

THE WAR GOES ON

Temperance Crusaders Still After Whisky Violators.

Kansas City, Kan., Forces Form a Civic League to Aid.

MUST RAISE MONEY.

Deny the Charge of Boycotting Liberal Merchants.

Appears to Be the Beginning of a Town Feud.

Kansas City, Kan., Oct. 4.—The Civic league of this city held a meeting in the office of the Kansas Investment company at Seventh street and Minnesota avenue and began a movement to raise funds to support M. A. Waterman and others who are leading the crusade to close the "fronts." L. A. Motter was elected president of the league to succeed the Rev. J. C. Lynn, who has left the city. A finance committee was appointed, composed of W. E. Griffith, L. J. Gies, Mrs. Rachel Armstrong and Dr. D. S. Stephens.

A circular was scattered over the city yesterday signed "Law and Order," and intimating that good citizens should boycott merchants who have expressed themselves as being in favor of a non-enforcement of the prohibition law. Nine merchants on Minnesota avenue were warned. At the meeting last night the Civic league adopted the following resolution:

"Whereas, a circular has been promulgated throughout the city purporting to represent the Civic league as favoring the boycotting of certain business men of Kansas City, Kan., therefore, be it resolved, That it is the sentiment of this league that we will limit our work to the attempt to make our city clean and wholesome, and that no action has been taken by this league as indicated by the circular referred to.

"Resolved, That in this movement we cordially invite the co-operation of all good citizens and pledge our hearty support to all business interests in harmony with the upbuilding of our city in conformity with law."

J. E. Coddins, attorney for the State Temperance union, who filed four saloon injunctions several days ago, will be here today and confer with leaders in the reform movement.

W. H. McCarty, attorney for M. A. Waterman, was busy yesterday examining the papers in old saloon injunctions. Mr. McCarty said that he had found seventy-eight cases of the court of common pleas and about twenty-five in the district court. After having examined about half of these cases he said that he had found only one case in which all the defendants were still in the "joint" business at the same place against which the injunction was brought. For this reason, he said that new injunctions would probably be necessary in a large number of cases.

A Peculiar Accident. Fred Hollis, the 13-year-old son of W. E. Hollis, living on E. 10th corner, five miles northwest of the city, met with a very peculiar accident yesterday morning. He was playing with a number of companions when one little girl picked up a brick of "hot" and threw it at him. The brick struck him in the face, but he thought no more of it until nearly noon, when he complained that his eye hurt him. It began to pain so badly that he did not go back that afternoon. Investigation showed that a thorn had become deeply embedded in the eyeball. He was taken to town last evening and the physicians attempted to remove the thorn, but without success. This morning another attempt was made, but with the same results, and he was turned over to Dr. Anderson, the eye doctor, this afternoon. If the thorn can not be removed it may prove serious, as it is seen beneath several coats of the eye.—Salina, Union.

Turtles Eating His Corn. David Barr reports that the turtles are so numerous on his place that they are destroying much of his corn. They are of the large striped head variety. He wants to hire some boys to rid his field of the pest and is willing to pay by the day or give a per cent. on each turtle killed. Will not board the boys, however, as there are about 250 rows of corn, and it will take two boys to each row to keep with the turtles. He invites anyone not believing what he says about the turtles, whether on account of ignorance on the subject or other reasons, to call at the Kinsmanville farm and take a hand in getting rid of the same.—Augusta, Gazette.

Diphtheria Closes Schools. At the present time there are five families under quarantine for diphtheria in Fredonia. All cases are those of school children and have developed in the school rooms. Quarantine is being strictly observed and it is not probable that the disease will extend from those cases that have been reported. It was deemed advisable that the school should be closed for at least one week, and that there be no

ANY LACK OF BLOOD

CALLS FOR THE USE OF DR. WILLIAMS' PINK PILLS.

These Pills Cure Bloodlessness Just as Surely as Food Cures Hunger.

When the body is weak and the blood thin it is sometimes difficult to find the cause unless a wasting illness has preceded, or the sufferer happens to be a girl on the verge of womanhood. In such cases a complete change of climate or of work will sometimes effect a cure. It takes a long time, however, and for the great majority of sufferers is out of the question.

Mr. C. E. Legg of Tipton, W. Va., found a method of treating bloodlessness that it within the reach of all and that much testimony has demonstrated to be wonderfully successful. He says: "I have tried Dr. Williams' Pink Pills several times and they have never yet failed to build up the system and renew the blood. I used them on one occasion for weakness caused by a lingering malarial fever that began in the spring of 1896. The worst effects of this was indigestion and a bad state of my blood. I was anemic, as the doctors say. People generally would say that I didn't have blood enough, or that I didn't have the right kind of blood; mine was too thin. I was made annoyed by sour risings from my stomach. There was a good deal of pain, too, in my back and under my right shoulder blade."

"How long did these troubles last?" "For over two years. For four months of that time I was under the care of a physician, but his medicine did me no good. Meanwhile I learned of the cure that had been wrought by Dr. Williams' Pink Pills."

"You owe your cure then to these pills?" "Certainly do, and I also know that they are helping others to whom I have recommended them. One friend reports that they have done more to relieve her insomnia and nervousness than any medicine she had ever taken. Another friend says they have cured her indigestion and made her swallow complexions clear again. They have real merit and I know of nothing that would take their place."

Dr. Williams' Pink Pills cure bloodlessness just as surely as food cures hunger. A pale anemic needs one thing only—new blood. Dr. Williams' Pink Pills make new blood. They don't act on the bowels. They don't cause any more symptoms. But when Dr. Williams' Pink Pills replaced bad with good blood, they strike straight at the root and cause of many diseases—headaches, biliousness, indigestion, anemia, neuralgia, sciatica, locomotor ataxia and the secret troubles that every woman knows. Dr. Williams' Pink Pills are made by all druggists, or direct by the Dr. Williams Medicine Co., Schenectady, N. Y.

Sessions of any of the Sunday schools in Fredonia nor other assemblies of children for any purpose and that children be restrained from going into the streets so far as possible until further notice.—Neodesha Register.

CARNIVAL AND FAIR.

Minneapolis to Have a Big Free Show October 10-14.

Minneapolis, Kan., Oct. 6.—October 10-14 will be a big week for central Kansas. On that occasion Minneapolis will spread herself to entertain and amuse the people. In connection with Parker's Amusement and Fairground company, the citizens have arranged for many other outside attractions, among them being three bands, one of which will be the famous Fort Riley Military band of twenty-five pieces. Free horse racing, for three days. Free horse show, and free dancing every evening. There will be three balloon ascensions by Professor Hill, who will be shot from a cannon 3,000 feet in the air, and descending in a parachute to the earth. Minneapolis will furnish free amusements to everybody and of an excellent quality during the entire week. Arrangements have been made with the railroads for a radius of 75 miles for a rate of one and one-fifth both ways during carnival week.

A Big Farm Sale. The biggest farm sale made in Franklin county in several months has just been closed up by the firm of Cowan, Filson & Miller. J. S. Ricker has transferred his 320-acre farm three miles south and a little east of the city to Mr. Horner, a wealthy Dunkard from Illinois. The price paid is \$23,000, a little more than \$71 an acre. The farm is a fine one, well improved.—Ottawa Republic.

Jewell City Items. Jewell City, Oct. 6.—"Jack the Ripper" has been doing mischief in Jewell City lately. Efforts are being made by Marshall Claster to locate him. Several young ladies on their way home from work as early as 8 o'clock in the evening have been nearly frightened to death. He tore one girl's clothing badly but she succeeded in getting away.

John Macey, city deliveryman, is something of a potato grower. He owned a block of ground, twelve lots,

TAPERING WAIST R-G CORSETS

Fashionable women prefer R & G Corsets because they meet every demand of the prevailing styles—the "tapering" effect and "defined waist line."

A fit for every figure—high and low bust—every pair guaranteed by the maker.
