise some of this money Miss Fay will take to the lecture platform next spring. On this trip, it is expected, she will be accompanied by Clara Barton, who has already given Miss Fay much encouragement in the plan.

Miss Fay's unique place is to be known as "Bungalow Home" as all buildings, including small residences for separate families, will be but one story high. The home, of course, will be self-supporting.

"It has long been my desire," said Miss Fay at the Copeland, "to start such a thing and I have been working on the plan for 14 years. I intend allowing any man, woman or child enter the home. Age, or nationality will not bar. I shall have as my mottoes: 'Not for loafers nor tramps;' 'Ask and Ye Shall Receive' and 'Be Honest and Your Reward Will Be Wealth.'

"So many people are up against the inevitable; they need some one to give them a hand 'at the steering wheel.' That's what I purpose doing and with the influence that has been assured me I know I shall succeed.

"You see so many of these so-called homes are governed by politics or they are run by some rich person who wants to make a practical demonstration of a fad and failure is the reward. You can't do everything with money or else I would have hustled around and built my home long ago.

"I'm not doing this for charity because I believe God has given us that. He told us to go out and make a home for ourselves but so many do not succeed.

"Without going into details the 'Bungalow Home' will include a theater and church, all in one, by the way, a printing establishment from which will be issued a magazine for national circulation, various small plants for manufacturing purposes, and what not. Every man and woman must work and they will be paid.

"When I am ready for the opening I will let the public in on my surprise. President Roosevelt may be there for I expect to see him about the 'Bungalow Home' and tell him that he must come up because 'I'm raising young presidents there.'"

Already many of the most prominent railroad officials of the country have promised Miss Fay their co-operation and this morning Roy Johnson, of the Santa Fe, conferred with her regarding the transportation of people from the west. She has a warm spot in her heart for Topeka and there are sure to be numbers of applications, she thinks, from this city.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow is trouble. When sick, sore, heavy, weary and worn out by the pains and poisons of dyspepsia, biliousness, Bright's disease and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At the Arnold Drug Co., 521 N. Kansas ave. Price 50c. Guaranteed.
