HONORING THE DEAD.

Dodge City in the Weeds of Mourning at the Death of Her Honored

And Beloved Mayor, Hon. A. B. Webster, and Turn Out Enmass to Pay

The Last Tribute to His Memory—Impressive Ceremonies and Imposing Burial.

Plucky Peabody Procures the Plant of the Experimental Silk Station—Cullison Contented.

Attica Displays a Broad Grin of Delight at Her Success in Securing Valuable Railroad Connections.

THE HONORED DEAD.

Funeral Obsèques Over the Remains of Mayor Webster at Dodge City.

DODGE CITY, Kan., April 15.—This has been one of the days in the history of this city which every citizen will remember with pride and sorrow. It brought together the largest number of people ever before assembled here to pay the last sad rites to the honored dead. They came with flowers; they came with hearts full of fraternal love; they came with but a single thought in the beautiful spring with nature's choicest offerings—to decorate the casket which contained all that was mortal of their beloved mayor, A. B. Webster.

All business was suspended during the day and extensive preparations were made to carry out the order of exercises. The remains lay in state at McCarthy's opera house from 12 to 4 o'clock p. m., under a guard of honor detailed from Lewis Post, G. A. R. Fully three thousand people viewed the remains and the procession to the cemetery was over a mile in length. St. Omer Commandery, Knights Templar, from Great Bend, supported by Apollo Commandery from Larned were in attendance.

The exercises were begun at the opera house by the Rev. G. Lowther. From there the procession was formed, consisting of a platoon of mounted police, band St. Omer Commandery, Knights Templar, Apollo Commandery, horse drawn by four black horses, relatives, St. Bernard's Lodge A. F. and A. M., council and officials of Dodge City, Lewis Post G. A. R., Geo. H. Thomas Post Sons at Veterans, three hose companies and hook and ladder company, uniform rank Knights of Pythias, Select Knights Ancient Order United Workmen and citizens in carriages.

At the grave the ceremonies were conducted by the Masonic fraternity, and as the sun was sinking in the west the coffin was lowered to its final resting place. A salute was fired, terminating the exercises, but not the memory that Dodge City has lost one of its best citizens and faithful servants.

Attica Jubilating.
Social Departure to the South East.
ATTICA, Kan., April 15.—Attica is having a jubilee tonight over the arrival of the engineers on the Spivey cut-off in this city. Officials of the Atchison, Topeka & Santa Fe here today say that grading between this point and Spivey will begin in thirty days. The band is discoursing its best music, and speeches are being made from the balcony of the Occidental hotel. Grade stakes are set to within five miles of town. The streets are thronged with yelling, cheering and happy people. Mr. Spivey was here today and set aside valuable railroad real estate in the city for a flouring mill. Captain Smith, chief engineer, has orders to report to the general office at Topeka the results of the Spivey survey as soon as completed.

The Silk Station Located.
Special Dispatch to the Daily Eagle.
PEABODY, Kan., April 15.—The experimental silk station was decisively located here yesterday. The site selected by the commissioners, out of fifty one dozen, was a beautiful location in the magnificent Highland Park addition to the city of Peabody, where the extensive sale of lots was held last Saturday. The experimental building is to be 31x50 feet, the contract for which is already let, the work to be completed in forty days. Proliferation of silk, and multitudes, too, is Peabody.

Cullison Cullison.
Special Dispatch to the Daily Eagle.
CULLISON, Kan., April 15.—Fine, soaking rains have been falling here since Monday night, the 11th. Wheat is in splendid condition, oats are up, and a large acreage of corn is being planted. Every body is happy over the fine prospect. Cullison was incorporated last Monday as a city of the third class. The city election will be held April 25.

Monongahela Queen Dead.
NEW YORK, April 15.—Archbishop Corrigan has a cable message saying Monongahela Queen died this afternoon.

UBIQUITOUS OFFICIALS.

EUKEKA, Kan., April 15.—A party of state officials, consisting of the lieutenant-governor, secretary of state, attorney general and state auditor, accompanied by their families and several prominent railroad officials, arrived in this city by special train and stopped over two hours. They were taken in charge by Mayor H. G. Jones and conducted over the city in carriages, expressing themselves as delighted and quite favorably impressed with the real estate boom now in progress.

The Cadetship Contest.
NEWTON, Kan., April 15.—At the meeting held today the committee to pass on examination papers of candidates for cadetship at West Point, E. J. Rhodes of Kingman stood the highest, S. C. Brock of Hutchinson second, and C. E. Cook of Kiowa county third, in a class of twenty. They are recommended for the place in the order named.

The recent heavy rains followed by pleasant weather have started vegetation rapidly; all kinds of crops look well and there will be some fruit in this portion of the state.

A Synodical School.
MINNEAPOLIS, Kan., April 15.—The Presbyterian Synod, which closed its labors at Belleville yesterday, decided to locate the new Presbyterian College at Minneapolis.

Lieut. A. T. Hilliard, a prominent citizen of this county, was buried here today with Masonic ceremonies. He was a prominent Mason and comrade of the G. A. R. He was adjutant of the 49th Pennsylvania in the late war, and was a brave and faithful soldier, who came here from Milton county, Pa., in 1878.

That Pesky Fourth Section.
INDIANAPOLIS, April 15.—At a meeting of the board of trade today the following report was unanimously adopted: "Your committee would respectfully report that the business of the city of Indianapolis, and especially the manufacturing, wood working, grain, milling, lumber, pork, and elevator interests, are at present paralyzed and will be permanently crippled by the lack of fair and legitimate competition among the railroads as the result of the interpretations put on various sections of the interstate commerce act by railroads. The committee also reports that the schedule of rates thereupon adopted by them and we recommend that the board of trade of Indianapolis petition the interstate commerce commission to immediately interpret for us the second, third and fourth sections and that portion of the second section which pertains to the issuance of mileage tickets.

Your committee finds that while the said act positively prohibits pooling among the railroads, yet by the interpretation put up on the law by them the railroads of the country have now a more cast iron pool than has ever existed before, actually existing under the law what it was intended should be absolutely prohibited by it.

Stove Molders' Strike.
CLEVELAND, Ohio, April 15.—The stove molders' strike in this city will continue until the middle of next Monday morning, at which time the patterns from St. Louis, Chicago, Milwaukee, Kokuk and Belleville, Ill., will be placed on the molding floors in several Cleveland foundries. D. M. Thomas, of Louisville, Ky., secretary of the general executive committee of the stove molders' National Defense Association, W. W. Baldwin, of this city, chairman of the executive committee of the third district, arrived from Detroit this morning. Soon after, Mr. Thomas issued a circular order to stove molders of the 31 district telling them to send the fourth district patterns to the centrally on Monday. The circular was in conformity with a resolution passed in Detroit. Mr. Baldwin stated the obvious pattern had already been divided and all foundries in this district would obey the order and try to make castings on Monday. The association expected that the molder in every foundry, with the exception of a few country shops would immediately quit work.

Still Working at Estes.
CHICAGO, April 15.—The joint conference of the general passenger agents of the eastern trunk lines and Central Traffic Association roads ended today. The passenger agents met in the afternoon and no meeting had with western officials. Special rates of one and one third fare for two round trips were granted to the National Educational Association, to be held at Chicago in July; the National Sunday-school Teachers, at Chicago, June and 2; Young Men's Christian Association, at San Francisco, June 1; Grand Army of the Republic, at St. Louis, in September. Military parties going to the national drill at Washington, traveling in parties of twenty five, in uniform, will be carried for three quarters of a cent a mile each way. The rates for ministers of religion were placed at 3 cents a mile.

Proposals Rejected.
CHICAGO, April 15.—It was confidently asserted this morning that the carpenter's strike would end today on the basis submitted by the Master Carpenters' Association in case the strikers failed to decide their terms. It was said the master carpenters would begin to advertise for carpenters at points outside of the city. The answer of the executive board of the Carpenters' Council to the proposition was submitted at 4 o'clock this afternoon it rejects the proposals and reaffirms the original demands of the men.

The Haddock Murder Trial.
STOXCITY, Ia., April 15.—Judge Pendleton occupied nearly the entire day with his argument for the defense in the Haddock case, closing about 4 p. m., after an exhaustive review of the entire case in which the testimony of each material witness was analyzed and brought forcibly before the jury. He closed the case for the defense and was followed by Hon. M. D. O'Connell for the state, who talked about two hours and up to the hour for adjournment. It is thought that he will finish by noon tomorrow and that the case will be given to the jury in the afternoon.

An Iowa Village Destroyed.
WASHINGTON, Iowa, April 15.—Fire last evening destroyed almost the entire business portion of the village of Ames worth, seven miles east of this place. More than twenty business houses and several dwellings were consumed and both lives and property lost. Loss estimated at \$40,000 to \$50,000 with light insurance.

Print Works Destroyed.
DOVER, N. H., April 15.—The greatest fire Dover has ever experienced occurred this afternoon in the Cocheo Company's print works. It will involve a loss of nearly \$200,000 and will throw 600 operatives out of employment. Nobody was killed but narrow escapes from death were numerous.

CASUALTY CALENDAR.

Spontaneous Combustion in a Milwaukee Wholesale Drug Store.

Causes the Death of One Man, the Wounding of Another and the

Total Destruction of the Building and Stock of Goods; Loss \$165,000.

A Premature Explosion in a Railroad Cut in Colorado Causes the Death of Six Men.

A Colored Criminal Strung up at Nashville, Tenn., and a Wife Murderer Executed at St. Louis—Other Notes.

FIRE RECORD.

Spontaneous Combustion Caused a Disastrous Conflagration.

MILWAUKEE, April 15.—Shortly before 11 o'clock fire broke out in the wholesale drug store of Charles Bumbach & Co., on Market square near the St. Charles hotel and the building is now in ruins. The fire originated in the cellar where two clerks were engaged in getting out goods to fill orders. A varnish barrel burst and instantly there was an explosion and flash of flame. Rudolph Zabel, one of the clerks, was quickly taken out in a dying condition; his companion, John Weber, was thrown some distance and badly hurt but will recover. Instantly the explosion occurred employees on the upper floor rushed out of the building which soon became a mass of seething flames. The fire was pulled unobscured from the ruins and may die. Her husband had both legs broken. Mr. De Witt's collar bone was broken. Mr. Davis, of the Martin's Ferry stove works, was probably fatally injured. A German lady was dangerously injured.

The river for miles between with wrecked boats. The Patrick's boat, one mile west, was totally wrecked and Miss White, the school teacher, badly hurt. The La Fayette rick was engaged by the city authorities as a temporary shelter for the homeless. A meeting of citizens is called for tomorrow to devise measures of relief. Every few minutes news comes of additional damages in the country and it is safe to say that the aggregate loss will exceed a million of dollars.

Tornado in Ohio.
WELLSVILLE, Ohio, April 15.—One of the most terrible storms that ever visited this section passed over this part of the country at 3 o'clock this afternoon doing immense damage. The tornado crossed the Cleveland & Pittsburg railroad at Summerville and was accompanied by a huge waterspout which hit just on the outskirts of the town. Reports are meagre owing to the wires being down. No fatalities so far are reported.

Will Boycott Instead of Strike.
DETROIT, April 15.—The executive board of the Iron Molders' Association, Knights of Labor, held a meeting tonight to consider the question of a strike in case the laborers patterns are put on them. It was ordered that the men keep at work on whatever given them until they receive further orders from the executive board. This means a postponement of the strike. The strike has been rumored that the Bridge & Beach patterns will be used as the defensive association demand, and that the stores cast will be boycotted all over America.

A FATAL BLAST.

Six Men Killed and Seven Wounded by a Premature Explosion.

BUENA VISTA, Col., April 15.—At 5 o'clock last evening a premature blast killed six men and wounded seven at the camp of Kyner, Higbee & Bernard, while working in a sixty feet cut on the Midland grade, near Buena Vista. A twenty-foot hole had been put down to blow off the face of the cut and was sprung with twenty kegs of black gun powder. The foreman was loading the charge, and when he had filled in the kegs the charge prematurely discharged, throwing masses of rocks into the cut, where thirteen men were working, instantly killing six and wounding seven. The wounded include Mr. Bernard, one of the firm, but none are fatally wounded. The dead lie at the morgue here. The names of the killed are: Tim Sullivan, A. Conroy, W. S. Conroy, Wm. O'Neil, Wm. Kopes, and an unknown man.

The wounded are recovering and are receiving the best of attention. Some claim the explosion was caused by tampering the blast with an iron bar. Conflicting statements, however, are made in this respect.

NATIONAL GAME.

Philadelphia 6, Athletics 0.
PHILADELPHIA, April 15.—The Philadelphia Athletics shot the Athletics out today in the last game of the spring series. The record stands five games won by each club and one tie game.

AT LOUISVILLE.

DETROIT..... 11 | LOUISVILLE..... 5

AT INDIANAPOLIS.

INDIANAPOLIS..... 5 | ST. LOUIS BROWNS..... 3

Tent Boys Strike.

PITTSBURGH, Pa., April 15.—The tent boys in several camps are out on a strike for an advance in wages of 5 cents a turn and 25 cents a week spending money. They always arrive in the spring, when they want to get off for a season to play base ball and go fishing. Two hundred and ten boys are on strike and it is expected all the boys will join in the strike if the good weather continues. This is a good many men out of work, but they bear it until the boys get tired or are sent back to work by their parents.

Lincoln Commemorative Exercises.

SPRINGFIELD, Ill., April 15.—The twenty-second anniversary of the death of Abraham Lincoln was commemorated in the hall of representatives this afternoon by the services being under the direction of the Lincoln Guards of Honor.

Weather Report.

WASHINGTON, April 16, 1 a. m.—The following are the indications: For Missouri: Fair weather; slightly colder in the southeast portion; stationary temperature, followed by rising temperature in the northwest portion, winds becoming variable.

For Nebraska and Kansas: Fair weather; slowly falling temperature; variable winds, shifting to southerly.

A Virginia Cyclone.

WHEELING, W. Va., April 15.—The first genuine cyclone ever witnessed in this vicinity was experienced this afternoon and wrought devastation over a section of country extending from St. Clairsville, Ohio, ten miles to a point as far east as this city. Little damage was done here, the First National Bank block and Trolandson's dry goods store were almost swept from their sites, only a portion of the lower walls was left standing. The dwellings and business blocks of I. H. Patterson, druggist, G. Egan, grocer, and James Patterson, dry goods, had the upper walls and roofs swept off. The National hotel, and forty other houses were less seriously damaged.

No casualties to persons are reported, the funnel shaped cloud having been seen approaching in time for the families to take refuge in cellars.

At Barton's Station, four miles north, a new brick house was leveled to the ground. At Passo, five miles west of this city, on the National road, the brick house of A. Heale was demolished and the body hurt. The town of Bridgeport, just across the river, escaped, while Martin's Ferry, on the opposite side of the river at the north end of town suffered even more severely than St. Clairsville.

Here a broad valley gave direction to the destroying gale, which linked up forests and farm houses. In the town proper, 75 to 100 houses were more or less damaged, and the loss will reach \$165,000. Walnut Grove, a fine park, has but few of the 300 lofty trees standing, and James Reilly's house and saloon were blown down and Mrs. Reilly was pulled unconscious from the ruins and may die. Her husband had both legs broken. Mr. De Witt's collar bone was broken. Mr. Davis, of the Martin's Ferry stove works, was probably fatally injured. A German lady was dangerously injured.

The river for miles between with wrecked boats. The Patrick's boat, one mile west, was totally wrecked and Miss White, the school teacher, badly hurt. The La Fayette rick was engaged by the city authorities as a temporary shelter for the homeless. A meeting of citizens is called for tomorrow to devise measures of relief. PROFITIOUS PROSPECTS

The Round-up of the Week's Business, as Shown by Dun's Review,

Indicates a Generally Healthy Condition of Trade all Over the Country.

No Embarrassment to Collectors in Legitimate Business Transactions.

Real Estate Speculations and Bad Roads Cause a Stringency in Money Matters.

The Increase in Actual Circulation of Money the Past Quarter Causes the Government to Draw in Silver Certificates.

DUN'S DATA.

The Resume of the Week's Business Shows Gratifying Conditions.

NEW YORK, April 15.—R. G. Dun & Co., in their weekly review of trade, say: Considering the embarrassment from uncertainty as to freights, accounts of trade are surprisingly satisfactory. It is the almost universal testimony that retail trade is unusually large. No embarrassment appears in collections except where real estate or mining speculation locks up all available means, or in some localities where bad roads still block business, but in most cases improvement is reported. The remarkable activity is clearly evidenced with the exceedingly plentiful supply of money, which is more abundant where some need was previously reported, while at many points, as at Memphis, money "was never so abundant before."

Rates rise to 10 per cent, or 8 to 10 only at some far western points, or where speculation rages, but are usually moderate for the locality. The increase in actual circulation from July 1 to April 1 has been \$79,893,155, or six and one half per cent. The stimulating fact of such an addition is every where felt. From Washington news comes that the treasury, realizing the risks of excessive issues, will now draw in silver certificates of the larger denominations.

Speculation in real estate is rampant in Colorado, spreading to cities and towns throughout the state; has caused much trouble in Kansas, in Minnesota and other western states; has "advanced prices wonderfully" at Philadelphia, and holds prices up, though the fever has abated, at Nashville. How far such demands will prevent the return of money, usual at this season, to commercial centers is yet in doubt, but no fear is felt of money going abroad.

March exports of products having been surprisingly large, recent large purchases of stocks on foreign account are reported, but with somewhat suspicious ostentation, and foreign exchange remains stronger than the uncertainty of rates, but money is coming this way to pay for many securities.

Prices did not change greatly during the week, though wheat is lower and corn a little higher, with oats, pork, hogs and sugar unchanged. Coffee has risen on a claim of a strike at a stream, but is a shade stronger and beef steers a little on account of freight rates.

The enormous production and the embarrassment in shipping products accounts for a decline of 37 cents in iron. In dry goods the situation is not altered, the uncertainty of rates, but money is coming this way to pay for many securities.
